Notices.

3. If in any case the District Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the District Health Officer has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the District Health Officer shall be entitled to carry out the measure.

(*2*) The Board may recover all expenses incurred by the District Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

HOME DEPARTMENT.

New Delhi, the 23rd September 1943.

No. 50/1/36-Public (C).—The following rules made by the Secretary of State for India are published for general information:—

"I, Leopold Charles Maurice Stennett Amery, one of His Majesty's Principal Secretaries of State, in virtue of the powers conferred by section 247(1), section 250 and section 269 of the Government of India Act, 1935, hereby make, with the concurrence of my Advisers, the following rules, namely:—

Title and application.

1. (1) These rules may be called the Secretary of State's Services (Conduct) Rules, 1942.

(2) They apply to Government servants whether on duty, leave or foreign service,—

(i) appointed by the Secretary of State in Council or the Secretary of State to a civil service of, or a civil post under, the Crown in India;

(ii) other than those specified in clause (i) who have been appointed substantively in accordance with the provisions of rules under section 246 of the Government of India Act, 1935, to posts reserved under that section;

(iii) who hold any civil post under the Crown in India and are, or were when first appointed to such a post, officers of His Majesty's forces:

Provided that nothing in these rules shall apply to any such Government servant when holding the office of Governor of a Province, of Member of the Executive Council of the Governor General, of Auditor-General of India, or of Judge of the Federal Court, a High Court, Chief Court or Judicial Commissioner's Court.

Definitions.

2. In these Rules:—

(1) "the Government" means—

(i) as respects a Government servant serving in connection with the affairs of the Federation, the Governor General in Council until the commencement of Part II of the Government of India Act, 1935, and thereafter the Governor General exercising his individual judgment; or

(ii) as respects a Government servant serving in connection with the affairs of a Province, the Governor of the Province exercising his individual judgment:

Provided that the powers of the Government shall be exercisable when the Government servant is outside India, whether on duty, leave or foreign service, by the Secretary of State.

(2) "Member of a Government servant's family" includes—

(*a*) a wife, child or step-child, whether residing with the Government servant or not, and

(*b*) any other relative of his or his wife's when residing with him, but does not include a wife legally separated from the Government servant, or a child or step-child who is no longer in any way dependent upon him or of whose custody the Government servant has been deprived by law.

Gifts.

3. (1) Save as otherwise provided in this rule, no Government servant shall, except with the previous sanction of the Government, accept or permit any member of his family to accept from any person any gift the receipt of which will place him under any form of official obligation to the donor. If the offer of a gift cannot be refused without giving undue offence, it may be accepted and delivered to Government for decision as to its disposal.

(2) If any question arises, whether the receipt of a gift places the recipient under any form of official obligation to the donor the decision of the Government thereon shall be final.

(3) A Government servant may accept a ceremonial gift from the Ruler of an Indian State if the gift is such that a return gift will be made at Government expense. A gift so accepted shall be delivered to the Government.

Public demonstrations in honour of Government servants.

4. (1) Save as otherwise provided in this rule, no Government servant shall, except with the previous sanction of the Government—

(*a*) receive any complimentary or valedictory address, accept any testimonial or attend any meeting or entertainment held in his honour; or

(*b*) take part in the presentation of a complimentary or valedictory address or a testimonial to any other Government servant or any person who has recently quitted the service of the Crown or attend a meeting or entertainment held in honour of such other Government servant or person.

(2) Notwithstanding anything contained in sub-rule (1)—

(*a*) a Chief Commissioner may receive an address;

(*b*) a Government servant may at the request of any public body sit for a portrait, bust or statue not intended for presentation to him;

(*c*) subject to the provisions of any general or special order of the Government, a Government servant may take part in the raising of a fund to be expended, in recognition of the services of any another Government servant or of a person who has recently quitted the service of the Crown, on the foundation of a scholarship or any other public or charitable object or on the execution of any portrait, bust or statue not intended for presentation to such other Government servant or person;

(*d*) subject to the provisions of any general or special order of the Government, a Government servant may attend a farewell entertainment of a substantially private and informal character held in honour of himself or any other Government servant or any person who has recently quitted the service of the Crown, on the occasion of the retirement from the service or departure from a district or station of himself or such other Government servant or person.

Presentation of trowels, etc., at ceremonial functions.

5. (1) No Government servant shall, except with the previous sanction of the Government, receive any trowel, key or other similar article offered to him at a ceremonial function, such as the laying of a foundation stone or the opening of a public building.

(2) Nothing in sub-rule (1) shall apply to a Chief Commissioner, to a Member of a Board of Revenue, to a Financial Commissioner, or to a Commissioner of a Division.

Subscriptions.

6. Except with the previous sanction of the Government, if he is a Commissioner of a Division or a Head of a Department, or of the Commissioner or the Head of his Department in other cases, no Government servant shall ask for, or accept, or in any way participate in the raising of, any subscription or other pecuniary assistance in pursuance of any object whatsoever.

Lending and Borrowing.

7. (1) No Government servant shall—

(*a*) directly or indirectly engage in the business of money lending; or

(*b*) except with the previous sanction of the Government, lend money to any person possessing land within the local limits of his authority, or at interest to any person; or

(*c*) save in the ordinary course of business with a bank or a firm of standing, borrow money from, or otherwise place himself under pecuniary obligation to, any person within the local limits of his authority; or

(*d*) except with the previous sanction of the Government permit any relative under his direct control to enter into any transaction of the nature of those prohibited in the case of Government servants:

Provided that (i) clause (*b*) does not preclude the making of advances of pay to private servants even if they possess land within the local limits of the Government servant's authority;

(ii) clause (*c*) does not preclude the acceptance of a purely temporary loan of small amount, free of interest, from a personal friend or the operation of a credit account with a *bona fide* tradesman;

(iii) this sub-rule shall, in its application to the dealings of a Government servant with a co-operative society registered under the Co-operative Societies Act, 1912 (II of 1912) or under any similar provincial law, be subject to such relaxation as the Government may by special or general order direct.

(2) When a Government servant is appointed or transferred to a post of such a nature as to involve him in the breach of any of the provisions of sub-rule (1), he shall forthwith report the circumstances to the Government, and shall thereafter act in accordance with such orders as may be passed by Government.

Buying and selling houses and other valuable property.

8. Save in the case of a transaction conducted in good faith with a regular dealer or permitted under rule 9, a Government servant who intends to transact any purchase, sale or disposal by other means of movable or immovable property exceeding in value of Rs. 200 with any person residing, possessing immovable property or carrying on business within the local limits of the official authority of such Government servant, shall declare his intention to the Government. The declaration shall state fully the circumstances, the price offered or demanded and, in the case of disposal otherwise than by sale, the method of disposal, and the Government servant shall thereafter act in accordance with such orders as may be passed by the Government:

Provided that a Government servant who is about to quit the local limits of his official authority may, without reference to the Government, dispose of any of his movable property by circulating lists of it among the public generally or by causing it to be sold by public auction.

Holding or acquiring immovable property.

9. (1) No Government servant domiciled outside Asia shall, save in good faith for the purpose of residence directly or indirectly hold or acquire immovable property—

(a) within the Province in which he is employed or within any Province with the administration of which he is concerned or within an Indian State in which he is employed; or

(b) except with the previous sanction of the Government, within any other Province or Indian State.

(2) No Government servant domiciled in Asia shall, save in good faith for the purpose of residence, acquire any immovable property in India by purchase or gift, except with the previous sanction of the Government.

Control over immovable property held or acquired by Government servants.

10. Subject to the provisions of any general or special order of the Government, every Government servant shall make to the Government, through the usual channel, a declaration of all immovable property in India from time to time held or acquired by him or by his wife or by any member of his family living with, or in any way dependent upon, him. The declaration shall state the district or the Indian State within which the property is situated and shall contain such further information as the Government may by general or special order require.

Investments.

11. (1) No Government servant shall speculate in investments. For the purposes of this sub-rule, the habitual purchase and sale of securities of notoriously fluctuating value shall be deemed to be speculation in investments.

(2) No Government servant shall make any investment likely to embarrass or influence him in the discharge of his official duties.

(3) If any question arises whether a security or an investment is of the nature referred to in sub-rule (1) or sub-rule (2) respectively, the decision of the Government thereon shall be final.

Promotion and Management of Companies.

12. No Government servant shall, except with the previous sanction of the Secretary of State, take part in the promotion, registration or management of any bank or company:

Provided that a Government servant may, with the previous sanction of the Government, enter into the service of a railway company:

Private trade or employment.

13. No Government servant shall, except with the previous sanction of the Government, engage in any trade or undertake any employment or work, other than his official duties:

Provided that a Government servant may, without such sanction, undertake honorary work of a social or charitable nature or occasional work of a literary or artistic character, subject to the condition that his official duties do not thereby suffer; but he shall not undertake, or shall discontinue, such work if so directed by the Government.

Insolvency and habitual indebtedness.

14. A Government servant shall avoid habitual indebtedness. If a Government servant is adjudged or declared insolvent, or if the whole of that portion of his salary which is liable to attachment is frequently attached for debt, has been continuously so attached for a period of two years, or is attached for a sum which, in ordinary circumstances, he could not repay within a period of two years, he should be presumed to have contravened this rule. But he need not be so deemed if he proves that the insolvency or indebtedness is the result of circumstances which, with the exercise of ordinary diligence, he could not have

foreseen or over which he had no control and has not proceeded from extravagant or dissipated habits. A Government servant who applies to be or is adjudged or declared insolvent shall forthwith report his insolvency to the head of the office or department in which he is employed.

Communication of official documents or information.

15. No Government servant shall, except in accordance with any special or general order of the Government, communicate, directly or indirectly, any official document or information to a Government servant unauthorised to receive the same, to a non-official person, or to the press.

16. No Government servant shall, except with, and during the continuance of, the previous sanction of the Government, own wholly or in part, or conduct or participate in the editing or management of any newspaper or other periodical publication.

Anonymous publication of documents and anonymous communications to the press.

17. No Government servant shall, in any document which he publishes anonymously or in any anonymous communication to the press, criticise the policy or action of Government intemperately or unreasonably. A Government servant shall in respect of any such publication or communication be subject to the provisions of rule 15.

Publication of documents and communications to the press in the name of Government servants and public speeches.

18. (1) No Government servant shall, in any document published over his own name or in any communication made to the press over his own name or in any public utterance delivered by him, make any statement of fact or opinion which is capable of embarrassing—

(a) the relations between the Central Government or any Provincial Government and the people of India or any section thereof, or

(b) the relations between His Majesty's Government or the Central Government and any foreign country or Indian State.

(2) A Government servant who intends to publish any document over his own name or to make any communication to the press over his own name or to deliver any public utterance containing statements in respect of which any doubt as to the application of the restrictions imposed by sub-rule (1) may arise shall submit to the Government a copy or draft of the document which he intends to publish or of the utterance which he intends to deliver, and shall thereafter act in accordance with such orders as may be passed by the Government.

Evidence before Committees.

19. (1) No Government servant shall give evidence before a public committee except with the previous sanction of the Government.

(2) No Government servant giving such evidence shall criticise the policy or decisions of the Secretary of State, of the Central Government or of any Provincial Government.

(3) This rule shall not apply to evidence given before statutory committees which have power to compel attendance and the giving of answers, nor to evidence given in judicial inquiries.

(ii) No Government servant shall permit any person dependent on him for maintenance or under his care or control to take part in, or in any way assist, any movement or activity which is, or tends directly or indirectly to be, subversive of Government as by law established in India.

Explanation.—A Government servant shall be deemed to have permitted a person to take part in or assist a movement or activity within the meaning of clause (ii) if he has not taken every possible precaution and done everything in his power to prevent such person from so acting, or if, when he knows or has reason to suspect that such person is so acting, he does not at once inform the Government or the officer to whom he is subordinate.

(2) No Government servant shall canvass or otherwise interfere or use his influence in connection with, or take part in, any election to a legislative body, whether in India or elsewhere:

Provided that a Government servant who is qualified to vote at such election may exercise his right to vote; but, if he does so, shall give no indication of the manner in which he proposes to vote or has voted.

(3) A Government servant who issues an address to electors or in any other manner publicly announces himself or allows himself to be publicly announced as a candidate or prospective candidate for election to a legislative body shall be deemed for the purposes of sub-rule (2) to take part in an election to such body.

(4) The provisions of sub-rules (2) and (3) shall, so far as may be, apply to elections to local authorities or bodies, save in respect of Government servants required or permitted by or under any law, or order of the Government, for the time being in force to be a candidate at such elections.

Vindication of acts and character of Government servants as such.

21. (1) No Government servant shall, except with the previous sanction of the Government, have recourse to any Court or to the press for the vindication of his official acts or character from defamatory attacks.

(2) Nothing in sub-rule (1) shall derogate from the right of a Government servant to vindicate his private acts or character.

Membership of Service Associations.

22. No Government servant shall be a member, representative or officer of any association representing, or purporting to represent, Government servants or any class of Government servants unless such association satisfies the following conditions, namely:—

(a) Membership of the association shall be confined to a distinct class of Government servants, and shall be open to all Government servants of that class.

(b) The association shall not be in any way connected with, or affiliated to any association which does not, or any federation of associations which do not, satisfy condition (a).

(c) The association shall not be in any way connected with any political party or organisation, or engaged in any political activity.

(d) The association shall not—

(i) issue or maintain any periodical publication except in accordance with any general or special order of the Government;

(ii) except with the previous sanction of the Government, publish any representation on behalf of its members, whether in the press or otherwise.

(e) The association shall not, in respect of any election to a legislative body, or to a local authority or body, whether in India or elsewhere—

(i) pay, or contribute towards, any expenses incurred in connection with his candidature by a candidate for such election;

(ii) by any means support the candidature of any person for such election; or

(iii) undertake or assist in the registration of electors, or the selection of a candidate for such election.

(*f*) (i) The association shall not maintain or contribute towards the maintenance of any member of a legislative body, or of any member of a local authority or body, whether in India or elsewhere; or

(ii) pay, or contribute towards, the expenses of any trade union which has constituted a fund under section 16 of the Indian Trade Unions Act, 1926 (XVI of 1926):

Provided that conditions (*a*) and (*b*) shall not be held to debar any Government servant from remaining or becoming a member of the European Government Servants' Association or the Indian Officers' Association and that the Government may, for reasons to be recorded in writing, by general or special order, dispense with those conditions in the case of any other association.

Saving.

23. Nothing in these rules shall be deemed to derogate from the provisions of any law, or of any order of any competent authority, for the time being in force, relating to the conduct of Government servants.

24. The Government Servants' Conduct Rules, 1935 (a), are hereby cancelled in so far as they are applicable to the Government servants to whom these rules apply.

THURSDAY, NOVEMBER 18, 1943

PART IV A—Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 2008L.A.—12th November, 1943.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on September 28, 1943, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE ADVOCATES ROBES BILL, 1943.

(As introduced in the Assembly on September 28, 1943.)

WHEREAS it is expedient to help in the creation of a unified Bar for the Province of Bengal and as a necessary step towards that and to prescribe a uniform robe for Advocates of the High Court;

It is hereby enacted as follows :—

1. This Act may be called the Advocates Robes Act, 1943.

2. This Act shall come into operation in the whole of Bengal on the day on which it is published in the *Calcutta Gazette* and it shall apply to all legal practitioners pleading in the High Court.

3. In this Act the words "High Court" shall mean the High Court of Judicature at Fort William in Bengal in its original as well as appellate jurisdictions and the word "Advocate' shall have the same meaning and import as in the Indian Bar Councils Act, 1926. Act XXXVIII of 1926.

4. Within a period to be prescribed by the High Court not being more than three months from the date on which this Act comes into force the High Court shall prescribe one uniform robe for all Advocates while appearing in Court without reference to any other robe which such Advocates might be entitled to wear as a member of any learned body.

STATEMENT OF OBJECTS AND REASONS.

It appears that the question of robes for its Advocates has long been agitating the High Court, at least since 1929. While trying to dispose of the matter in the interests of uniformity the Court made rules which led to uniformity but really to diversity. At present there are three classes of robes worn by Advocates of the High Court :—

(1) An Advocate's robe prescribed by the Court.

(2) A Barrister's Gown.

(3) A blue gown prescribed by the Court in 1907 for Vakils.

Recently there have been instances where the Court has itself not followed its own rules.

The idea for a long time has been to have a self-contained Indian Bar. Uniformity in robes is a step towards that end.

This Bill is therefore introduced to secure that end.

No. 20051.A.—12th November 1943.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on September 28, 1943, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

1. (*i*) This Act may be called the Bengal Hindu Women's Rights to Agricultural Land Act, 1943.

(*ii*) It extends to the whole of Bengal.

(*iii*) It shall have retrospective effect as if it had come into force on the 14th day of April, 1937.

Application.

3. (*1*) When a Hindu governed by the *Dayabhag* School of Hindu Law dies intestate leaving any agricultural land in Bengal, and when a Hindu governed by any other school of Hindu Law or by customary law dies intestate leaving such land in Bengal, his widow, or if there is more than one widow all his widows together, shall, subject to the provisions of sub-section (*3*), be entitled in respect of such agricultural land in respect of which he dies intestate to the same share as a son :

Provided the widow of a predeceased son shall inherit in like manner as a son if there is no son surviving of such predeceased son and shall inherit in like manner as a son's son if there is surviving a son or son's son of such predeceased son :

Provided further that the same provisions shall apply *mutatis mutandis* to the widow of predeceased son of a predeceased son :

Provided further that if there is a daughter or daughters of the instestate and a sonless widow or widows of a predeceased son, but no son, grandson or great-grandson of the intestate living, all of them shall inherit the estate equally.

(*2*) When a Hindu governed by any school of Hindu Law other than the *Dayabhag* School or by customary law dies having at the time of his death an interest in a Hindu joint family property consisting of agricultural land in Bengal, his widow shall, subject to the provisions of sub-section (*3*), have in such property the same interest as he himself had.

(*3*) Any interest devolving on a Hindu widow under the provisions of this section shall be the limited interest known as a Hindu women's estate, provided however that she shall have the same right of claiming partition as a male owner.

(*4*) The provisions of this section shall not apply to an estate which by a customary or other rule of succession or by the terms of the grant applicable thereto descends to a single heir to any property to which the Indian Succession Act, 1925, applies. Act XXXIX of 1925.

Savings.

4. Nothing in this Act, shall apply to the property of any Hindu dying intestate before the fourteenth day of April, 1937.

5. For the purposes of this Act, a person shall be deemed to die intestate in respect of all property of which he has not made a testamentary disposition which is capable of taking effect.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to give to a daughter that share of inheritance in her father's estate to which she should be entitled in equity and justice and according to the instinct of natural love and affection.

NOTIFICATION.

No. 2006L.A.—12th November, 1943.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on September 28, 1943, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL FISHERIES BILL, 1943.

(As introduced in the Assembly on September 28, 1943.)

A BILL

to provide for State control, extension and improvement of fisheries of Bengal and protection against exploitation of people engaged in Fishing Industry.

WHEREAS it is expedient to provide for State control, extension and improvement of fisheries of Bengal, and protection against exploitation of people engaged in fishing industry;

It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*a*) This Act may be called the Bengal Fisheries Act, 1943.

(*b*) It extends throughout the Presidency of Bengal including that portion of the Bay of Bengal which lies within 3 nautical miles from low water mark which is included within the territorial limits of Bengal.

(*c*) It shall come into force on such date as the Provincial Government may by notification in the *Official Gazette* appoint.

Definitions.

2. (*a*) "Lessee of fishery" in this Act means the person who has taken lease for actually catching fish himself or by his relations.

(*b*) "Fishery rent" means the rent paid for fishing by any actual catcher of fish.

3. All fishermen as well as private individuals fishing in any river of Bengal whether navigable or not and whether fishery right thereof belongs to Government or to private individuals, shall observe the rules forbidding destruction of small fries and larvacidal fish, and draining fisheries dry, enjoining close seasons, controlling *jag* and *kata* system of fishing, controlling the size of nets in estuarian areas, etc., as prescribed by the Fisheries Department of Government from time to time and published in the *Official Gazette*.

4. Fishing by angle or *jhaki* or other small nets shall be free in all the rivers of Bengal.

5. Fishing for purposes of sale by big nets shall be liable to rent but in spite of anything in any contract in no case shall the superior interest be entitled to more than 50 *per cent.* of the value of the fish caught according to the prices in the nearest market from the lessee of a fishery.

6. The fishery rent shall be enhanceable and shall also be liable to reduction due to increase and decrease in the value of the catch from time to time, but such enhancement and reduction shall only be made on the decree of a court which shall in all such cases take average value of catch of the immediately preceding 3 years.

7. Any sum realised in excess of rent under any denomination whatsoever shall be illegal and the person by whom and for whom the sum is realised shall be liable to a fine which may amount to 25 times of the amount realised.

8. Anyone disobeying the provisions of section 3 shall be liable to a fine which may extend to Rs. 500 in the first instance, in default 1 year's rigorous imprisonment and to rigorous imprisonment for 2 years on repetition.

9. The Provincial Government may have the estuarian fisheries surveyed and may lease them out or hold them *khas*, but the provisions of this Act shall under all circumstances apply to such estuarian fisheries also.

STATEMENT OF OBJECTS AND REASONS.

Fish is one of the chief articles of diet in Bengal, but its supply is steadily decreasing and there is serious apprehension of shortage of fish in the near future unless legislation is made for State control, extension and improvement of fisheries.

It is also necessary to protect the actual catchers of fish from exploitation.

With the above object in view the present Bill has been drawn up and provisions have been made in it for protection of fries, for observance of close seasons, for catching of fish and for removal of *jak*, etc., and also for fixing the maximum proportion of rent realised from the fishermen.

No. 20091L.A.—12th November, 1943.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on September 28, 1943, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL MONEY-LENDERS (AMENDMENT) BILL, 1943.

(As introduced in the Assembly on September 28, 1943.)

A

BILL

to amend the Bengal Money-Lenders Act, 1940.

WHEREAS it is expedient to amend the Bengal Money-Lenders Act, 1940, in the manner hereinafter appearing; Ben. Act X of 1940.

It is enacted as follows :—

1. (*1*) This Act may be called the Bengal Money-Lenders (Amendment) Act, 1943.

(*2*) It shall come into force on such date hereinafter called the commencement of this Act as the Provincial Government may by notification in the *Official Gazette* appoint in this behalf.

2. In sub-section (*22*) of section 2 of the Bengal Money-Lenders Act, 1940, hereinafter referred to as the said Act, the year "1926" be substituted for the year "1939".

3. (*1*) In section 36 clause (*1*)(*a*) after the words "reopen any transaction" the following words shall be added "and reopen all decrees passed on account of principal and interest after the 1st day of January, 1926".

(*2*) In section 36 clause (*1*)(*b*) of the said Act, after the word "reopen any account already taken between the parties" the following words shall be added "and cancel or declare null and void any transfer by *Kobala* or otherwise or lease of any denomination in consideration of the original debt with interest *plus* an amount in cash or not either in favour of the creditor, his relation or *benamdars* or assigns".

(*3*) In section 36 clause (*1*) of the said Act, after sub-clause (*c*) the following shall be added :—

"and grant such number of annual *kists*, not exceeding twenty years as the Court may think fit."

4. In section 36(*2*) clause (*a*) of the said Act, after the words "opportunity of being heard" and before the words "pass a new decree" the words "reopen the original decree, whatever be its nature, in its entirety" shall be inserted.

5. In section 36(*6*) sub-clause (*11*) in place of the word "one" before the word "year" the word "two" shall be substituted.

6. After section 36 of the said Act, the following shall be added as section 36A :—

"36A. The powers of the Court under section 36 of this Act may be exercised notwithstanding that the money-lender's right of action for the recovery of the money lent, or the right of execution for the balance of the decretal dues is barred. Notwithstanding anything to the contrary in the Provincial or Presidency Small Cause Court Act or in any other law for the time being in force an appeal against an order of granting or refusing an application or a borrower's suit under section 36 of this Act shall ordinarily lie to the Court authorised to hear appeals from the decision of the Court passing the order within the meaning of section 96 of the Civil Procedure Code, 1908." Act V of 1908.

7. After the proposed new section 36A of the said Act, the following shall be added as new section 36B :—

"36B. This Act shall be retrospective in operation and shall have retrospective effect, and a borrower shall be entitled to file a fresh application notwithstanding that a previous application was dismissed, provided that the new application is filed within one year from the commencement of this section."

STATEMENT OF OBJECTS AND REASONS.

The main purpose of this amendment is to give better and more effective relief to the debtors. The practical working of the Act shows that in the majority of cases no relief can be granted by the courts because of the technical difficulties created by the definition of the expression "suit to which this Act applies". It is invariably seen that the more intelligent section of the money-lenders had purchased valuable properties in execution proceedings for a fractional share of the decretal dues and allowed the balance to be barred by limitation without taking any steps in execution. Whereas others in similar circumstances kept alive the decree and are now hit by the Money-Lenders Act. This has caused heartburning amongst this class of money-lenders. In former cases the debtors too cannot get the intended relief. Hence to bring the said cases of hardship within the operation of the Act the proposed amendment of section 2(22) and the insertion of section 36A have been made.

It has been held that a decree in a mortgage suit cannot be reopened for the purpose of granting instalments only. In these days of all-round economic depression and in view of the recent devastations caused by floods and cyclones, the granting of instalments should be treated as an appropriate relief. The proposed amendment seeks to grant this relief of paying decretal dues by easy instalments.

Some courts are found to make a distinction between a mortgage decree and a personal decree for the unsatisfied part of the decretal dues after sale of the mortgaged property. It should be made clear that the entire mortgage decree should be reopened.

The period of filing a review application should be extended as it is felt necessary.

A provision for appeal against granting or refusing an application under section 36 is essentially necessary to safeguard the interest of the parties.

New section 36A is suggested on the lines of Money-Lenders Act (England), 1927, and is adopted from that Act. If barred debts cannot be taken into consideration for the purpose of reopening decrees no suitable relief by way of restoration of property is possible in majority of cases.

The other amendments are incidental and consequential to the proposed amendments.

In short the main purpose of the amendment is to provide for better and more effective relief to the mass of the indebted and suffering humanity.

"other than the entire interest of the judgment-debtor or certificate-debtor in the tenure or holding";

(*b*) for the proviso to sub-section (*1*) (*a*), the following proviso shall be substituted:—

"Provided that the provisions of this clause shall not apply if—

(*i*) in any manner, other than by surrender of the entire tenure or holding to the decree-holder or certificate-holder, the tenancy ceases to exist; or

(*ii*) for any reason whatsoever, the interest in the tenancy of the judgment-debtor or certificate-debtor against whom execution is sought is not available to the decree-holder or certificate-holder for attachment and sale in execution of his decree or certificate".

3. For sub-section (*1*) (*b*) the following shall be substituted :—

"(*b*) The bid of a purchaser, other than the decree-holder or certificate-holder, at a sale held in execution of a decree or certificate for arrears of rent in respect of a tenure or holding or the interest of the judgment-debtor or certificate-debtor in the same, shall not be accepted by the Court, if the said bid is less than the amount due under the decree or certificate together with the costs incurred in bringing the tenure or holding to sale".

4. Sub-section (*3*) shall be deleted.

STATEMENT OF OBJECTS AND REASONS.

The insertion of section 168A in the Bengal Tenancy Act, 1885, by the Bengal Act XVIII of 1940 has made realisation of arrear rents by attachment and sale of any moveable or immoveable property other than the entire tenure or holding to which the decree or the certificate relates, illegal. Even this restricted remedy has been made infructuous by circumstances which were evidently not foreseen by the legislators.

Firstly, clause (*a*) of sub-section (*1*) of the section by providing for the attachment and sale of "the entire tenure or holding to which the decree or certificate relates" has made a demand on the landlord which is very difficult of execution in practice. Instead of having the entire tenure or holding available for realisation of his arrear rents, he will be satisfied only with the interests of the judgment-debtor or the certificate-debtor in the tenure or holding concerned.

Secondly, there is no safeguard provided in the section against fictitious or real transfer by the judgment-debtor or the certificate-debtor of his interests in the tenure or holding after defaulting payment of rent for the maximum period and before the attachment of his tenure or holding. This lacuna has proved most disastrous to the decree-holders and has left them practically without any remedy.

It is only with this object of removing the defect which was not the purpose of this section and without in any way interfering with the broad principles underlying the same, that this amendment is proposed.

NOTIFICATION.

No. 2010L.A.—12th November, 1943.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on September 28, 1943, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL LOCAL SELF-GOVERNMENT (AMENDMENT) BILL, 1943.

(As introduced in the Assembly on September 28, 1943.)

A

BILL

further to amend the Bengal Local Self-Government Act of 1885.

WHEREAS it is expedient to further amend the Bengal Local Self-Government Act of 1885 for the purpose of providing for the abolition of District Boards and for providing the Local Boards with similar powers of the existing District Boards; Ben. Act III of 1885.

It is hereby enacted as follows :—

1. This Act may be called the Bengal Local Self-Government (Amendment) Act, 1943.

2. It shall come into force at once.

3. Notwithstanding anything contained elsewhere in this Act, the Provincial Government may by notification abolish District Boards with effect from a date to be specified in the notification.

4. Section 6 of the Act be modified as follows :—

"6. The Provincial Government shall, by notification, establish a Local Board for every subdivision or in any part of a district where there is no subdivision. A Local Board shall have authority, for the purposes of this Act, over the area for which it is established."

5. The first paragraph of section 9(*1*) be modified as follows :—

9. (*1*) All the members of a Local Board shall be elected by secret ballot by persons entitled to vote for the purpose within the area under the authority of the Local Board within such time and in accordance with such rules as may be prescribed in their behalf under clause (*a*) of section 138.

(*2*) Every person who is qualified to vote at an election of members of a Local Board or of a Union Board within the areas under the authority of a Local Board shall, subject to the provisions of section 15A, be entitled to be a member of the Local Board, if duly elected.

6. Section 10A of the said Act be repealed.

7. Sections 11 and 12 of the said Act be repealed.

8. Section 36A of the Bengal Local Self-Government (Amendment) Act, 1936, be repealed. Ben. Act XIV of 1936.

STATEMENT OF OBJECTS AND REASONS.

With the introduction of provincial autonomy it has been imperatively necessary to develop and decentralise the system of Local Self-Government and to secure this end it has been proposed to empower the Local Boards with semi-autonomous powers in their respective subdivisions similar to that of the District Boards of Bengal, like what was contemplated by section 101 of the Local Self-Government Act and to abolish the District Boards.

(*2*) In addition to serving a notice under this section on the person having control of the house, the local authority may serve a copy of the notice on any other person having an interest in the house, whether as free-holder mortgagee, lessee or otherwise.

(*3*) In determining for the purpose of this Act, whether a house can be rendered fit for human habitation at a reasonable expense, regard shall be had to the estimated cost of the works necessary to render it so fit and the value which it is estimated that the house will have when the works are completed.

STATEMENT OF OBJECTS AND REASONS.

It has been a long-felt grievance of the tenants that for want of proper control of the house occupied by working classes in respect of proper sanitation, ventilation and regular repairs they suffer from various difficulties which develop pernicious diseases in them and many of them become victims of diseases of respiratory organs. Tuberculosis is also the cause of living in houses which have been rendered unfit for human habitation due to negligence of the owners of the houses. From humanitarian point of view this Bill has been brought before the House to introduce control of the houses of the working classes who are the pivot of all industries, trade and commerce of the country.

Temporary regulations for the prevention and control of cholera.

1. In these regulations, unless there is anything repugnant in the subject or context:—

(*a*) "Health Officer" means the Health Officer of the municipality;

(*b*) "Sanitary Inspector" means a Sanitary Inspector appointed by the municipality;

(*c*) "suspected cholera" means any disease accompanied by vomiting and diarrhœa;

Notices.

3. If in any case the Health Officer or a Sanitary Inspector considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the Health Officer or a Sanitary Inspector has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the Health Officer or a Sanitary Inspector shall be entitled to carry out the measure.

Costs and compensation.

5. (*1*) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the municipality except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by that person:

Provided that where the conditions, which led the Health Officer or a Sanitary Inspector to pass such an order, are not attributable to any act or default of the persons in possession of the property, the municipality may pay to such person the whole or a part of expenses incurred by him in carrying out the order.

(*2*) The municipality may recover all expenses incurred by the Health Officer or a Sanitary Inspector in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The municipality shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

He shall not direct the patient to be removed from the house unless it is in his opinion impossible to make proper arrangements for his isolation therein.

12. The Health Officer or a Sanitary Inspector may order that any person, who has in his opinion been exposed to infection from cholera, shall take such drugs in such quantities as may be specified by the Health Officer or a Sanitary Inspector or shall submit himself to anti-cholera inoculation within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 11 without the permission of the Health Officer or a Sanitary Inspector.

14. The municipality shall provide free of charge suitable places, with necessary attendants, medicine, diet and other necessaries for persons isolated under regulation 11: Provided that a private individual may provide places certified by the Health Officer or a Sanitary Inspector as being fit for the purpose of such isolation.

14A. If it is not possible for the municipal commissioners to provide suitable places with necessary attendants, diet and other necessaries for

isolation of the patient or if satisfactory arrangement for such isolation is not also possible in the house where the patient is staying, the patient shall be sent, under proper sanitary precautions, to the hospital within or outside the nearest municipality where there is suitable arrangement for isolation.

15. No person, who is or has been suffering from cholera, shall leave the place where he has been staying until he has received from the Health Officer or a Sanitary Inspector written permission to do so.

19A. No person shall expose in any street, shop, bazar or any public place any clothing, bedding or other article which has been in contact with a patient or shall cause or suffer such articles to be carried in any public conveyance, but nothing in this regulation shall apply to a person who transmits with proper precautions against spreading the disease any such article for the purpose of having the same disinfected.

(*1*) When the Health Officer or a Sanitary Inspector is of opinion that the water in any well, tank, pool or other possible source of water-supply is contaminated or is likely to be contaminated, he may at once take such steps as he deems necessary to close such well, tank, pool or other source of water-supply, or may require the owner or occupier of land upon which such well, tank, pool or source of water-supply is situated, to take steps to close the same to the satisfaction of the Health Officer or the Sanitary Inspector, as the case may be, within such time as may be specified in the order.

(*2*) The Health Officer or a Sanitary Inspector may require such owner or occupier to keep closed during such a period as shall be specified in the order any well, tank, pool or other sources of water-supply closed under paragraph (*1*) of this regulation.

PART IVA—Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 2042L.A.—17th November, 1943.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on September 28, 1943, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL CLOSE SEASON FOR FISHES BILL, 1943.

(As introduced in the Assembly on September 28, 1943.)

A BILL

to provide for a close season for fishes.

WHEREAS it is expedient to provide for a close season for all fishes;

It is hereby enacted as follows :—

1. (*1*) This Act may be called the Bengal Close Season for Fishes Act, 1943.

(*2*) It extends to the whole of Bengal.

(*3*) It shall come into force at once.

2. "Private waters" notwithstanding anything contained in any other Act, will mean those waters which have been excavated at the expense of the owner such as tanks, ponds, artificial lakes, etc., which have no outlet to the natural waters.

3. The Bengali months of *Jaistha* and *Ashar* shall be observed as close season for fishes throughout Bengal.

4. No person shall catch any fish fry or ova during the close season in any water:

Provided that fishing at seas, estuaries and in private waters shall be allowed at any time:

Provided also following fishes will be allowed to be caught anywhere at any time:—

(*a*) Hilsha,

(*b*) Lobster.

5. No one shall catch fries of *shol*, *taki*, *gazer* and *air* fishes during the time they live in cluster whether in close season or at any time.

6. Whoever commits any breach of sections 3 and 4 of the Act shall be punishable with a fine up to Rs. 200. In case of a continuing breach a further fine of Rs. 10 will be imposed for every day after the date of the first conviction during which the breach is proved to have been persisted in.

STATEMENT OF OBJECTS AND REASONS.

The urgency of a measure to promote the growth of fish and to save fishes from extinction cannot too strongly be advocated. Fish is not only becoming dearer day by day but in many parts of Bengal, which used to abound in fishes, it is becoming scarce also. The pinch is being most felt by rural people who have to depend for his supply on his own catches in the neighbouring natural waters. Fish is a principal element for the rice-eating Bengalis' dishes and as such the promotion of its growth is a vital concern for the state as well as the people. The present Bill aims at checking indiscriminate catches, destruction of fries and ovas and provides for unhindered movement of fishes during the general season for spawning.

NOTIFICATION.

No. 2043L.A.—17th November, 1943.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on September 28, 1943, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL STEAMER KHALASIS BILL, 1943.

(As introduced in the Assembly on September 28, 1943.)

A
BILL

to make provisions for the betterment of the condition of steamer khalasis.

WHEREAS it is expedient to provide for better wages and service conditions for khalasis serving on board the steamers navigating in the province of Bengal;

It is hereby enacted as follows :—

1. (*1*) This Act may be called the Bengal Steamer Khalasi Act, 1943.

(*2*) It extends to the whole of Bengal.

(*3*) It shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint.

2. In this Act, unless there is anything repugnant in the subject or context—

(*2*) "Salary" means and includes what is paid to the employee by his employer for services rendered by him, payable monthly and as defined in General Clauses Act, 1897. Act X of 1897.

(*3*) "Steamer" means and includes steamships, steam launches, flats, barges, armboats, cargo boats and punsi boats plying in inland waterways.

(*4*) Duties of khalasi would not include the work of a cooly.

3. The minimum salary of the khalasi staff of the steamer shall be as follows:—Fireman, oilman, cassab, wheel sukani, each Rs. 27 per month, lightman, tindal, each Rs. 31 per month, coalman, bhandari, and other khalasis, each Rs. 20 per month and manifest clerk Rs. 33 per month, tally sukani Rs. 29 per month, deck cassab at Rs. 21 per month and wheel sukani Rs. 26 per month.

4. The entire staff of the steamers shall be directly under the control of the employer in charge of management of the steamer service and they will be considered servants of the employer with all the privileges, gratuity and pension to which the other staffs are entitled under the rules on completion of 20 years service.

5. The khalasi staff of the steamers on their completion of one year's service would be entitled to 3 months' leave each and every year in the following terms, viz., one month's leave with full pay and another two months' leave without pay and on the termination of leave they will be allowed to join their old posts.

6. Each and every khalasi would be individually responsible for dereliction of his duties and if as a result thereof the employer suffers any loss, then and in such case the employee would be liable to pay the damages to the employer :

Provided that the said damages shall be deducted from his monthly pay by easy instalments.

7. The khalasi staff shall be entitled to free pass once every year for their inward and outward journeys.

8. In the event of any of employee in the khalasi staff being attacked with small-pox, cholera, or receiving any bodily injury in course of his duties then and in such a case he will be admitted in the hospital by the employer and would remain under his supervision. He will further be allowed sick leave with full pay for the period he remains in the hospital.

9. If any employee in the khalasi staff be permanently or partially disabled on account of injuries received by him while on duty, his claim shall be considered as a claim by the Commissioner under the Workmen's Compensation Act, 1923. Act VIII of 1923.

10. Any breach of the provisions of this Act shall be penalised by a fine of Rs. 500 on a complaint made to any 1st class Magistrate.

STATEMENT OF OBJECTS AND REASONS.

The Bill aims at—

(a) Recognition of the khalasis directly by the employer in charge of the management of the steamers navigating in the province of Bengal.

(b) Total abolition of the present anomalous practice of leaving the khalasis entirely at the mercy of the masters, serangs and drivers who taking full advantage of their ignorance and economic helplessness exploit them to the fullest possible extent.

(c) Fixation of the minimum salary of the khalasis at Rs. 20 per month in addition to usual leave and free pass, etc.

The Bill if enacted into law would appreciably solve the growing unemployment problem of the province as the steamer companies normally require a huge number of khalasis and would improve their standard of living.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 2044L.A.—17th November, 1943.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on September 28, 1943, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL TENANCY (AMENDMENT) BILL, 1943.

(As introduced in the Assembly on September 28, 1943.)

A
BILL

further to amend the Bengal Tenancy Act, 1885.

WHEREAS it is expedient further to amend the Bengal Tenancy Act, 1885; Act VIII of 1885.

It is enacted as follows:—

1. This Act may be called the Bengal Tenancy (Amendment) Act, 1943.

2. It shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint.

3. In section 88, sub-section (*2*) after clause (c) of the proviso the following new clause shall be inserted, namely :—

"(*d*) In case of tenures or holdings the rent of which is payable to the Collector directly—as in Government *khas mahal*—the distribution of the rent or the division of the tenancy shall be made by the Collector or any duly empowered Revenue Officer and not by the Civil Court. Revenue Officers shall have the jurisdiction to redistribute the rent in cases where the distribution has been made by the Civil Courts."

STATEMENT OF OBJECTS AND REASONS.

In Government Estates the rent is imposed on the tenants, *i.e.*, tenure-holders and *raiyats*, on a scientific calculation leaving uniform margins as profits to the tenants and taking off the rest as public revenue.

The rents are liable to be reassessed periodically and at every assessment rent rolls are prepared and the exact rate of allowance to be awarded to the tenants of different classes are calculated on the basis of the rent roll.

There have been cases where the Civil Courts in disregard of this basic principle of assessment and of the security or otherwise of the said revenue have distributed the rents in such a way that the entire system has been upset and the Court's decision cannot but be interfered with by the Revenue authorities at the time of the next reassessment and settlement of rent

DEPARTMENT OF PUBLIC HEALTH AND LOCAL SELF-GOVERNMENT

RESOLUTION—No. 1207C./M.

Calcutta, the 24th November 1943.

In view of the fact that the arrear tax demand of the Jamalpur municipality in the district of Mymensingh gradually increased from Rs. 13,668-10-6 on the 1st April 1938 to Rs. 20,882-9 on the 1st October 1941 even though the commissioners granted remission every year on a fairly liberal scale, that the liabilities of the municipality also gradually increased from Rs. 17,316-5-9 at the end of 1938-39 to Rs. 20,613-5-6 during 1940-41 and that the extent of the liabilities then came to four-fifths of its total annual income, the municipal finances had reached a position when the total annual collection of Rs. 25,000 was barely sufficient to cover the obligatory items amounting to Rs. 21,000 and the cost of maintaining roads and tube-wells, and there was no surplus available for reducing the accumulated liabilities.

2. The causes of this unsatisfactory financial position of the municipality appeared to Government to lie in the inefficient administration of the collection department of the municipality due to continued apathy of the Commissioners to exert themselves and to their reluctance to take proper steps for the realisation of the arrear demands. On the recommendations of the local officers Government proposed to take steps for the

appointment of a suitable person under section 550 (2) of the Bengal Municipal Act to be in charge of the collection department of the municipality for a certain period and for taking action under section 116 of the Act to control the budget estimate of the municipality and in their order No. 691M., dated the 19th March 1942, the Commissioners of the Jamalpur municipality were asked to show cause, within a period of two months from the date of receipt of that order, why the proposed appointment under section 550 (2) of the Act should not be made and why action under section 116 of the Bengal Municipal Act should not also be taken.

3. The municipal commissioners at their meeting dated the 26th May 1942 considered the above order of Government and requested them not to take any action under the aforesaid sections on the grounds that the new municipal board was expected to be constituted shortly and that the municipal commissioners proposed to find out means to increase the collection of taxes and to reduce the liabilities. The municipal board was formed in July 1942 and in order to give the new members an opportunity to exert themselves to improve the financial condition of the municipality, no further action was taken by Government at that time, and in March 1943 the Commissioner of the Dacca Division was requested to furnish a report whether there had been any appreciable improvement in the administration of the municipality, particularly in the matter of collection of taxes, including arrear dues, since the new board came into office.

4. It appears from the report of the local officers that the financial condition of the municipality is still unsatisfactory and the new board has failed to show any appreciable improvement in the administration, of the municipality and in their opinion mere supersession of the collection department cannot restore the position.

5. After a very careful consideration of the whole matter, Government have reached the conclusion that the commissioners of the Jamalpur municipality have shown themselves incompetent to perform and have persistently made default in the performance of, the duties imposed on them by or under the Bengal Municipal Act, 1932. In exercise, therefore, of the power conferred by section 553 of the said Act Government declare the commissioners of the Jamalpur municipality to be incompetent and in default and supersede the said commissioners for a period of two years with effect from the fifteenth day of December 1943.

6. Ordered that this resolution be published in the *Calcutta Gazette*.

By order of the Governor,

E. W. HOLLAND, Secy.

AGRICULTURE DEPARTMENT

Veterinary

NOTIFICATION.

24-Parganas.—No. 3056Vety.—20th November 1943.—The following revised rules for the management of hostels of the Bengal Veterinary College approved by the Government of Bengal in supersession of the existing rules are published for general information:—

1. There are two buildings set aside in the Bengal Veterinary College expressly for purposes of residence of the 2nd and 3rd year class students of the college. The maximum limit of accommodation in these two buildings is fixed at 153 and the students of the 2nd and 3rd year classes must, unless specially exempted by the Principal, live in them and abide by the rules in force. A few students of the 1st year class are allowed to reside there if the total number of residents falls short of 153. Students who are too poor to pay the charges are allowed to live outside within a reasonable distance from the college. The hostels are the Macpherson and Fraser hostels. For purposes of convenience they are named the "Hindu Hostel" (Fraser Hostel) owing to a preponderance of Hindus usually occupying the same, and the Muslim Hostel (Macpherson Hostel) for the same reason as regards Muslims. Students of different religious dominations may occupy either at the discretion of the Principal.

The 1st year students will as a rule arrange for their own lodging and boarding outside the college. If some of the allotted 153 seats remain vacant due to an insufficient number of students in the 2nd and 3rd year classes, the Principal of the college may cause them to be filled up by allowing the same number of 1st year students to live in hostels.

Leave of absence from the hostels.

2. No special leave of absence from the hostels is required between the hours of 4 p.m. to 9 p.m. but this privilege is open to restriction by the Principal or Vice-Principal by way of punishment for any kind of offence against the college rules or for other reasons. Leave to remain absent from the hostel beyond 9 p.m. till 12 p.m. must be obtained from the Superintendent who will report to the Principal any frequent requests for such. To remain absent beyond 12 p.m. constitutes "leave from college" and application for such leave must be made through the Superintendent to the Principal.

Loss of property.

3. The students residing in the hostels are responsible themselves for the safety of their property. No compensation for loss will be made, but all assistance will be given for the recovery of the lost property.

Theft of property by any student may be punished with dismissal.

Fees.

4. Each student shall pay Rs. 5-8 per month which sum is made up as follows:—

To be credited to Government positively by the 7th of each month or the following working day if the 7th is a Sunday or holiday:—

	Rs.	a.	p.
(*i*) Seat and furniture rent ...	4	0	0
(*ii*) Municipal tax ...	0	8	0
(*iii*) Per-capita fee .	0	8	0
(*iv*) Medicines .	0	4	0
(*v*) Electric charges ...	0	4	0
Total ...	5	8	0

A fine of anna 1 per day may be imposed if not paid within the aforesaid period.

A student is liable to removal should he fail to pay these charges by the end of the month in question.

All vacation charges (viz., seat rent, etc.) from April to June are payable in advance by all students so liable. Such dues must be paid up by the 15th of April, in default of which defaulters' names shall be removed from the rolls from the 16th idem.

The above fees will be received by the cashier.

Management.

5. The direct management of the hostels devolves on the Hostel Superintendents under the authority of the Principal. The Superintendents shall be responsible for good order being maintained in the hostels.

The messing arrangement is left in the hands of the boarders themselves. No boarder shall be permitted to take his meals regularly outside the hostel nor will "prepared meals" from outside be allowed into the hostels.

Four prefects (two from each of the 2nd and 3rd year classes) shall be appointed annually. They will assist the Superintendents in keeping good order and discipline and will be entitled to special certificates from the Principal for good work done in this sphere.

The appointment and dismissal of hostel menial staff, etc., shall rest with the Superintendents, in consultation with the Secretary and the Principal.

Seats.

6. The allotment of seats shall be made by the Superintendents.

Accommodation and furniture.

7. Altogether there are 153 seats in the two hostels, *i.e.*, 125 seats in the Fraser Hostel and 28 seats in the Macpherson Hostel. The Superintendents should see that no seat should remain unoccupied causing loss of Government revenue. Each room in the Fraser Hostel is furnished with 5 beds, 2 tables, 3 chairs, 2 stools, 4 wall cupboards and 1 dwarf almirah and will accommodate 5 students and in the Macpherson Hostel each room is furnished with 4 beds, 1 table, 3 chairs and 4 wall cupboards and will accommodate 4 students. Every student must bring his own clothings and beddings but no extra furniture can be admitted without the permission of the Principal.

8. The unauthorised removal of any article of furniture from its proper place shall be punished with fine, and a student wilfully damaging any article will have to replace it or pay for its repair.

Discipline.

9. The hostel gates shall be closed precisely at 9 p.m. and opened at 6 a.m. Boarders returning to the hostels after 9 p.m. unless given permission by the Superintendents are liable to be fined.

Any boarder staying out later than 12 p.m. shall be reported to the Principal.

No religious ceremony likely to injure the feelings of any of the boarders shall be performed by any student in the hostels.

Use of tobacco or intoxicants of any kind by the boarders is not permitted.

Singing and playing upon musical instruments in the hostels is strictly prohibited. Any one found indulging in such to the disturbance or annoyance of others will be fined. On ceremonial occasions, however, music may be allowed provided previous written permission of the Superintendents is obtained.

Boarders must not throw water or refuse outside their rooms. Boarders breaking this rule shall be fined. If a boarder doing so cannot be detected all the boarders of the rooms from which such materials had been thrown shall be fined.

Boarders are not permitted to keep their own private servants in the hostels. Complaints against the hostel servants should be made in writing to the Superintendents. Boarders cannot take into their own hands the task of chastising or punishing the menials. Such is regarded as very serious misconduct and is liable to be punished by instant dismissal.

A Conduct Register is kept by the Superintendents in which the names of boarders are entered in all cases of serious misconduct, *e.g.*, (*i*) disobedience of orders or infringement of rules; (*ii*) absence without leave; (*iii*) continued neglect of studies; (*iv*) insubordination or disrespect to the authorities and any other kind of misconduct not provided for in the rules. An entry once made cannot be altered or cancelled excepting by the Principal.

Outsiders, as a rule, shall not be allowed to pass the night in the hostels. In emergent cases, however, such as during serious illness of boarders, their friends or relatives may be admitted in order to nurse them for a short period of time with previous permission of the Superintendents or Principal.

Boarders shall not be allowed to take their meals in their rooms except in cases of illness when recommended by the Medical Officer of the college. Any boarder violating this rule shall be fined.

No outsider shall be allowed to join any mess or dine in the hostel. Any boarder found to have an outsider feeding in the mess, without permission, shall be liable to a fine of one rupee or more. In exceptional cases guests may be allowed to take their meals, for a very short period, in the hostel mess, with the previous permission of the Superintendents.

Hawkers of any kind are not to be allowed to go round the hostels or enter the rooms of boarders. Boarders inviting hawkers to their rooms will be punished.

Applications, with reasons, for leave of absence from the hostels must be made in person to the Superintendents.

Neatness and cleanliness must be particularly observed by the boarders. Wilful negligence in this respect will be severely dealt with.

Students may be removed from the hostels for habitual and gross misconduct, for continued neglect of studies or for serious entries in the Conduct Register. All such removals shall be immediately reported to the authorities concerned.

Students shall not crowd round or follow a visitor or inspecting officer while on the premises. They should remain in their places, unless called out, and should pay the customary marks of respect to official visitors.

Attendance.

10. The rolls shall be called twice daily, viz., (*1*) at 6 a.m. from March to October and 6-30 a.m. from November to February, and (*2*) at 9-30 p.m. and 9 p.m. respectively.

Leave.

11. Leave is only to be applied for, and will only be given in cases of necessity.

Students must apply for leave in the proper form before and not after absenting themselves, and must, before leaving, ascertain the orders passed on their applications.

Applications on account of sick leave for more than two days must be supported by a medical certificate from a duly qualified practitioner. In the case of actual boarders in residence at the college all sick leave applications for whatever period must be recommended by the Medical Officer in charge.

When holidays are granted, it is necessary for students to ascertain if they have been detained for hospital duty or not. No excuse for absence from duty will be accepted because a general holiday has been granted.

Sickness.

12. Boarders, when ill, are attended by the Medical Officer of the college who visits the hostels every morning. If a boarder wishes to be attended by any other medical man, he must first obtain the permission of the Superintendents and notice must be given to the Medical Officer of the hostel. In such cases the Medical Officer ceases to be responsible for the patient, and, if, subsequently called in consultation, he is entitled to the fees usual for such consultation. Any extra expenses involved for diet or nursing must, in these cases, be borne by the patient.

Boarders, when seriously ill, will be removed to hospital.

In case of infectious disease, special precautions are necessary.

In all such cases (measles, chicken-pox, cholera), they are segregated from the rest of the boarders; cases of small-pox or plague must at once be removed from the hostels.

Common Room and Library.

13. There is a common room with a small library. The management of the common room and its library is entrusted to the boarders under the supervision of the Superintendents. The common room shall remain open from 9 a.m. to 9 p.m. Each student shall pay Re. 1 as "Common Room Fee" at the beginning of each session.

Dining hall.

14. Students must go to the dining rooms for their meals between 10 and 11 in the morning and 7 and 9 in the evening. Every boarder must take his meals in the common dining room except in cases of serious illness.

The dining hall will be closed about 9-30 p.m.

Light.

15. Ordinarily the lights of the hostels will be put on at dusk and put off punctually at 11 p.m. unless otherwise directed by the Principal.

Students' Athletic Club.

16. The College Athletic Club will be constituted with the Principal as President, the Vice-Principal as Vice-President, the College Secretary as Secretary and the Gymnasium Instructor as Assistant Secretary. Executive Members, Captains and Vice-Captains of each section of games played to be elected by the general body of the students of the college.

Athletic games may be played daily on the college grounds under the direction of the Athletic Club.

Athletic Club's Fund.

17. All students are to subscribe Rs. 3 per session each to the club against Government's annual contribution in the very first month of the session, *i.e.*, in July, otherwise the defaulters' name may be removed from the college roll from the 1st of the following month, but may be re-posted on payment by the defaulter of usual readmission fee of Rs. 10 *plus* the arrear dues.

Expenditure and receipts of students' athletic funds should be kept in a separate register and should not form part of the cash balance of Government money. Government contributions and students' subscriptions should be accounted for on the receipt side and all disbursements on the expenditure side. The funds are to be kept in a postal savings bank account under the title of the President. The Gymnasium Instructor as Assistant Secretary will act as Treasurer of the club's Fund under the President.

These rules are subject to modification if necessary.

By order of the Governor,
K. A. L. HILL, Secy.

WHEREAS it is expedient to amend the Motor Vehicles (Drivers) Ordinance, 1942 (V of 1942), for the purposes hereinafter appearing;

It is hereby enacted as follows:—

1. *Short title.*—This Act may be called the Motor Vehicles (Drivers) Amendment Act, 1943.

2. *Insertion of a new section 6A in Ordinance V of 1942.*—After section 6 of the Motor Vehicles (Drivers) Ordinance, 1942 (V of 1942) (hereinafter referred to as the said Ordinance), the following section shall be inserted, namely:—

"6A. (*1*) It shall be the duty of any employer by whom a person, who has been required by an order under sub-section (*1*) of section 4 to perform any service, was employed to reinstate him in his former employment on the termination of that service in an occupation and under conditions not less favourable to him than those which would have been applicable to him had he not been required to perform that service:

Provided that if the employer refuses to reinstate such person, or denies his liability to reinstate such person or if for any reason the reinstatement of such person is represented by the employer to be impracticable, either party may refer the matter to the authority authorised in this behalf by the Provincial Government and such authority shall, after due consideration, pass an order either exempting the employer from the provisions of this sub-section or requiring him to re-employ such person on such terms as it thinks suitable or to pay to such person a sum in compensation for failure to re-employ him not exceeding an amount equal to six months' remuneration at the rate at which his last remuneration was payable to him by the employer.

(*2*) If any employer fails to obey an order passed under the proviso to sub-section (*1*) by the authority authorised under that proviso, he shall be punishable with fine which may extend to one thousand rupees, and the Court by which he is convicted may, in addition to any other penalty, order him (if he is not already so required by the said authority) to pay the person whom he has failed to re-employ a sum not exceeding an amount equal to six months' remuneration at the rate at which his last remuneration was payable to him by the employer; and any amount so required by the said authority to be paid or so ordered by the Court to be paid, shall be recoverable as if it were a fine imposed by such Court:

Provided that in any proceedings under this sub-section it shall be a defence for an employer to prove that the person formerly employed by him had not been in his continuous employment for six months or did not apply to him for reinstatement within a period of two months from the termination of the service which such person was required to perform by an order under sub-section (*1*) of section 4.

(*3*) The duty imposed by sub-section (*1*) upon an employer to reinstate in his employment a person such as is described in that sub-section shall attach to an employer who before such person is actually required to present himself for service or to perform service under this Ordinance terminates his employment in circumstances such as to indicate an intention to evade the duty imposed by that sub-section, and such intention shall be presumed until the contrary is proved if the termination of the employment takes place after the delivery of an order under sub-section (*1*) of section 4 to such person."

3. *Amendment of section 8, Ordinance V of 1942.*—In sub-section (*2*) of section 8 of the said Ordinance, after clause (*c*) the following clause shall be added, namely:—

ORDINANCE No. XXXV OF 1943.

AN

ORDINANCE

to provide for the prevention of hoarding and profiteering.

WHEREAS an emergency has arisen which makes it necessary to provide for the prevention of hoarding and profiteering;

NOW, THEREFORE, in exercise of the powers conferred by Section 72 of the Government of India Act, as set out in the Ninth Schedule to the Government of India Act, 1935 (26 Geo. 5, c. 2), the Governor General is pleased to make and promulgate the following Ordinance:—

1. *Short title, extent and commencement.*—(*1*) This Ordinance may be called the Hoarding and Profiteering Prevention Ordinance, 1943.

(*2*) It extends to the whole of British India.

(*3*) It shall come into force at once.

2. *Interpretation.*—In this Ordinance, unless there is anything repugnant in the subject or context,—

(*a*) "article" includes any article or thing, except foodgrains, which has not, by notification in the official Gazette, been declared by the Central Government to be an article or thing to which this Ordinance does not apply;

(*b*) "dealer" means a person carrying on the business of selling any article, whether wholesale or retail;

(*c*) "Controller General" means the Controller General of Civil Supplies appointed by the Central Government and includes the Deputy Controller General or Assistant Controller General of Civil Supplies so appointed;

(*d*) "inspector" means an inspector appointed for the purposes of this Ordinance by the Central or by the Provincial Government;

(*e*) "producer" includes a manufacturer;

(*f*) an article shall be deemed to be in the possession of a person—

(*i*) when it is held on behalf of that person by another person;

(*ii*) notwithstanding that it is mortgaged to another person.

3. *Fixing of maximum quantities which may be held or sold and maximum prices.*—(*1*) The Central Government may, by notification in the official Gazette, fix in respect of any article—

(*a*) the maximum quantity which may at any one time be possessed by a dealer or producer;

(*b*) the maximum quantity which may in any one transaction be sold to any person;

(*c*) the maximum price or rate which may be charged by a dealer or producer.

(*2*) The quantities and prices or rates fixed in respect of any article under this section may be different in different localities.

4. *Restrictions on possession and sale by dealers and producers where maximum is fixed under section 3.*—No dealer or producer shall—

(*a*) have in his possession at any one time a quantity of any article exceeding the maximum fixed by notification under clause (*a*) of sub-section (*1*) of section 3; or

(*b*) sell or offer for sale to any person in any one transaction a quantity of any article exceeding the maximum fixed by notification under clause (*b*) of sub-section (*1*) of section 3; or

(*c*) sell or offer for sale to any person any article for a price or at a rate exceeding the maximum fixed by notification under clause (*c*) of sub-section (*1*) of section 3.

5. *Restrictions on possession by dealers or producers where no maximum is fixed under section 3.*—Where no maximum has been fixed by notification under clause (*a*) of sub-section (*1*) of section 3,—

(*a*) no dealer shall have in his possession at any one time a quantity of any article exceeding one-quarter of the total quantity of that article held by him in the course of the year 1939, or as the case may be, exceeding the quantity which the Controller General or other officer empowered in this behalf by the Central or the Provincial Government may intimate to him as the maximum quantity of that article which he may have in his possession at any one time; and

(*b*) no producer shall have in his possession at any one time a quantity of any article exceeding one-quarter of his total production of that article during that one of the three years 1940, 1941 and 1942 in which his production was greatest, or, as the case may be, exceeding the quantity which the Controller General or other officer empowered in this behalf by the Central or the Provincial Government may intimate to him as the maximum quantity of that article which he may have in his possession at any one time.

6. *Restriction on price where no maximum is fixed under section 3.*—(*1*) Where no maximum has been fixed by notification under clause (*c*) of sub-section (*1*) of section 3, no dealer or producer shall sell or offer for sale or otherwise dispose of an article for a consideration which is unreasonable.

(*2*) For the purposes of this section a consideration is unreasonable if, whether it is exclusively in money or not, it exceeds the amount represented by an addition of twenty per cent. or the addition allowed by normal trade practice whichever is less to—

(*a*) the cost landed of the article in the case of an imported article,

(*b*) the cost of production of the article in the case of an article which is not imported,

or if as a condition of sale the purchaser is required to purchase at the same time any other article.

(*3*) The Controller General may, by order published in the official Gazette, vary in respect of any specified article or class of articles the figure of twenty per cent. referred to in sub-section (*2*), and if he does so that sub-section shall have effect accordingly.

7. *General limitation on quantity to be possessed at one time.*—(*1*) No person shall have in his possession at any one time a greater quantity of any article to which this section applies than the quantity necessary for the reasonable needs of himself and his family for a period of three months or such longer period as may for special reasons in his particular circumstances be considered a reasonable period for which to make provision.

(*2*) For the purposes of sub-section (*1*), the expression "reasonable needs" includes the fulfilment of social or religious or other customary obligations.

(*3*) Nothing in this section shall apply to a dealer or producer in respect of any article sold by or produced by him.

(*4*) This section shall apply only to such articles as the Controller General may by order published in the official Gazette specify for the purpose.

8. *Duty to declare possession of excess stocks.*—Any person having in his possession a quantity of any article exceeding that permitted by or under this Ordinance shall forthwith report the fact to the Controller General or other officer empowered in this behalf by the Central or the Provincial Government, and shall take such action as to the storage, distribution or disposal of the excess quantity as the Controller General or such officer may direct.

9. *Refusal to sell.*—No dealer or producer shall, unless previously authorised to do so by the Controller General or other officer empowered in this behalf by the Central or the Provincial Government, without sufficient cause refuse to sell to any person any article within the limits as to quantity imposed by this Ordinance.

Explanation.—The possibility or expectation of obtaining a higher price for an article at a later date shall not be deemed to be a sufficient cause for the purposes of this section.

10. *Cash memorandum to be given of certain sales.*—(*1*) Every dealer or producer when selling any article for cash shall, if the amount of the purchase is ten rupees or more, in all cases, and, if the amount of the purchase is less than ten rupees, when so requested by the purchaser, give to the purchaser a cash memorandum containing particulars of the transaction.

(*2*) The Central Government may, by notification in the official Gazette, prescribe the particulars to be contained in any such cash memorandum.

(*3*) The Central Government or the Provincial Government may, by notification in the official Gazette, exempt specific areas, classes of dealers or producers, or commodities from the operation of this section.

11. *Marking of prices and exhibiting price list.* —(*1*) The Controller General may direct any dealer or producer to mark articles exposed or intended for sale with the sale prices or to exhibit on his premises a price list of articles held by him for sale, and may further give directions as to the manner in which any such direction as aforesaid is to be carried out.

(*2*) No dealer shall destroy, efface or alter any label or mark affixed to an article and indicating the price marked by a producer.

(*e*) enter and search or authorise any person not bellow the status of a gazetted officer to enter and search any premises;

(*f*) seize or authorise the seizure of any article in respect of which he suspects that an offence under this Ordinance has been committed, and thereafter take or authorise the taking of all measures necessary for securing the production of the article in a Court.

(*2*) The Controller General may, by order published in the official Gazette, issue to all dealers or producers of a specified class a direction such as is referred to in clause (*a*) or clause (*b*) of sub-section (*1*).

13. *Penalties.*—(*1*) Whoever contravenes any of the provisions of this Ordinance shall be punishable with imprisonment for a term which may extend to five years, or with fine or with both.

(*2*) Whoever fails to comply with any direction made under authority conferred by this Ordinance shall be punishable with imprisonment for a term which may extend to three years, or with fine or with both.

(*3*) A Court convicting any person of an offence punishable under this Ordinance may order any article, in respect of which the offence was committed, to be forfeited to His Majesty.

14. *Procedure.*—No prosecution for any offence punishable under this Ordinance shall be instituted except with the previous sanction of the Central or the Provincial Government, or of an officer not below the rank of a District Magistrate empowered by the Central or the Provincial Government to grant such sanction.

15. *Certain officers to be deemed public servants.*—The Controller General, an inspector and any officer empowered for the purposes of section 5, 8, 9 or 12 by the Central or the Provincial Government shall be deemed to be a public servant within the meaning of section 21 of the Indian Penal Code (XLV of 1860).

16. *Bar of legal proceedings.*—No suit, prosecution or other legal proceeding shall lie against any person for anything done or in good faith intended to be done under this Ordinance.

17. *Saving of other laws.*—The provisions of this Ordinance shall be in addition to and not in derogation of any other law for the time being in force regulating the keeping, storage distribution, disposal, or price of articles.

Legislative Department.

NOTIFICATION.

No. 1144L.—1st December 1943.—The Governor having been pleased to order, under rule 47 of the Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

THE CORONERS AND CRIMINAL PROCEDURE (BENGAL AMENDMENT) BILL, 1943.

A BILL

to amend the Coroners Act, 1871 and the Code of Criminal Procedure, 1898.

WHEREAS it is expedient to amend the Coroners Act, 1871, and the code of Criminal Procedure, 1898, in their application to Bengal in the manner hereinafter appearing; IV of 1871. Act V of 1898.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Coroners and Criminal Procedure (Bengal Amendment) Act, 1943.

Amendment of the Coroners Act, 1871 and Code of Criminal Procedure, 1898.

2. The Coroners Act, 1871, and the Code of Criminal Procedure, 1898, shall, in their application to Bengal, be amended in the manner provided in this Act.

Amendment of section 8 of Act IV of 1871.

3. To the first paragraph of section 8 of the Coroners Act, 1871, ending with the words "inquire into the cause of death" the following proviso shall be added, namely:—

"Provided that, unless the Provincial Government otherwise directs, no such inquiry shall be held in the case where the death of any person has been caused by enemy action".

Amendment of section 174 of Act V of 1898.

4. To sub-section (*1*) of section 174 of the Code of Criminal Procedure, 1898, the following proviso shall be added, namely:—

"Provided that, unless the Provincial Government otherwise directs, it shall not be necessary under this sub-section, in any case where the death of any person has been caused by enemy action, to make any investigation or to draw up any report or to send any intimation to a magistrate empowered to hold inquests".

STATEMENT OF OBJECTS AND REASONS.

Under section 8 of the Coroners Act, 1871, or under section 174 of the Code of Criminal Procedure, 1898, in their application to Bengal, a Coroner or a Police Officer is required to hold inquests or to make any investigation in cases of deaths caused by an accident. Government are advised that a death caused by enemy action may be regarded as "accident" within the meaning of section 8 of the Coroners Act or section 174 of the Code of Criminal Procedure. In the case of fatal casualties caused by enemy air-raids, it is considered necessary to preclude inquests by the Coroner or any investigation by the Police Officer in such cases as this procedure is likely to cause great inconvenience and delay in the disposal of bodies. It is moreover unnecessary to have an inquest held or investigation made in such cases. It is therefore proposed to amend the Coroners Act and the Code of Criminal Procedure to provide that no inquiry should be held by the Coroner or by the Police Officer in cases of deaths caused by enemy action unless the Provincial Government so directs.

Factory smoke.

The Bengal Smoke Nuisances Commission commenced its activities in 1906 for the abatement of smoke emission within the areas controlled by the Calcutta and Howrah Municipalities. The average emission of black smoke recorded per chimney was at that time 13·1 minutes per hour, to-day it stands at ·11 minute. Much of this success is due to the generous co-operation of the factory owners with the Commission. It is realised that smoke is coal and in its prevention lies a gilt-edged investment.

General control by the Commission.

All the activities of the Commission were affected by the war to an even greater degree than during 1941.

Supplies for war purposes have led to increased production in industries which were already well established and have also led to the establishment of additional industries for the production of war materials. In the best

interests of this country though limit product has been accorded to factories engaged in war production; and rules and regulations under the Smoke Nuisances Act were not strictly enforced during the year.

The interests of the public health were not however overlooked. The Commission adopted remedial measures for abatement of smoke as far as possible.

The Commission held 11 meetings during the year. It endeavoured to keep abreast of the latest progress in the scientific use of fuel towards the abatement of industrial smoke. It is feared however that war condition stand in the way of rapid progress in this direction.

During the year action was taken as under:—

Offences reported for departmental action—2,254.
Offences reported by telephone for departmental action—460.
Inspection and tests of installation—2,233.
Statutory warnings served—5.
Prosecutions—17.
Convictions—15.

In addition to the above preventive action 596 steam ships were reported to the local marine authorities for departmental action, which in all cases was readily undertaken.

Two Smoke Observers, appointed in October 1938, kept the whole controlled area, including the river, under constant observation. The Inspectors were engaged in inspection duty, and in imparting technical advice to offenders.

One of the Inspectors was appointed to officiate as Chief Inspector, and one of the Smoke Observers was appointed to act as temporary Inspector from 1st September 1942, leaving his post vacant until a new temporary Observer was appointed from 25th January 1943.

Of the 17 prosecutions which were launched (Appendix II), two cases had to be kept pending because the owners could not be found till the end of the year. The maximum fine imposed for offences under the Act was Rs. 125 and the minimum Rs. 10.

Observation of smoke.

A constant watch of smoke nuisance is kept from the Central Smoke Observatory, which is equipped with a telephone so that the owner or manager of an offensive chimney may be called up and the emission of smoke of prohibited density immediately brought to his notice. Observations of locomotives, steamers, launches, road-rollers and minor industrial plants are taken locally. The total number of observations made during the year was 7,094 against 7,221 of the previous year.

Plans for furnaces, flues and chimneys.

Well designed plants are necessary for smoke prevention and fuel economy and it is not only obligatory but convenient to consult the Commission, whose wide experience is always at the disposal of the public. Smoke prevention must begin at the furnace and not at the chimney top. Properly proportioned furnaces, flues and chimneys increase the power of the plant and reduce the overload and fuel cost.

During the year the Commission examined and approved 56 plans of which 47 were made in the office of the Commission, covering nearly all types of industrial furnaces. The number of plans approved by the Commission since 1916, when the Act was amended to govern construction of or alteration to plants, now totals 1,775. The low average emission of smoke per chimney which is shown in Appendix I, has been attained through by the carrying out of these plans.

The total fees received during the year on account of plans, etc., are detailed below:—

For making plans—Rs. 357.
For approval of plans—Rs. 450.
For final inspection of chimneys, etc., and grant of permission—Rs. 859.

Complaints.

The Commission cannot with its small staff regularly keep in touch with every case of smoke nuisance within its controlled area of approximately 80 square miles. It has again been indebted to the public for bringing cases to its notice by means of complaints. During the year 33 complaints were received against 75 in the preceding year. On receipt of such complaint, prompt and careful enquiry was made. Relief was given wherever possible, and the Commission endeavoured, at the same time, to see that industry was not subjected to unreasonable demands.

Reduction of smoke by electricity and gas.

Electricity.

The appliance of electricity and gas to meet domestic requirements has an important bearing on the general comfort and the health of the public and it is pleasing to record that there was an increased demand by property owners for smokeless appliances.

Electric appliances both for commercial and domestic use should be encouraged as permanent remedies for atmospheric pollution.

It has been ascertained from the Calcutta Electric Supply Corporation that during the year 1942, 12,300 H.P. of electric motors were connected to the Corporation's system, and that this figure represents an additional load, of which 4,460 H.P. replaced existing steam and oil engines.

Gas.

The contribution made to the solution of the city's smoke problem by the Oriental Gas Company, Limited, increases every year. They report a continued increase in the installation of cooking and water heating appliances for domestic purposes and they have fitted up several large blocks of flats with gas appliances during the year. They state, that during their last financial year ended 30th June 1942, a nett total of 858 gas consuming appliances were fixed. Of these 493 were domestic appliances, many of them replacing "chulas" in densely populated areas in Calcutta. Considering the restricted building of new flats, etc., the figure is satisfactory. Three hundred and sixty-five industrial appliances were installed and the demand increases. Had supplies been available, there is no doubt that these figures would have been doubled.

Inspectorate.

As Mr. R. Grant, Chief Inspector and Secretary, was still in military service, Mr. B. N. Mitter, senior Inspector continued to officiate as Chief Inspector and was assisted by Mr. B. Mukherjee and Mr. D. P. Ganguly, Inspectors of Smoke Nuisances. The Inspectorial staff was short of one Inspector up to 31st August 1942.

Conclusion.

The Commission records its grateful thanks to those local owners, managers and engineers whose co-operation and valuable assistance have greatly helped the Commission, and to the technical staff for their energy and loyalty in carrying out the policy of the Commission.

B. N. MITTER,
Chief Inspector and Secretary.

O. M. MARTIN,
President.

No. 14759H., dated Calcutta, the 28th November/1st December 1942.

From—The Commissioner of Police, Calcutta,

To—The Additional Secretary to the Government of Bengal, Public Health and Local Self-Government Department.

I have the honour to forward herewith a Report on the working of the Calcutta Fire Brigade for the year ending 31st March 1942.

Calcutta, the 23rd November 1942.

From—F. A. Tucker, Esq., M.B.E., M.I.FireE., Chief Officer, Fire Brigade, Calcutta,

To—The Secretary to the Government of Bengal, Department of Public Health and Local Self-Government (Municipal).

(Through C. E. S. Fairweather, Esq., M.A., C.I.E., Commissioner of Police, Calcutta.)

I have the honour to submit the following report on the working of the Calcutta Fire Brigade for the year ending 31st March 1942.

The year under review was a busy one for the Fire Brigade. Government sanctioned the scheme of temporary expansion of the Calcutta Fire Brigade as an A.R.P. measure with increased number of appliances and personnel, and the whole staff of the Calcutta Fire Brigade was busily engaged in training the additional men newly recruited, and also persons from other parts of India in connection with A.R.P.

Financial statement.—The statement of receipts and expenditure and payments made by the municipalities within the jurisdiction of the Fire Brigade and Licensed Warehouse Act I of 1893 is given in Appendix I.

The cost of maintenance of the Fire Brigade is contributed by (*a*) the Calcutta Municipality, (*b*) the Howrah Municipality and (*c*) the Garden Reach Municipality at the rate of 83·5 per cent., 14 per cent. and 2·5 per cent., respectively.

Fees for licensed warehouses are charged under section 10 of the Licensed Warehouse and Fire Brigade Act I of 1893, and are levied at 10 per cent. of the annual valuation of warehouses, subject to a maximum of Rs. 1,500 per warehouse per annum, and the income thus derived provides the 50 per cent. of the cost of the upkeep of the Fire Brigade under the Act.

Fires, etc.—The total number of calls to fires or supposed fires was 492 being an increase of 10 as compared with the previous year. The actual number of fires attended was 379 which shows a decrease of 32 as compared with the previous year, and the number of fires classed as serious (*i.e.*, over Rs. 20,000 damage per fire, see Appendix III) was 19, being an increase of 1 as compared with the previous year.

The following statement shows the hours when the calls were received:—

Fire stations.—Appendix IV gives the number of times each fire station has been turned out in response to fire calls together with monthly statements.

Staff.—The strength of the Brigade during the year was 291 as detailed below:—

One Chief Officer, 1 Second Officer, 1 Chief Engineer, 5 Station Officers, 8 Engineers, 7 firemen, 1 Warehouse Inspector, 5 clerks, 1 storekeeper, 3 telephone clerks, 2 carpenters, 2 lathe-mechanics, 1 fitter, 1 blacksmith, 1 tinsmith, 16 Indian drivers, 1 head tindal, 30 tindals, 188 khallasies and 16 menial employees.

I am pleased to say that the general conduct and discipline of the officers and men of the Brigade have been very good, and I record my appreciation of the assistance afforded to me by my senior officers and office staff in connection with the expansion of the Calcutta Fire Brigade for Auxiliary Fire Service.

Fatalities and accidents.—Appendix VI gives short reports of fires and special occurrences involving loss of life or serious accidents.

The number of lives lost at fires during the year under review is 3 being a decrease of 3 as compared with the previous year.

I am glad to report that no serious accidents occurred during training recruits, or at drill.

In all cases, where necessary, first-aid was rendered by the Fire Brigade and the injured persons conveyed to hospital by motor ambulance.

Water-supply.—In Calcutta, water for fire extinguishing is obtained from the unfiltered water-supply system maintained by the Corporation of Calcutta with pumping stations located on the banks of the river Hooghly at Mullick Ghat and Watgunge.

Fire in Cossipur-Chitpur and adjoining areas are extinguished with water supplied from ponds or tanks, many of which are replenished only by rainfall.

In Howrah, the condition cannot be said as satisfactory, although there are some hydrants on the filtered water-supply for being used at fires. The authorities may consider about the installation of more hydrants.

Fire float.—The fire float (5,000 gallons per minute capacity) is stationed on the river opposite the Prinsep's Ghat. During the year under review, it has responded to 7 calls as compared with 3 calls in the previous year.

Street fire alarms, telephones and electrical communications.—I am pleased to record my appreciation of the excellent service rendered by the Bengal Telephone Company.

Inspection Department.—The majority of theatres, cinemas and other places of public amusement, with few exceptions, have no serious fire risks and there were no serious fires during the year under review.

In connection with the Licensed Warehouse and Fire Brigade Act I of 1893, 6,690 inspections of warehouses have been made during the year. Four hundred and ninty-six applications and complaints have been attended to and disposed of. Seventy-three prosecutions were made under section 14 of Act I of 1893 which resulted in 40 persons being fined, the fines aggregating in all Rs. 398-8. Three cases were warned and discharged and 22 cases were withdrawn and 8 cases were pending.

General.—The Calcutta Fire Brigade protects the City of Calcutta and the municipalities of Howrah and Garden Reach, and may attend fires outside the boundaries of the above, but not exceeding a radius of 12 miles from Fire Brigade Headquarters, provided appliances can be spared, and on payment of a prescribed fee. The total area protected is approximately 112 square miles, comprising a population of over 2,000,000 persons; only during the emergency period of war, the radius has been raised to 20 miles from Fire Brigade Headquarters.

Auxiliary Fire Service.—Since the beginning of the war, volunteers have been taken on as auxiliary firemen and drivers in order to assist the Fire Brigade for precaution against fires through air radis.

But, as the Volunteer Service could not be relied upon on account of their irregular attendance and poor response, scheme for temporary expansion of the Brigade with increased number of appliances and personnel together with additional temporary fire stations spread over the most important districts and areas throughout Calcutta, Garden Reach and Howrah was submitted to Government last year and was sanctioned in the year under review.

The senior staff of the Calcutta Fire Brigade had to work very hard to give effect to the proposal of the scheme for expansion of the Fire Brigade as an A.R.P. measure.

The following is a list of appliances received for the Auxiliary Fire Service during the year:—

75,032 feet of 2¾″ canvas hose.
18,250 feet of rubber-lined hose.
639 pairs of couplings.
19 trailer pumps (12 large and 7 small).
20 lorries.
10 pumping sets fitted on 5 barges.
50 canvas water storage dams.
6 motor cycles.
18 cycles.

Telephone.—Extensive alterations in the existing system of telephone connection of the Fire Brigade in Calcutta and Howrah have been carried out.

Water-supply.—Fifty canvas water storage dams were purchased during the year, and arrangements for fixing them in wooden frames to put on

commandeered lorries, were made so that they may be easily carried at any spot in case other sources of water-supply breaks down. Besides the above—

(*a*) Six-8,000 gallons capacity underground reservoirs at the following places, fitted with 5″ tube wells have been completed:—

(1) No. 53 Strand Road and Prosanna Kumar Tagore Street (north-west side of Mayo Hospital).

(2) No. 54, Strand Road and Kali Krishna Tagore Street.

(3) No. 44, Darmahatta Street and Strand Road.

(4) No. 69, Upper Circular Road and Gas Street (Mechua Bazar Street near the fire alarm).

(5) No. 64, Raja Dinendra Street and Garper Road.

(6) Ochterlony Road and Chowringhee Road.

(*b*) Arrangements for access to tanks in Calcutta squares in order to obtain water-supply have been made, and also,

(*c*) Constructions of platforms in 26 different places of Circular Canal and Tolly's Nullah have been completed.

Fire float barges.—Ten pumping sets, 500 gallons capacity each, have been fitted on 5 river barges hired for the purpose, and are moored on the river off Fort Point. These appliances will be used for the supply of water from the river and canal to land engines for fires along the vicinity of the river and canal. These pumping sets being mobile on the river or canal could be got to work wherever needed at any point along the riverside regardless of the places.

Fire stations.—In addition to 5 auxiliary fire stations reported last year, 9 more fire stations (5 at Calcutta and 4 at Howrah) are under construction.

Staff.—The strength of the Auxiliary Fire Service sanctioned during the year was:—

*Station Officers	...	2
*Assistant Officers	...	3
Recruiting Officer	...	1
Anglo-Indian Mechanic	...	1
Firemen	...	34
Clerks	...	4

*Tindals	...	80

Menials	...	22

(*Duties of Station Officer, Assistant Station Officer and tindal were allotted to Senior Officers and men of the Calcutta Fire Brigade, besides their own duties.)

Proposal for further expansion of staff and appliances for the Auxiliary Fire Service has been submitted to Government, and in order to train the new recruits, it was found that a Training School is absolutely necessary, and a scheme has also been submitted to Government for sanction.

PART VI—Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

L. A. BILL No. 35 OF 1943.

A Bill further to amend the Indian Tea Control Act, 1938.

WHEREAS it is expedient further to amend the Indian Tea Control Act, 1938 (VIII of 1938), for the purposes hereinafter appearing:—

It is hereby enacted as follows:—

1. *Short title.*—This Act may be called the Indian Tea Control (Second Amendment) Act, 1943.

2. *Amendment of section 11, Act VIII of 1938.*—In section 11 of the Indian Tea Control Act, 1938 (VIII of 1938) (hereinafter referred to as the said Act), for clause (*d*), the following clause shall be substituted, namely:—

"(*d*) exported with the previous sanction of the Central Government, within the limits prescribed in this behalf, by a Red Cross Society or by any organisation for providing amenities for troops overseas".

3. *Amendment of section 17, Act VIII of 1938.*—In section 17 of the said Act, in sub-section (*5*), after the words "the Committee may" the words "with the general or special previous sanction of the Central Government refuse to issue a special export licence or" shall be inserted.

4. *Amendment of section 29, Act VIII of 1938.*—In sub-section (*1*) of section 29 of the said Act, for the words and figures "Where any land which was on the 31st day of March, 1943, planted with tea", the following shall be substituted, namely:—

"Where any land which was at the 31st day of March, 1933, planted with tea (including land planted with tea at the 31st day of March, 1931, from which the original bushes had been uprooted and which had not been replanted with tea at the said 31st day of March, 1933), or where any land

planted with tea after the 31st day of March, 1933—".

5. *Amendment of section 33, Act VIII of 1938.*—In section 33 of the said Act, after the words "A breach of the provision of" the words, brackets and figures "sub-section (*4*) of section 12 or" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

Certain defects in the wording of the Indian Tea Control Act, 1938, as amended by the Indian Tea Control (Amendment) Act, 1943, have come to light during the application of the amended Act. Sub-section (*1*) of section 29 of the Act as it now stands requires that in order to qualify for the benefits contemplated by that sub-section, the land in question should have been planted with tea on the 31st March, 1943, whereas the intention was that the benefit should extend to all tea areas in existence on the 31st March, 1933 or planted thereafter. It is proposed to amend sub-section (*1*) of section 29 to give effect to the original intention. The consent of the Governors of all Provinces has been obtained to the proposed amendment of sub-section (*1*) of section 29, as this relates to the provincial subject of Agriculture.

2. Advantage is also being taken of this occasion to amend clause (*d*) of section 11 of the Act to exempt from the requirements of export licences, small gift parcels of tea sent for troops overseas under the auspices of the Directorate of Welfare and Amenities and also to provide for powers by which the Central Government can authorise the Indian Tea Licensing Committee to refuse the grant of special export licences by amending sub-section (*5*) of section 17.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
SECTION I—INTRODUCTORY.	
The accounts of the Corporation of Calcutta for the year 1937-38 have been examined and test audited.	PARA 1.—No remarks.
2. The more important points arising out of audit are incorporated in this report which is due to be published under section 123A of the Calcutta Municipal Act. A Test Audit Note embodying the less important irregularities is being sent to the Chief Executive Officer for disposal.	PARA 2.—No remarks.
Previous Reports.	
3. Replies of the Corporation were received on all previous Audit Reports. Replies have not yet been furnished to any of the Test Audit Notes for the years 1934-35, 1935-36 and 1936-37.	PARA 3.—The Chief Accountant reports :— The Test Audit Notes for 1934-35 and 1935-36 are being dealt with by the Chief Executive Officer. The Test Audit Note for 1936-37 is being dealt with by the Accounts Department.

Corporation.			
Chief Executive Officer's remarks.	Resolutions of the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government.
The Audit Report for the year 1937-38 was considered by the Finance Standing Committee on 26th and 29th August, 1939 and by the Corporation on 13th September, 1939 when they passed the following resolutions :— That the departmental explanations furnished in connection with the points raised in the different paragraphs of the Audit Report for 1937-38 be accepted, subject to the following directions and remarks : *These directions and remarks have been shown against the paragraphs concerned.* The further comments of the Accountant-General, Bengal, and the Examiner of Local Accounts Bengal, as per their Letter No. LA. 2000 dated the 29th November, 1939 to the Secretary to the Government of Bengal, Department of Public Health and Local Self Government, were considered by the Finance Standing Committee on 16th July, 1940, 30th July, 1940 and 8th August, 1940, when they recommended as follows :— (1) That the departmental replies noted against the Auditor's remarks regarding the relevant paragraphs of the Audit Report for the year 1937-38 be accepted with the following observations :— *The departmental replies and the observations of the Finance Committee have been shown against the respective paragraphs. The concluding portion of the Chief Accountant's report regarding these further remarks has been shown at page 56.* (2) That the attention of the Government be drawn to the fact that Rule 6 of the rules regarding audit of accounts to the Calcutta Corporation has not been complied with by the Auditors in as much as before making a reference to the Local Government under this Rule they have not given the Corporation an opportunity to offer further explanation, if any, on the points on which there was a difference of opinion. *The above observations were confirmed by Corporation on 21st August, 1940.*		*Accountant-General, Bengal, and Examiner of Local Accounts, Bengal's Letter No. LA 2000 dated 29th November, 1939.* PARA—3. Replies to the Test Audit Notes for the years 1934-35 and 1935-36 were received on the 3rd and 4th November, 1939, respectively. Those for the years 1936-37 and 1937-38, have not yet been received. Such abnormal delays in the disposal of the objections are not desirable. It seems necessary to fix a suitable date by which the replies to the Test Audit Note may be furnished annually by the Chief Executive Officer. *The Chief Accountant reports*— This relates to the previous reports of the Auditors. The Test Audit Notes for 1936-37 and 1937-38 with departmental replies and my remarks are being separately submitted to the Chief Executive Officer through 1st Deputy Executive Officer. The remarks of the Chief Executive Officer will be communicated to the auditors as early as possible. The objections in the Test Audit Notes have all along been characterised by the Auditors themselves in their successive reports as "*less important irregularities*" and are dealt with finally by the Chief Executive Officer in addition to the Audit Reports and other objections of the auditors that are placed before the Committees and the Corporation. Every endeavour is always made to dispose of these Test Audit Notes as early as possible. But as we have frequently to attend to innumerable and diverse kinds of queries, reports or requisitions of the Government Auditors, marked by them as "urgent" "very urgent" or the like or to matters that have to be finished within fixed dates	*Letter No. 671-M dated Calcutta the 23rd April, 1941, from T. I. M. Nurannabi Chaudhuri, Esq., I.C.S., Secretary, to the Government of Bengal, Department of Public Health and Local Self-Government to the Secretary, Calcutta Corporation.* I am directed to refer to the correspondence ending with your letter No. S. 2887 dated the 25th, 26th September, 1940, regarding the report on the audit of the accounts of the Calcutta Corporation for the year 1937-38. 2. I am to say that Government have carefully considered the Audit Report together with the explanation submitted by the Corporation and I am to communicate the following observations and orders of Government in the matter :— [*The observations and orders of Government have been shown against the relevant paragraphs.*] 3. I am to request that the Audit Report together with the replies of the Corporation, the audit rejoinder and the final orders of Government may now be published as required by Rule 7 of the rules regarding the audit of the accounts of the Calcutta Corporation, issued under Government Notification No. 2986-M dated the 10th May, 1935 as subsequently amended.

PARA 7.—No remarks except for the last paragraph —the morning collection of 1st April. The question has many times been dealt with in our replies to the previous Audit Reports. My reply to the further remarks of the Joint Auditors on para 8(b) of the Audit Report for 1936-37 is quoted below for ready reference.

"This relates to the method of accounting for the sums realised by various officers of the Corporation on or before 31st March of a financial year and deposited in the Treasury on the first working day of the following year. These sums are remitted to the Bank in one lot with other collections lodged in the previous year, on the first

		under the Act, we are forced to leave the unimportant ones for spare time work. This accounts for the delay in the disposal of the Test Audit Notes I am afraid, it cannot be possible to keep to time-programmes in every matter concerning the Government Auditors. *Recommendation of the Finance Committee as confirmed by the Corporation on 21st August 1940* That the Committee are of opinion that unless the schedule of time programme for disposal of Audit Reports, drawn up in 1933, is altered to conform to the needs of the existing situation, a definite date as asked for cannot be laid down; they however, direct the department to dispose of the Test Audit Notes with the least possible delay *Accountant General, Bengal, and Examiner of Local Accounts Bengal's Letter No. L.A.2000 dated 29th November, 1939.* PARAS—4 to 6 No remarks. *The Chief Accountant reports* No remarks.	
Para 7—It seems that the Auditors will not see reason. Our practice is quite sound and should be adhered to	PARA 7 That the Corporation reiterates their previous resolution in connection with para 8 (b) of the Audit Report for 1936-37, which runs as follows :— That Government be informed that the system followed by the Corporation is the only proper way and the suggestion of the Auditors is wrong and that Government be therefore requested to reconsider their decision	*Accountant-General, Bengal, and Examiner of Local Accounts Bengal's letter No. L.A., 2000 dated 29th November, 1939.* PARA 7.—The order passed by Government in this matter is final under Section 123 of the Act and the Corporation should give effect to the said order so long as it is not rescinded. *The Chief Accountant reports* This relates to the method of accounting for the sums realised by various officers of	(1) PARA 7.—Cash in hand (with the Treasurer). The attention of the Corporation is invited to paragraph 2(3) of the Government Order No. 19 F.M., dated the 27th April, 1940, in which it has already been directed that the Collections up to the evening of the 31st March of any year should be remitted to the Corporation Treasury on the same

The inclusion of the collection of the 1st April in the cash book of the Corporation for the 31st March preceding as at (a) above was pointed out in previous audit reports and Government ordered on the 6th October, 1936 that if it was desired to report such collection, this should be done by a note attached to the accounts. These orders have not been given effect to in the accounts for the year 1937-38.

working day of the following year, *i.e.*, exactly when the collections of 31st March become due for remittance to the Bank. As a long standing practice, these amounts are shown in our accounts as collections of the previous year. The Auditors want us to take these to the accounts of the following year We have repeatedly pointed out that the procedure suggested by the present auditors is wrong and cannot be accepted. One should have thought that this attempt to send all the collections in the hands of the officers of the Corporation on the 31st March to the Bank on the next working day would have been praised but the attitude taken up by the auditors is quite the contrary. What the auditors want is wrong and the practice which has been in vogue for decades is right.

The question was fully dealt with in our replies to the further remarks of the Auditors on the replies of the Corporation to the Audit Report for 1934-35 and previous years.

Further decision of Government in the matter is awaited."

		the Corporation on or before 31st March, of a financial year and deposited in the Treasury on the first working day of the following year. In our replies to the previous reports of the Government Auditors, we have repeatedly pointed out that the procedure suggested by the Auditors is wrong and cannot be accepted. The Corporation on 15th September, 1939 resolved that Government be informed that the system followed by the Corporation is the only proper way and the suggestion of the Auditors is wrong and that Government be requested to reconsider their decision. It appears from the remarks of the Auditor, now under consideration that they have no objection to such a modification being made by Government. The Auditors however want that we should act up according to their suggestion so long as the order previously passed by Government is not rescinded. This, I think, can never be a desirable course in view of the fact that the matter is already engaging the attention of Government and because the procedure suggested by the auditors is wrong	day and that the morning Collections on the 1st April, should be accounted as Collections of arrear rates of the previous year.

ADVANCES.	
10. (a) The amount of advances outstanding on 31st March, 1938 was Rs. 26,87,422 against Rs. 15,43,327 on 31st March, 1937. Out of the increase of about Rs. 11 lakhs, about 6·52 lakhs were due to advances paid to the Land Acquisition Collector and about Rs 4 lakhs to advances given for Drainage works.	PARA 10 (a).—The Chief Accountant reports :— The outstanding balance has since come down to Rs. 20,92,400 and steps have been taken for further reduction of the amount. These advances are mostly payment for work done or goods purchased or land acquired or the like. There is very little recoverable advance included in the total.
(b) Advances amounting to Rs 18,528-9-11 were outstanding against the Executive Engineer, Water Works for temporary connections Out of this, Rs 9,538-7-8 was advanced during the period from the year 1920 21 to 1930 31 and Rs. 6,578-12-2 during the years 1931-32 to 1934 35. It is understood that the officer had submitted accounts for advances paid up to 1930 31 which, however, had to be returned for further information.	PARA 10 (b).—The Executive Engineer, Water Works reports :— Regarding unadjusted advances for temporary connections, I should like to state that the amounts shown in the Audit Report comprises a number of small amounts, being the values of stores issued in making a large number of temporary connections from time to time and strictly speaking, they are not advances in real sense of the term as no cash money was ever advanced to the Executive Engineer, Water Works, on this score. The values of stores issued for each connection, were adjusted by debit to this account with the orders of the Chief Executive Officer pending final disposal of the cases whether they were to be removed or permanently retained. It will not be out of place to mention here that these temporary conenctions are generally effected on the requisition of the Health Officer. A statement of such account was previously submitted by me for adjustment of some of the old outstandings but that was returned to me for some further informations. I am however submitting shortly my proposal with a comprehensive statement of the advances referred to in the audit report for getting them adjusted, after obtaining necessary orders
(c) Want of action for the recovery of some items of expenditure incurred on works the cost of which was recoverable from others having been reported in paragraph 10 (d) of the Audit Report for 1936 37, the Corporation have recently called for a detailed statement showing the list of unadjusted items up to 31st March, 1937 relating to such works with short particulars The final action for adjustment or recovery is awaited The total outstanding on the 31st March, 1938, amounted to Rs 1,18,803.	PARA 10 (c).—The Chief Accountant reports :— A detailed statement of outstanding items was prepared by me and submitted to the Chief Executive Officer The Heads of departments were asked by the Chief Executive Officer to send their reports to me early The reports received are being dealt with by the Accounts Department. Adjustments have been made in some cases under orders of the Chief Executive Officer, certain other cases will be placed before the appropriate Committee A revised outstanding list as per the directions of the Corporation will be submitted to the Chief Executive Officer as soon as the above mentioned departmental reports and proposals for adjustment of the outstandings are disposed of.
(d) Adjustment of Rs. 1,59,448-9-8 advanced on different dates for cost of steel sheet piling, trench cutting, etc., previous to 1929 30 and Rs 15 000 advanced during 1932 33 was stated to be pending disposal of a suit filed by Messrs Bando & Co., Ltd An advance of Rs 50,000 to Nadia Engineering & Co, was also stated to be pending disposal of a suit filed by them	PARAS 10 (d e).—The Chief Accountant reports — Advance of Rs. 50 000 to Nadia Engineering Co. has since been adjusted as per J V 143/6 of 1938 39 The final bill of Indo Swiss Trading Co Ltd has not yet been received The other advances are still lying unadjusted as the suit is pending
(e) Advances amounting to Rs 2,71,500 made since 1931 32 to Messrs Indo Swiss Trading Co, Ltd., on account of Water Works Extension Contract No 27 would be adjusted, it is understood, at the time of passing of the final bills	
(f) Details of some other noticeable advances (some outstanding for over 5 years) are given in Annexure A attached.	PARA 10 (f).—The Chief Accountant reports :— The cases cited in Annexure A are dealt with below :— Serial No. 1— Controller of Stores—2-6-31—Rs. 24-10-0 The Controller of Stores reports :— The sum of Rs. 24-10-0 is the half-yearly rent of the coal depot at Bhadreswarghat Railway Siding taken by us on lease from E. I. Railway and has been retained as security deposit by the Railway authorities according to the rules for their depot holders. As the lease of the said depot is continuing since June 1931 this sum has been retained by them. Serial No. 2— U. N. Misra—10 10-31—Rs. 7,000 Do. do.—11-4-32—Rs. 4,000 These sums have since been adjusted. The Chief Law Officer gave his opinion that the claim was not barred. The Finance Committee at their meeting dated 28th March, 1939 ordered that the opinion of the Chief Law Officer be recorded. Serial No. 3— District Magistrate, 24-Parganas—9-11-31—Rs 251. The Chief Law Officer reports :— I have written to the Magistrate about the matter.

STORES. *Result of Verification.* 11. Out of stores valued at Rs. 10,23,791-7-1 shown in the accounts as in stock on the 31st March, 1938, Rs. 70,779-9 3 represented the value of surplus pipes purchased in 1931 from Messrs. Berruck and Comens & Co., which had not been made over to the Controller of Stores or verified. Issues of stores valued at Rs. 2,40,617-0-2 remained unadjusted at the end of the year. These included articles valued at Rs. 1,475 3-1 and Rs. 1,343-15 1 issued in 1933-34 and 1934 35 respectively.	PARA 11. The Chief Accountant reports :— It appears from a note dated 20th January, 1939 of the Controller of Stores that some of the surplus pipes are now being laid in Narkeldanga Main Road and the surplus will be delivered to Baghbazar Stores on completion of the work now in hand. Necessary adjustment by the Controller of Stores will be made as usual after their delivery to Controller of Stores and thereafter Stock verification will be done in the usual way. The balance of Rs. 2,40,617-0-2 was reduced to Rs. 37,633-2-5 on 16th February, 1939. The unadjusted bills for 1933-34 and 1934-35 amounted to Rs. 580 0-2 and Rs. 510 1-2 respectively on that day
Amount of stamp duty wrongly debited to Loan Account. 12. The cost of stamp duty amounting to Rs. 13,591 for raising loans was charged to the Loan Account of 1937-38 without the specific sanction of Government. Objection having been taken to a similar charge in paragraph 36 of the Audit Report for 1933-34, Government ordered that the amount should be refunded to the Loan Account. The Corporation have since moved Government for a revision of the order. If the orders already passed are not modified by Government, steps should be taken for the write back of the sum of Rs. 13,591 referred to above from the loan account.	PARA 12.—The Chief Accountant reports :— This matter has been dealt with threadbare in connection with the previous reports of the Auditors. Our contention is that the procedure of accounting which has been made applicable in the case of the Calcutta Port Trust should also apply to the Calcutta Corporation. It is hoped that Government will see the reasonableness of this contention and modify their orders *It appears from the concluding sentence of the Auditors' remarks in this paragraph, that they have no objection to such a modification being made by Government.*

Adjustment of old deposits.	
13. Outstanding deposits do not appear to have been regularly scrutinised to ascertain the reasons for their non-adjustment and some of them had to be adjusted after several years without any details by mere credit to the Budget Item 22 (n) Miscellaneous Receipts—Vide Instances below :—	PARA 13.—The Chief Accountant reports :—
(i) Rs. 1,757-5-9 (out of Rs. 1,785-13-9) and Rs. 2,097-10-9 deposited by the Telephone Corporation and Calcutta Tramway Co. Ltd., on 26th August, 1927 and 26th April, 1929 respectively for the restoration of asphaltum pavement in certain roads were adjusted by credit to Budget Item 22 (n)—Miscellaneous Receipts—for want of papers. Action should have been taken in time to adjust these outstanding deposits against the cost actually incurred for these restoration works so that it might have been possible to ascertain whether any further sum was due to be realised from or any balance refundable to the parties.	(i) & (ii) In the usual course, *i.e.*, by lapse of time these deposits came to be adjusted by transfer to B. I. No. 22 (n) Miscellaneous Receipts.
(ii) Two sums of Rs. 5,110-4-6 and Rs. 4,261-13-6 deposited by the Executive Engineer, Water Works Department on sundry dates from 3rd July, 1926 to 22nd December, 1933 for restoration of Indian Patent Stone and Brick-on edge pavements, lying at credit of Deposit Miscellaneous Account so long, were transferred to Lapsed Deposit Account by credit to Budget Item 22 (n) "Miscellaneous Receipts" (*vide* Journal Voucher Nos. 281/12 and 282/12 of March, 1938).	
A few items were scrutinised and it was found that out of the deposits of Rs. 4 and Rs. 10 on the 2nd July, 1929 works to the value of Rs. 3-1-3 and Rs. 7-2-0 respectively were done on behalf of the parties and the balances of As. 0-14-9 and Rs. 2-14-0 refunded to them *vide* Cash Voucher Nos. 12713 and 12712 dated September, 1935. Similarly Rs. 4 deposited on 12th April, 1933 was refunded to the party in full *vide* Cash Voucher No. 13267 dated September, 1935. Clearly the expenditure on works and the refunds made which should have been met out of the respective deposits were wrongly accounted for at the time these were incurred. Although no rectification of the mistake need now be made, the entry of these items in the Lapsed Deposit Register is clearly wrong and may lead to refunds which are not due. It may be considered by the Corporation whether the items now transferred to the lapsed deposit register should not be scrutinised in each case to see whether any refunds are actually due.	(iii) The items have been scrutinised as far as possible and no refund appears to be due. If so decided, these may be omitted from the Lapsed Deposit Register.
"Register of cash received" not available.	
14. A sum of Rs. 438-9-6 stated to have been deposited on 20th May, 1927 by Mr. Trailakya Nath Mookerjee was refunded to him as per Cash Voucher No. 16050 dated 24th September, 1937 on the certificate of the Accounts Department of its non-payment. As the "Register of Cash received" for the year 1927 was stated to have been destroyed in May 1938 and as further the receipt granted to the party in 1927 could not be furnished, this refund could not be subjected to any audit check If the admissibility of the refund was certified to on the strength of entries in any records, these should have been preserved at least till the completion of the audit of the year's accounts.	PARA 14.—The Chief Accountant reports :— The records were destroyed as they became due for destruction as prescribed in the Office System Manual.

		Accountant-General, Bengal, and Examiner of Local Accounts, Bengal's letter No. L A 2000, dated 29th November, 1939. PARA 14.—It is not understood why "the register of cash received" for the year 1927-28 was preserved for over ten years (though according to the Office System Manual it was to be preserved for 3 years only and destroyed shortly before it was required for audit. It would not have been possible for the Accounts Department to certify non-payment of this particular sum or to check against double payment from any other record, had the register been duly destroyed after the prescribed period of 3 years. The Corporation may therefore consider whether this register of cash received may not be made a permanent record to guard against double claims in future. *The Chief Accountant reports*— This relates to the destruction of the "Register of Cash Received" for the year 1927 as prescribed in the Office System Manual. At present it is a "C" class record. When one volume of the Register is utilised for several years it has to be kept for 3 years from the last year of entry.	(3) PARA 14.—"*Register of Cash received" not available.* In the opinion of Government, the "Register of cash received" should be made a permanent record if the Corporation desire to entertain claims for refund of money at any time irrespective of the ordinary law of limitation. If, however, the Corporation propose to entertain such claims for a limited period only, then the Register should be preserved at least till the completion of audit of the accounts of the last year of entry in the Register. The decision of the Corporation on this point may be communicated to Government as early as possible.

OUTSTANDING CONSOLIDATED RATES.

Demand, Collection, Remission and Balance.

15. (a) The figures for Demand, Collection, Remission and Cancellation and Balance on account of the consolidated rates for the last four years as shown in the accounts of the Corporation are detailed in Annexure B. The balance on the 31st March, 1938 amounted to Rs. 46,84,418 against Rs. 41,71,411 at the end of 1936-37. The outstandings have thus increased to the extent of more than 5 lacs.

(b) The arrears on account of the previous years and the current year were as follows :—

PARA 15.—The Assessor reports :—
Of the total amount of rate bills outstanding in this Department, nearly one-half is covered by the few premises noted below :—

	Premises.	Quarter.	Amount.
			Rs.
1)	6, Esplanade Row West (Bengal Council Chamber.)	1/31-32 to 4/37-38.	4,24,820
(2)	1-1, Jogen Mukherji Lane (Circular Canal.)	1/32-33 to 4/37-38.	1,71,914

(3)	92-1, South Sinthee Road, (Dam Dum Railway Station.)	1/32-33 to 4/37-38.	12,656
		Total .	6,09,390

The valuations of all the above premises are still under dispute, and the outstanding amount relating to the Department will be considerably reduced as soon as these cases are finally decided.

The Collector reports :—
So far as this department is concerned, the increase of outstandings is due, amongst other things, to—
(1) Considerable increase of demand by issue of supplementary bills, major portion of which was received during the later part of the year.
(ii) Increase of demand in respect of fresh bills.
(iii) Additional levy of Howrah Bridge Tax.

The Chief Law Officer reports :—
This has been dealt with under para 26

Corporation			
Chief Executive Officer's remarks	Resolutions of the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government.
		The question of preserving the register for the purpose of entertaining a claim for refund of money ordinarily creditable to the revenue fund of the Corporation is to be considered with the other question whether the claim filed after it is barred would at all be entertained At present no question of limitation is generally raised and refunds are allowed provided the deposits are traceable from the records available. This course is adopted in the light of the opinion held by the executive authorities that the Corporation as a public body should not raise the question of limitation unless it is so enjoined in the Act. The registers, if permanently preserved would mean that we are ready to entertain any refund at any time That is not certainly a desirable position	
	PARAS 15 AND 26(1).—That the Corporation find that about half of the outstandings shown against the Assessment Department is covered by cases concerning Government and the Railways. A portion of this has already been realised and the balance is pending with Government for final settlement. (2).—That the Auditors be informed that the Corporation have taken definite steps in this direction and that a Special Officer has been appointed to cope with the heavy outstandings in the Collection and the Law Departments and an improvement in the position is expected.	*Accountant-General, Bengal, and Examiner of Local Accounts, Bengal's letter No. L A 2000 dated 29th November, 1939.* PARA 15.—The result achieved in reducing the heavy outstanding taxes by the appointment of the Special Officer will be reviewed in the audit of 1939-40 accounts. *The Chief Accountant reports*—This relates to outstanding consolidated rates—No remarks.	(4) PARA 15.—*Outstanding Consolidated rates.* It appears that the amount of the Outstanding Consolidated rate has increased by more than Rs. 5 lakhs. SECTION III—RECEIPTS. ASSESSMENT DEPARTMENT. *Continued illegal grant of proportionate remission.* 16. In the case of partly occupied premises, proportionate remission was being granted for the portion vacant unler section 537 (c) of the Calcutta Municipal Act, though this was not legal under the Act. This was pointed out in paragraph 17 of the audit report for the year 1928-29. In their letter No. 131 T.M., dated 6th October, 1936 to the Chief Executive Officer, Government also observed that the grant of such remission was not admissible under section 537 (c) of the Act. The Advocate General, too, in reply to a reference made by the Corporation opined in January, 1938 that the proportionate remission was not contemplated by any provision in the Act and that the practice of granting such proportionate remission should be discontinued. He further observed that such remission already granted should be revoked and fresh bills issued. The grant of such illegal remissions was noticed to have been continued upto the 1st quarter of 1938-39. It appears that a sum of Rs. 2,41,737-1-3 as detailed in Annexure C has been illegally remitted on account of partially vacant holdings during the period from 1928-29 (*i.e.*, the year in which the point was first raised in audit) to 1937-38. The Chief Executive Officer has informed Government on 4th January 1939 that in view of the facts that the rate-paying public had come to regard such remissions as all but guaranteed by law and that if the practice was stopped altogether there would be serious difficulties in realising the rates in full, the Estates and General Purposes Committee decided to suggest an amendment of the Act which was under consideration. He has further informed Government that in view of the above he did not propose to consider the question of revoking the remissions at this stage.	PARA 16.—The Assessor reports :— The practice of allowing proportionate remission has been discontinued. Action is being taken to amend the Act so as to make a provision for allowing proportionate remission.

	PARA 16.—That Government be informed that when the objection was raised by the Auditors they themselves were not sure whether it was illegal and the practice of allowing proportionate remission was discontinued as soon as a definite legal opinion was received A proposal for amendment of the relevant section of the Municipal Act has already been accepted by the Corporation and will be submitted to the Government shortly.	*Accountant-General, Bengal, and Examiner of Local Accounts, Bengal's letter No. L A 2000 dated 29th November, 1939* PARA 16.—There was little justification for the continuance of the illegal practice of granting remission after the receipt of Government Order No. 131 T. M. dated 6th October, 1936. The proposed amendment of the Calcutta Municipal Act, even if passed will not validate the remissions already granted. It is therefore desirable to consider the question of revoking the illegal remissions already granted and if it be decided not to revoke the same it is to be considered how the said illegal remission would be legalised *The Chief Accountant reports*— This relates to grant of proportionate remission for partly occupied premises *The Assessor reports*— The Corporation at their meeting held on the 14th August, 1939 have decided to amend the Act by inserting two clauses after Section 151, with a view to giving legal authority to the provisions of Articles 295 and 296 of the Assessment and Collection Manual relating to the granting proportionate remission or rates in suitable cases. The Secretary to the Government of Bengal Department of Public Health and Local Self-Government has also been written to for taking necessary action for amendment of the Act. The Government in their letter dated 6th October, 1936, stated that they were advised that Section 537 (2) does not cover such cases. As the matter was not altogether free from doubt, opinion of the Advocate General was obtained On receipt of the opinion of the Advocate-General, the practice of allowing proportionate remission has been discontinued after obtaining orders of the Chief Executive Officer. *Recommendation of the Finance Standing Committee as confirmed by the Corporation on 21st August, 1940* That with regard to the amendments proposed to enable the Corporation to grant proportionate remission in case of partial vacancy of premises, Government be requested to give retrospective effect to such amendments and to include a clause in the form suggested below:— "The amendments set forth in the proposed Section 151-A and 151-B shall have retrospective effect and shall be deemed to have been made with effect from the date on which the Calcutta Municipal Act 1923, came into force and all remissions which have hitherto been granted according to the principles laid down in those sections shall be deemed to be as valid as if they have been granted thereunder.	

Auditors' Report.

Reduction of valuation under Section 146 of the Calcutta Municipal Act.

17. In several cases annual value of lands and buildings worked out under Section 127 of the Calcutta Municipal Act and finally fixed after hearing the objection under Section 139 of the Calcutta Municipal Act was again reduced under Section 146 on the very date of the disposal of the objection. The following are a couple of instances :—

No. and name of premises	Annual value fixed after hearing appeal.	Reduced annual value under Section 146	Annual reduction in taxes due to reduction shown in the previous column.
101-1, Clive Street ...	Rs. 1,18,800	Rs. 87,500	Rs. 6 260
3, Chowringhee Square ..	Rs. 97,281	Rs. 80,000	Rs. 3,446-3-0

The Chief Executive Officer was requested on 19th November, 1938 to state the reasons for such reduction in the above cases, but no reply was received. As the reasons are not available the auditors have not been able to scrutinise the propriety of reductions..

Replies of the Departmental replies and Chief Accountant's remarks.

PARA 17.—The Assessor reports :—

The reply of the Chief Executive Officer has since been sent to the Accountant-General, Bengal, a copy of the letter being put up below.

"I have the honour to refer to your letter No. L. A. 1831 dated the 19th of November, 1938 (and subsequent reminders) asking for the reasons for which the valuation fixed after hearing the objction under Section 139 of the Calcutta Municipal Act, 1923, in respect of certain premises have again been reduced under Section 146 Before the matter can be proceeded with further, I would like to be informed under what section of the Act the enquiry has been addressed and shall be glad to have an early reply".

Corporation			
Chief Executive Officer's remarks.	Resolutions of the Corporation	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government.
PARA 17.—The position is quite clear. Section 146 confers the right on the Executive Officer to exercise his discretion. It is not understood how the Auditors can interfere.		*Accountant-General, Bengal, and Examiner of Local Accounts, Bengal's letter No. L A 2000 dated 29th November, 1939.* PARA 17.—The Chief Executive Officer in his letter No. S/658 dated 15th May, 1939 stated as follows. "The power conferred under this Section (Section 146 of the Calcutta Municipal Act) is entirely discretionary and the Chief Executive Officer is not required to place on record the reasons or grounds for any amendment made by him in exercise of such powers.' The auditors however do not agree with this view. The Legal Remembrancer opined as follows on 13th June, 1936 "Section 146 (b) is wide. . . ." Legally the Officer is not limited as to the deductions he makes. * * * The power of decision in these matters is given to the Officer and he has a right to err so long as he is left with the power. If he errs too much another Officer can be given the job. The Auditors cannot assume his functions but they are of course perfectly entitled to point out to the Corporation the inefficiency of the officer to whom this work has been entrusted." So unless the grounds for reductions and the details showing how the reduced valuation has been arrived at under Section 146 are recorded or furnished to the Auditors for Scrutiny, it would not be possible for them to see whether the officers vested with the powers under Section 146 of the Calcutta Municipal Act have been erring too much and are inefficient. It may therefore kindly be decided by Government whether the officers vested with the powers under Section 146 (b) should not furnish reasons for reductions and the details as to how the reduced valuations have been arrived at. *The Chief Accountant reports—* This relates to stating reasons by Chief Executive Officer for reduction of valuation under Section 146 of the Act. This question does not arise in view of the opinion given by the Legal Remembrancer that legally the officer is not limited as to the reductions he makes. *Recommendation of the Finance Committee as confirmed by the Corporation on 21st August, 1940.* The Committee note with regret that the Legal Remembrancer has thought fit to use certain unhappy expression such as "He has a right to err." They do not agree with them in the opinion that the Auditors can question the efficiency of any officer of the Corporation. They can only draw the attention of the Corporation to an irregularity where such irregularity has actually occurred. They also note that the Auditor does not state whether the Legal Remembrancer has expressed any opinion on the point at issue, *viz.*, whether the Chief Executive Officer is required to assign the reason for reduction.	PARA 17.—*Reduction of valuation under Section 146 of the Calcutta Municipal Act.* No explanation has been furnished for the reduction of the valuation of the holdings in question under Section 146 on the very day of disposal of the objection under Section 139. Government suggest that the Corporation should reconsider their attitude to direct the Executive Officer to place on record as far as possible, the reasons for any reduction of valuation made under Section 146 of the Act.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
Irregular reduction of Assessment.	
18. The annual valuation of premises 2-1A, Narayan Sur Street was fixed at Rs. 695 with effect from the 2nd quarter 1933-34. The owner of the premises who had not paid any portion of the taxes for more than 4 years applied on 14th September, 1937 for a reduction in the annual valuation by calculating the same at a percentage lower than the usual 5 per cent. on the cost of erecting the building less depreciation. The annual value being in excess of Rs. 500, reduction of assessment by taking a lower percentage was not admissible under proviso (iii) below Section 127 (b) of the Calcutta Municipal Act, 1923 The 1st Deputy Executive Officer, however, on the 26th September, 1938, in view of the party's straitened circumstances reduced the valuation to Rs. 250 with retrospective effect from the 1st quarter of 1933-34 under Section 146 of the Act. It is doubtful whether Section 146 of the Act was intended to empower the Chief Executive Officer to reduce taxes on the ground of straitened circumstances.	PARA 18.—The Assessor reports :— In the case of a premises of which the annual valuation exceeds Rs. 500 but the financial condition of the party is bad enough to justify reduction of valuation by taking a lower percentage under proviso (iii) of section 127 of the Act, relief is granted to party under Section 146 of the Act, as lower percentage cannot be allowed on account of legal difficulty. I think, Section 146 is wide enough to cover all cases of reductions allowed on the ground of straitened circumstances. Opinion of the Chief Law Officer may be obtained, if necessary. The Chief Law Officer reports :— I agree with the view expressed by the Assessor. Section 146 gives a discretion to the Executive Officer to reduce the amount of any valuation. Chief Executive Officer may exercise such discretion as he thinks best. The language of the Section is very wide and I do not see why it would not cover a case like the one under notice.
Howrah Bridge Tax not levied on Municipal properties deriving income.	
19. Municipal buildings viz., markets, dhobikhanas etc. from which any income is derived are assessable to tax under Section 8 of the Howrah Bridge Act with effect from January, 1937. They have, however, not yet been so assessed and no payment on account of taxes on the municipal buildings has so far been made to the Bridge Commissioners.	PARA 19.—The Assessor reports :- Necessary action is being taken in the matter.
COLLECTION DEPARTMENT.	
OUTSTANDING RATES	
Want of proper action leading to accumulation of arrears.	
20. In their letter No. 186M dated 19th January, 1938 Government desired that a list of persons who were in arrears for Rs. 500 or more should be prepared and the reasons for non-realisation and the steps taken to deal with them should be recorded therein. No such list was available. A few cases of such outstandings that came to notice in the course of audit are shown in Annexure D. It did not appear that any warrants were issued or any suits filed in these cases although the arrears were considerable and in some cases were outstanding for a long time.	PARA 20.—The Collector reports :— Our reply to the further remarks made by the Accountant-General, Bengal on Para 24 of the Audit Report for the year 1936-37 relating to the same question as raised herein, namely, preparing a "list of persons who are in arrears of Rs. 500 or more", was as follows :— The words "List of persons" in the Government order are misleading and the matter has since been made clear to the Government auditor in connection with his query statement No. 535 of 1937-38. The accounts in this department are not kept by persons but by premises. What a bailiff does in a "Group List" is to prepare first a list of outstandings against a particular holding and afterwards these holdings are grouped together as far as they are known to be belonging to one party. This does not guarantee that each party of each bailiff has been regrouped with the same party of a different bailiff in mathematical certainty. It is inevitable for the reason that the bailiffs are about 200 scattered over the whole department and the parties of each bailiff are good many. Our Group list, therefore, is a list of holdings with their outstandings, against persons

The Chief Accountant reports :— The matter as to whether a list of properties or a list of persons must be made out is under consideration of the Chief Executive Officer.
Formal receipts not issued in certain cases of realisation. 21. In reply to the suggestion made in paragraph 33 of the Audit Report for 1935-36 for the introduction of a printed form of receipt for amounts received without sufficient details and for partial recoveries of bills, the Corporation in their meeting dated the 25th May, 1938 observed that the present arrangement to which no objection was taken by the parties should continue as the records maintained afford sufficient facilities for purposes of audit. The only record which the department could produce was the "Collector's Suspense Deposit Register" in which entries are made showing the amounts sent to the Treasurer who puts his seal in token of receipt against each item. It is, however, not possible for audit to satisfy itself that all sums, the receipt of which have been acknowledged by the Collector or by his subordinates by letters or otherwise have been entered in this register. A proper check is possible if receipts in printed form with counterfoils are issued. The Collector, however, thinks that there are legal difficulties to the adoption of this procedure. If so, audit will have to be conducted on the basis of entries in the Register. To ensure, however, that entries are duly made in this register in respect of all sums acknowledged, the Collector or any other officer authorised to sign the acknowledgment should see that the necessary entry has been made in the Register and attest such entry in token of check at the time of signing the acknowledgment.	PARA 21.—The Collector reports :— We have no objection to the suggestion.
COMMERCIAL MUSEUM. *Sanction to the rate of rents for spaces in the Museum wanting.* 22. During the year under audit more than Rs. 4,000 were realised from various parties as rent on account of spaces occupied by their exhibits in the Commercial Museum, but the sanction of the Corporation to the rate of rent to be charged has not been obtained as yet. In the absence of such sanction audit is not in a position to satisfy itself about the correctness of the demands shown against the different parties. It is understood that the Estates and General Purposes Committee appointed a special committee for the purpose of recommending rates of rent and that at present the matter stands there. As rent is being demanded from September 1936, without proper sanction, a decision in the matter should be expedited.	PARA 22.—The matter is pending before the Committee.

ENGINEERING DEPARTMENT.	
Want of a Demand Register in respect of License Fees for unauthorised Scaffolding etc.	
23. In the case of unauthorised scaffoldings etc., or of similar deposits of building materials, earth, etc. on public streets notices are issued for taking out licenses on payment of double the fees ordinarily payable. No register is, however, maintained to watch the consequent realisations. Maintenance of a demand register in suitable form is necessary to ensure a proper check on these realisations.	PARA 23.—The Chief Accountant reports :— The Chief Engineer has proposed the introduction of a set of registers and this has been accepted for future use.
HEALTH DEPARTMENT.	
Ambulance Fees reduced.	
24. Rule 2A (iv) of the rules for the use of Motor Ambulances empowers the Health Officer to reduce or remit in special cases the charges prescribed for the use of the ambulances. A few cases in which a reduction was granted are given below. 1. A reduction of Rs. 4 allowed to Babu Ardhendu Bhusan Mukherjee, Assistant Surveyor, Chief Valuer and Surveyor's Department of the Calcutta Corporation for the use of the ambulance on 28th October, 1937 by his daughter-in-law. 2. A reduction of Rs. 5 allowed to a lecturer of the Presidency College for the use of the ambulance on 29th October, 1937 by one of his relatives. 3. A reduction of Rs. 4 allowed on 14th July, 1937 in respect of the trip for removing Mrs. Marks from Shalimar Rope Works to Presidency General Hospital. The propriety of the reductions could not be scrutinised in audit as the reasons for granting the same were not furnished by the Health Officer even though he was requested to do so by the auditors	PARA 24.—The Health Officer reports :— Answers to these queries were submitted long before and these answers may be referred to. The Corporation rules have empowered the Health Officer to reduce or remit the ambulance charges in certain cases. The Health Officer made enquiries and after proper investigation satisfied himself that in these cases he was justified in reducing the usual charges. I do not see how the Government Auditor can question the action of the Health Officer.
Want of a Demand Register in the Corporation Slaughter Houses.	
25. The receipts from slaughter house include license fees in respect of the items noted in the margin. 1. Permit fees for Slaughtering animals. 2. Fees from Hookka Boys. 3. Fees from offal dealers. 4. Fees from offal vendors. 5. Fees from head vendors. 6. Fees from hoofs and horns dealers. As licenses in connection with these fees are issued for specified periods and have to be renewed on the expiry of the period for which they had been previously issued, on payment of fresh fees, the maintenance of a Demand Register is necessary to watch that the licenses are regularly renewed.	PARA 25.—The Health Officer reports :— Instructions are being issued for maintaining Demand Registers henceforth.

(8) PARAS 23 & 25.—*Want of Demand Registers in respect of license fees for unauthorised scaffolding, etc., and the Corporation Slaughter house.* Government fail to understand how the Departments of the Corporation have so long managed to check the realisation of the license fees without maintaining a Demand Register for the same.
Para. 24—The Health Officer satisfied himself that the reduction was justifiable and he exercised his discretion in the cases. I do not see how this can be questioned by the Auditors.		*Accountant General, Bengal, and Examiner of Local Accounts, Bengal's letter No. L A 2000 dated 29th November, 1939.* PARA 24.—No reasons were furnished by the Health Officer for reducing the ambulance fees in the cases cited. The fact that the Health Officer has the discretion to reduce the charges for motor ambulance does not mean that whatever he does is proper and should not be questioned. It is the duty of the Auditors to scrutinise the propriety of his financial orders and to see whether the discretion vested in him in such matters is exercised properly with due respect to the interest of the tax payers (*vide* Section 122 (a) of the Calcutta Municipal Act). As however the then Health Officer Dr. Biswas has since retired and as the amounts involved are petty, the objection in question need not be pursued. *The Chief Accountant reports*—This relates to reduction of ambulance fees by the Health Officer in a few cases. This case is analogous to the one referred to in para 17 above and I think it was proper for the auditors not to raise the objection at all. The Health Officer has nothing to add what was stated by his department before. The Auditors are not willing to pursue the objection.	(9) PARA 24.—*Ambulance fees reduced.* The Health Officer may be directed to record reasons for reducing the ambulance fees in future.
Para. 25—A Demand Register should be maintained by the Department as suggested by the Auditors.		*Accountant General, Bengal, and Examiner of Local Accounts, Bengal's letter No. L A 2000 dated 29th November, 1939.* PARA. 25.—Action taken in opening a demand register as approved by the Corporation will be reviewed during the course of audit of the accounts of 1939 40.	*Vide Paragraph 23 above.*

It will be seen from the above that the total outstanding on 31st March, 1938 have increased from Rs. 17,47,852 to Rs 20,13,965, *i.e.*, by more than Rs. 2 lakhs and 60 thousands during the year under audit. The increase, however, was mainly due to heavy incoming of bills to the Law Department during the year

PARA 26.—The Chief Law Officer reports :—
It has been pointed out that the total outstandings in the Law Department on 31st March, 1938 have increased by more than two lacs and sixty thousand As has been pointed out by the Auditors this increase is mainly due to heavy incoming of bills to the Law Department, during the year; as against Rs. 1,96,314 realised during the year there has been a transfer to the tune of Rs. 4,88,637 which I should add was, nearly 2 lacs in excess of the amount transferred in the previous year (*viz.*, Rs. 2,92,314). I have pointed out times without number that due to such heavy annual transfer the staff has proved to be inadequate and unable to cope with the heavy outstandings. The question of strengthening the staff has been pending before the Law Department Special Committee for sometime past and although the Committee have been convinced that the staff is inadequate and needs supplementing no final decision has yet been arrived at. I may also mention here that in my reply to the previous Audit Report I pointed out that there is hardly any possibility of reducing the outstanding balance unless and until the transfer of bills is controlled and I cannot but repeat that this increase in the outstandings cannot be reduced unless the transfer is controlled and the staff is strengthened in the near future

DELAY IN TAKING ACTION.

(i)—Arrear Taxes

27. A sum of Rs. 14,852-11-0 was outstanding at the time when the present audit closed as owner's and occupier's shares of consolidated rate in respect of 5, Dhurrumtola Street from the 2nd quarter to the 4th quarter 1933-34 and the 2nd quarter to the 4th quarter 1934 35.

PARA 27.—The Chief Law Officer reports :—
By an order of the Hon'ble High Court dated 28th July, 1936, the Sheriff of Calcutta was directed to sell by public auction the right, title and interest of J. F. Madan in premises No. 5, Dharamtolla Street in execution of a decree in Suit Kameswar Lal Gunerigalla—*vs.*—J. F. Madan.

		The Chief Accountant reports— This relates to maintenance of a Demand Register in the Corporation Slaughter Houses *The Health Officer reports*— The Register will come into use from 1st April, 1940.	
Remarks of the Deputy Executive Officer I:— Para. 26—Transfer of rate bills from the Collection Department to the Law Department will have to be more strictly controlled. An annual transfer of nearly 4 lacs from the Collection Department is much in excess of the capacity of the Law Department to cope with, with the staff at its disposal. The first thing to be seen is, whether the Collector is transferring rate-bills for realisation by suit which may have been collected with the exercise of coercive powers he enjoys If, however, it is found that with the best efforts by the Collector the transfer figures cannot be reduced, there will be no option left but to re-organise and strengthen the Law Department to cope with the abnormal transfer made by the Collector. *The Chief Executive Officer's remarks.* There is no doubt that the Law Department requires further reorganisation and the matter has been taken in hand.	PARAS. 15 AND 26.—(1) That the Corporation find that about half of the Outstandings shown against the Assessment Department is covered by cases concerning Government and the Railways. A portion of this has already been realised and the balance is pending with Government for final settlement. (2) That the Auditors be informed that the Corporation have taken definite steps in this direction and that a Special Officer has been appointed to cope with the heavy Outstandings in the Collection and the Law Departments and an improvement in the position is expected.	*Accountant General, Bengal, and Examiner of Local Accounts, Bengal's letter No. L A 2000 dated 29th November, 1939* PARA 26.—The result of the appointment of the Special Officer to cope with these heavy outstandings is awaited. *The Chief Accountant reports*— Bills outstanding in the Law Department—No remarks	(10) PARA 26.—*Law Department Heavy Outstandings.* The work of the department seems to be far from satisfactory. The Corporation are requested to submit, within 6 weeks of the receipt of this letter, a statement showing in detail the steps so far taken to reduce the heavy outstandings in the Law Department, the total amount outstanding at present, the amount covered by decrees not yet executed, the amounts covered by suits pending before several courts, the amount for the recovery of which no suits have yet been instituted and any other matters likely to give a true picture of the work of the Department so that Government may decide whether a Special Audit or a thorough inspection of the Department by an officer is called for
		Accountant General, Bengal, and Examiner of Local Accounts, Bengal's letter No. L A 2000 dated 29th November, 1939. PARA 27.—The matter will be further dealt with in the next	

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
The Chief Law Officer stated on the 10th December, 1937 that searches would be made preliminary to the institution of a suit. He again replied on the 22nd December, 1938, *i.e.*, after more than a year that searches and enquiries were being made preparatory to the filing of charge suit. The file does not show that any action was taken after April, 1933. It is desirable to expedite action as this heavy amount has been outstanding for a long time.	The Solicitors in charge of the sale have included in the sale proclamation the amount due on account of taxes in respect of these premises. As there is a chance of getting the amount out of the sale proceeds we are awaiting the result of the sale which is still pending. This explains the delay complained of in taking action.
(ii)—Exemption Fees.	
28. Exemption fees in respect of premises No. 17/1, Asutosh Mukherjee Road under Section 357 (2) of Calcutta Municipal Act, 1899, have not been realised from the year 1931, the outstanding on 31st March, 1938 being Rs. 784. Similarly exemption fees in respect of premises No. 6 & 7, Bethune Row have not been realised from the year 1928, the arrear dues on 31st March, 1938 amounting to Rs. 1,460. In both cases, the Collection Department passed on the claims to the Law Department in 1932. No suits, however, have yet been filed.	PARA 28.—The Chief Law Officer reports :— Different Advocate Generals have given adverse opinion to the effect that it is doubtful whether the exemption fee forms a charge under the Old Act without any Registered agreement and even it is so it is not binding on a bonafide purchaser for value without notice. In view of the above opinion all suits for realisation of exemption fee have been kept in abeyance unless any general line of action is decided upon for recovery of such dues. Regarding the present two premises, apart from the legal difficulties pointed out above, all the owners and interested persons to be impleaded in the proposed suits could not be ascertained to enable us to file charge suits if decided upon as a test case.

Outstanding License Tax.

29. (a) From the following statement of total demand, collection and balance, it would appear that license fees amounting to more than seven lacs of rupees under various sections of the Act were outstanding on the 31st March, 1938. A classified statement of the outstanding amounts is given in Annexure E. Some of the arrears date back to the year 1924-25.

PARA 29.—The License Officer reports :—

These outstanding demands being mostly irrecoverable are to be cancelled under Section 317 of the Calcutta Municipal Act. The outstanding irrecoverable demands for 1931-32 and 1932-33 have already been recommended for cancellation by the Finance Standing Committee and are pending for confirmation by the Corporation. A further list is almost ready and will be placed before the Committee as soon as possible. Lists of all outstanding arrears including 1925-26 to 1930-31 and 1931-32 onwards also are being made ready and will be placed before the Committee by batches. We are trying our best to act upon the resolution of the Corporation that the list of irrecoverable demands should be placed before the Committee within the next financial year and once the outstanding lists so far due are cancelled we hope to be upto date in future. As regards the lists for 1924-25 I have already reported that they were placed before the Committee by the late License Officer Mr. C. C. Mitra but I could not lay my hands on them after that nor do I find any resolution of the Committee recommending their cancellation. As these lists are not traceable and as it is not worthwhile dragging them on year to year I would submit that the entire outstanding demand of Rs. 22,915 for 1924-25 be cancelled in lump by a resolution of the Finance Committee and the Corporation.

Under-Assessment of Tax on Trades and Profession.

30. Permanent stalls at a daily market are assessable to a minimum license fee of Rs. 12 per annum *vide* item 64 of Schedule VI of the Calcutta Municipal Act and paragraph 27 of the License Manual. But many permanent stalls at the Bowbazar Market were assessed at Rs. 4 only in 1937-38. It was stated that the parties were allowed reduction of License Tax under Section 175 (c) of the Act in previous years and that the relief continued in 1937-38 also under Paragraph 47 of the License Manual. The orders for allowing them to take out license under a lower class could not, however, be shown as they were stated to have been destroyed long ago. As the relief is being continued from year to year either the original order should have been preserved in support thereof or sanction under Section 175 (c) obtained every year. It was stated that the circumstances of the parties in which they were assessed previously at a lower class remained unchanged during the year under audit. As the orders reducing the fees were destroyed presumably with all papers relating thereto, it is not clear how the circumstances in which the orders were issued were ascertained.

PARA 30.—The License Officer reports:
Those relate to petty shopkeepers and dealers in a market on whom an imposition of a tax of Rs. 12 as permanent stall-keeper would be hardly justifiable and would practically kill their small business. The relief granted to them under Section 175 (c) in previous years was allowed to be continued for the year. These sanctions are not forthcoming now. However in future sanction will be obtained before granting them relief for the satisfaction of the Auditors, which, however, I may mention is not necessary under the License Manual (*vide*. License Manual Para 47).

MARKETS

Laxity in collection of rents.

31. A sum of Rs. 1,555-6-9 representing the rent and additional rent of rooms E. 41—and E. 88 up to 5th February, 1937, was allowed to be accumulated against the occupier Mr. H. Ghosh of College Street Market. The accumulation in respect of E 41 was for more than 255 days. The goods in the rooms when seized and sold by public auction fetched Rs. 1,139 only leaving a balance of Rs. 416-6-9. Proposal to write off this balance is under consideration.

Under Rule 13 of the Bye-laws for the inspection of markets, etc., and Management of Municipal Markets, rent of stalls is payable daily. The question of writing off revenue in the above case would not have arisen if the above rule was properly enforced.

A list of losses which appeared in the accounts of the year owing to the infringement of the above rule is given in Annexure F to this report.

PARA 31.—The Superintendent, College Street Market reports:—
The occupier of the room Nos. E-88 and 41 fell into arrears to the amount of Rs. 1,555-6-9 on account of rent and additional rent. The goods of the rooms as well as the right of occupation were auctioned and sold at Rs. 1,550. Out of this amount Rs. 1,139 the price of goods was adjusted against the outstanding rent of the rooms and the balance of Rs. 411 was paid as initial rent by the new tenant. The balance of outstanding dues was Rs. 416-6-9 on account of additional rent. So the actual loss to the Corporation was Rs. 5-6-9 though the paper loss figures at Rs. 416-6-9. A portion of the goods seized by the Corporation was taken possession of by the Deputy Registrar, Court of Small Causes, Calcutta on the ground of his seizure otherwise there might not have been any necessity for writing off even Rs. 416-6-9.
The rent of the room No. E-88 was fixed at Rs. 100 per month for the previous occupier. After his vacating the room, the rent was revised and fixed at Rs. 139 per month with effect from 1st September, 1937. Thus there has been a recurring gain of Rs. 444 per year in respect of the room No. E-88.

Remarks of the Deputy Executive Officer I:— Para 31—The collection of rent in the Municipal Market is kept at a very high standard and it can compare favourably with collection made by any department of a similar public body. Considering the volume of the demand, the amount cancelled every year is infinitesimal. It is true that most of the stalls are to pay daily rent and attempt is made to realise such rent daily. But as the markets may be taken to be a business concern, more or less, it is not possible, nor is it advisable in the interest of the administration to take immediate action when few of such stalls fail to pay their rent daily. It may have the effect of killing some of these stalls if the payment of daily rent is strictly enforced		*Accountant General, Bengal, and Examiner of Local Accounts, Bengal's letter No. L A 2000 dated 29th November, 1939.* PARA 31—No remarks. *The Chief Accountant reports*—No remarks	

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
	Regarding Rule No. 13 of the Bye-Laws for the Inspection of Markets, etc., and Management of Municipal Markets, viz., rent of stalls payable daily, it is submitted that the rule is generally enforced. Allowance is sometimes made under extraneous circumstances. Since 1930 the world has been in the midst of the greatest depression it has ever experienced. The present slump is more severe than any of its predecessors, in its depth, extension and duration. It has already exploded the pet theory of trade cycle. So under the present condition of trade the strict enforcement of the rule may indeed avoid the paper loss, with which the Auditors are concerned, but the actual loss to the Corporation may be much greater. There is already a large number of rooms in the Markets unoccupied and if the existing tenants find it too difficult to obtain any breathing time in their hard struggle to carry on, in the distant hope of a revival of trade, the vacancy may go up, resulting in a greater loss to the Corporation. On examination of records it will be found that as far as College Street Market is concerned there was practically no outstanding in rent or additional rent prior to 1930. Attempts are no doubt made to enforce the rule in case of daily and monthly tenants as best as possible. The occupier of the room No. E 88 was a monthly tenant. There was in fact no laxity on the part of the Executive in their attempts for realisation of the dues. The market is something like a trading concern. The amount of Rs. 416-6-9, if it is a bad debt is not a bad figure in consideration of the annual receipt of the market, *viz.*, Rs. 2,45,000. The Superintendent, S. S. Hogg Market reports :— With reference to the Audit Report for 1937-38, so far as this market is concerned, regarding the losses which appeared in the accounts of the year owing to the infringement of Rule 13 of the Bye-laws for the inspection of Markets, etc., and Management of Municipal Makrets, I may point out at the outset that the total losses as appeared in the accounts of the year amount to Rs. 77-6-0, which is an infinitely small figure in comparison with a collection of about 8¾ lacs and hence the loss referred to is a negligible one. There is a great practical difficulty in enforcing the rule referred to by the Government Auditor. The only remedy that lies with us for realisation of Corporation dues is to take action under a Notice of Demand and the usual procedure that we have got to follow takes some time before the final execution of the decree under a Distress Warrant. It is not practicable to issue a Notice of Demand for default of rent for a single day. The Department is always on the alert to see that there is no loss of revenue but we have, on occasions, to concede time to the parties. In the cases referred to in the annexure 'F', it will be seen that the Department seized the goods of the parties concerned under Distress Warrants and could have realised Corporation dues in full if there had been no dearth of buyers due to acute economic distress. There was thus no laxity on part of the Department. The Superintendent, Entally Market, reports :— With reference to the cases relating to the Entally Market, *viz.*, Miscellaneous Stalls Nos. 29,49,64 and No. 37, I may submit that in view of trade depression causing a large number of vacancies in the market, we could not afford to be too strict in each one of the cases referred to by the auditors. Since that would have the only effect of scaring away our tenants, adding to the number of our vacancies and thus affecting our revenue ultimately. It would thus appear that it was in the interest of the market, that we did not strictly enforce rule 13 of the Bye Laws. The fact that all told only Rs. 59 and odd were written off under Section 213 during 1937-38 proves that we were as strict as the circumstances permitted. The Superintendent, Park Circus Market reports : With reference to two cases 78 A and 74 in the Park Circus Market, I may submit that so far as 74 is concerned, we could not afford to be too strict in the case Since that would have the only effect of scaring away not only this tenant but others as well, the market consisting of only a cluster of temporary stalls As the party had hardly any goods to be distrained towards satis

faction of our dues, we could not enforce daily payment as per Rule 13 of the Bye laws referred to in the Audit Report. We did not, however, relax our efforts to realise as much of the arrears as we could afford to even after the party had left the market, and had no other alternative but to get the balance of Rs. 17-3-0 written off under Section 213 of the Act as there was no further hope of any recovery.

As for Stall No. 78 A—(Musammat F. K. Choudhury) I may submit that the party raised a small bamboo structure and went on paying rents, though she actually carried on no business there in; as a matter of fact the lady had paid all told Rs. 103 before her death and that all in the expectation of a full-fledged market on the site in near future. Though she fell in arrears before her sudden death, we had every hope that we would realise our dues if she were only alive. Besides her husband had a big stake in the market and did actually pay Rs. 35 out of the outstanding demand of Rs. 135-8-0 on his wife's behalf after the latter's death We had nothing to doubt the lady's *bonafides*. Her sudden death, however, deprived us of our dues, more so because, she had hardly any goods in the said stall Hence the necessity for getting the amount of Rs. 100-8-0 written off as irrecoverable under Section 213 of the Municipal Act.

THEATRES.

Inspection Fees not realised.

32. Under Clause 82 (now 85) of the Theatre Bye-laws framed under Section 559 (52) of the Calcutta Municipal Act, 1899 (sanctioned by the Local Government on 13th January, 1908) the Corporation at their meeting dated 21st April, 1909 prescribed the levy of inclusive fee of Rs. 16 for each inspection of all fire appliances, etc., at the theatres under Clauses 30 to 81 of the said Bye-Laws. Those inspections were then done by outside agency and the fees were paid to them by the Corporation and recovered from the theatre managers. This system did not, however, continue long and after a short period the work of inspection was entrusted to the Corporation employees and the realisation of such fees was discontinued but the order of the Corporation for the non-realisation of such fees could not be shewn

Although no fees are now being paid to any outside agency, the cost is still being incurred in the shape of pay of the departmental inspecting staff. In view of this, the matter is brought to the notice of the Corporation for consideration and orders as to whether the discontinuance of the realisation of the fees in question has their approval.

PARA 32.—The D. E. O. II observes :—

It is no doubt true that we cannot trace and as such we could not supply to Audit query any order of Corporation directing discontinuance of realisation of fees. Possibly there is no such order in existence. The section has become obsolete by disuse. Whether Corporation after appointing their own agencies did not encourage certificates from outsiders or the system of recognising outsiders to give certificates of guarantee went to disuse is not traceable from any records. Only the presumption is drawn from long disuse that the section was not acted upon because Corporation has made its own arrangement for twenty four hours' vigilance and inspection.

SECTION IV—EXPENDITURE.

CALCUTTA MUNICIPAL GAZETTE

Net expenditure exceeds the sanctioned limit.

33. The Corporation resolved on 7th October, 1936 that the excess of expenditure over the income of the Calcutta Municipal Gazette should be limited to Rs. 5,000 in any one year. It will, however, be seen from the figures given below that with regard to the year 1937-38 the expenditure exceeded the income by Rs. 6,186.

Year.	Income.	Expenditure.	Deficit.	Remarks.
	Rs.	Rs.	Rs.	
1937-38	30,124	38,678 —2,368 36,310	6,186	Excludes Rs. 2,368 being outstanding advertisement commission of 1936 37 paid in 1937-38

PARA 33.—The Editor, Municipal Gazette reports :—

During the year 1937-38, the limits of expenditure exceeded by Rs. 1,186 only, and this was due to abnormal circumstances beyond the control of the Department. The most important factor was, however, a falling off in advertisement revenue due to the Sole Advertising Agent's inability to maintain the maximum level of guaranteed advertisements. The fact was discussed at the last Budget Special Committee meeting in connection with the provision of Receipts under Budget item 15-A—"Calcutta Municipal Gazette"—"Advertisement fees", when the Chief Accountant observed as follows :—"The contract with Mr Khemka expired last year and there was considerable delay in renewing the contract. Mr. Khemka did not therefore, work as before, not being quite sure of his contract. The result was that the Corporation suffered loss and Mr Khemka also sustained loss to the extent, say, 25 per cent. Even after the renewal of the contract, Mr Khemka could not do the same amount of work as before as he said he was under a handicap"

PARA 32—I do not think that it was the intention of the Corporation to levy the fees when they had employed their own officers for inspection.	*Recommendation of the Cinema Inquiry Special Committee dated the 8th February, 1940 as confirmed by the Corporation on 6th March, 1940* :— That in view of the fact that the Corporation are having constant supervision exercised by their own permanent officers as regards fire appliances at the theatres, which is more desirable than inspections by an outside agency twice a year or so, the realisation of the inclusive fee of Rs 16 which was levied for each inspection of all fire appliances, etc., at the theatres under clauses 30—81 of the Theatre Bye Laws framed under Section 559 (52) of the Calcutta Municipal Act, 1899, be discontinued in modification of the Corporation resolution dated the 21st April, 1909. Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
	In this connection, I should like to observe that the resolution of the Corporation referred to by the Government Auditor was based upon a misconception as the publication of the Gazette of any year cannot be regulated according to its receipts. The expenditure incurred during the year in question was covered by the budget grant, but when the receipt fell short of our expectation it was not possible to curtail the expenditure accordingly. I would further add that the Gazette cannot be treated as a trading concern. It has more than once been recognised that the Gazette has enhanced the prestige of the Corporation immensely in the eyes of the world, and its educational value and help in popularising the municipal government of the city is greater than the small sum that the Corporation have to spend over its publication. The proceedings of the Committees and the Corporation relating to the publication of the Gazette show that, when the paper was started in 1924 the principal motive was to educate the citizens of Calcutta in civic affairs and to carry on health propaganda. At that time the Corporation clearly laid down that the main objects of the venture were (1) to supply information about the decision and activities of the Corporation; (2) to develop the civic sense of the people of Calcutta, (3) to counteract unjustifiable criticisms of the Corporation; (4) to publish Corporation notices regarding contracts and other matters; (5) to furnish vital and hygienic statistics and (6) to incorporate its forerunner the weekly bulletin of Market Prices Current. The last of these is a statutory obligation of the Corporation, and the rest are designed to promote public health and convenience of the citizens of Calcutta. To regularise the expenditure of a year on the basis of the income of that particular year by a fixed margin, I am afraid, cannot always be practicable nor does this question arise in the case of the "Gazette" as it does not arise in regard to other public activities of the Corporation. The expenditure incurred over the "Gazette" is covered by section 477 (XVIII) of the Calcutta Municipal Act 1923. This view *has already been reiterated by the Corporation* and has been confirmed by a notification (*vide, Calcutta Gazette* dated the 5th December, 1935) by the Local Self Government Department of the Government of Bengal, which clearly says that the "Publication of the *Calcutta Municipal Gazette* by the Corporation and the expenditure incurred in connection therewith are matters likely to promote the public health and convenience etc."
CITY ARCHITECT'S DEPARTMENT *Personal allowance in addition to increment in substantive pay* 34. On the 17th February, 1937 the Corporation sanctioned a personal allowance of Rs. 15 in favour of Babu Nirmal Chandra Chowdhury, a clerk of the Building Department working at the Manicktola Office The grounds for the grant were :— (1) Abnormal increase of work at the Manicktolla Office, and (2) the clerk had been drawing the maximum of his grade (Rs. 40—5—125) for several years. Babu Nirmal Chandra Chowdhury was transferred to the Central Office on 7th September, 1937. The scale of pay was also raised by the Corporation to Rs. 40—5—150 with effect from 1st April, 1936 and Babu Nirmal Chandra Chowdhury began to draw Rs. 130 from 1st April, 1937 and is drawing Rs. 135 from 1st April, 1938. The full amount of personal allowance of Rs. 15 is also being drawn all along in addition. As the circumstances justifying the personal allowance have materially changed, the matter is brought to the notice of the Corporation for considering whether the amount thereof should not be correspondingly reduced, as his substantive pay increases This is what is ordinarily done in the case of a Government servant.	PARA 34.—The Chief Accountant reports :— There is nothing in the resolution of the Corporation that his personal allowance will be decreased with each increase of pay in his grade. According to the Government rule, it is also open to the sanctioning authority to direct that no such decrease be made.

	PARA 34.—That the Corporation agree with the Chief Accountant that in raising the scale of pay of Babu Nirmal Chandra Chowdhury, it was not the intention of the Corporation to reduce his personal allowance In fact, there is nothing in the Corporation Service Rules to support the contention of the Auditors.	*Accountant General, Bengal, and Examiner of Local Accounts, Bengal's letter No. L A 2000 dated 29th November, 1939.* PARA 34.—The Corporation appear to have missed the point at issue. The point is that the personal allowance was granted on the grounds of (1) abnormal increase of his work at the Manicktola Office and (2) drawing the maximum pay of Rs. 125 for several years. As he has since been transferred from the Manicktola Office to the Central Office and as the maximum pay of his grade has since been raised from Rs 125—150 both the grounds on which the personal allowance had been sanctioned, now ceased to exist It is therefore for the Corporation to reconsider whether his personal allowance would still continue and if so on what grounds. *The Chief Accountant reports.*—This relates to the grant of a personal allowance.	(11) PARA 34.—*Personal allowance in addition to increment in substantive pay.* The attention of the Corporation is invited to the Audit rejoinder with the request that the matter may be reconsidered as suggested by the Auditors and the decision of the Corporation communicated to Government.

Deputation of Dr. B. N. Dey.

35. Dr. Dey while on leave in England was required by the Chief Executive Officer to instruct the Counsel engaged in connection with a Privy Council Appeal then pending (Port Commissioners, *vs.* Corporation of Calcutta). For the period from 12th October, 1936 to 20th November, 1936, Dr. Dey was accordingly treated as on deputation, *vide*. Corporation resolution dated 22nd November, 1938, and allowed to draw his substantive pay plus a deputation allowance at Rs. 750 per month equivalent to his motor car, duty and house allowances. Sanction of Government is necessary for the deputation allowance according to the proviso to Section 51 (1) of the Act

PARA 35.—The Chief Accountant reports :—
Government in their letter No 384M dated 14th March, 1939 sanctioned the deputation allowance of Dr. B. N. Dey for the period from 12th October, 1936 to 20th November, 1936.

Enforced Payment of Overtime Allowance.

36. A suit for arrear overtime allowance amounting to Rs 206-4 0 and other reliefs was allowed to be decreed against the Corporation for the said amount plus costs amounting to Rs. 30-10-0. The amount was paid on Voucher No. 8602 dated 19th July, 1937.

The plaintiff, Gopal Chandra Das worked as an Assistant Tube-well Driver from 1st September, 1933 to 30th November, 1934 He had submitted a petition on 11th July, 1934, praying for the allowance but no action was taken then. About a year after he had been discharged, a bill for overtime allowance amounting to Rs 206 4-0 at a uniform rate of 4 hours per day for the entire period of his service was made out on 21st November, 1935, all on one day, on fresh muster rolls for this man only and submitted by the Executive Engineer, Water Works for payment with the report that the man had actually worked overtime. The Chief Executive Officer however refused to sanction payment in the absence of satisfactory evidence of overtime work. After another petition on 6th July, 1936 the man preferred the suit. On the report of the Chief Law Officer that the evidence of the superior officers of the Water Works Department was likely to be in favour of the plaintiff, the Officiating Chief Executive Officer agreed on the 9th July, 1937 not to contest the suit. Although the payment was made in pursuance of a decree, the matter is brought to the notice of the Corporation as the claim related to overtime allowance which required their sanction but was never put up to them for consideration. The fact that the claim could not be passed by the Accounts Department owing to absence of record of overtime work in the muster roll is also brought to their notice.

PARA 36.—The Executive Engineer, Water Works reports :—
The reason why the question was never placed before the Corporation is to be found in the auditor's own note wherein he states that "the Chief Executive Officer refused to sanction payment in the absence of satisfactory evidence for overtime work." As against the omission in the master roll the fact that the Tube-Well did work for 12 hours a day as well as the fact that the Driver was duly paid overtime allowance for 4 hours extra work daily should be taken into consideration. The Assistant Tube-Well Driver was engaged to help the driver in keeping record of trips of lorries made in Garden Reach and the lorries used to draw water from the Tube-Well during the whole period that the tube-well worked. These are positive proofs that the Assistant Driver worked overtime. The fact is further corroborated by the notes (1) of Superintendent Water Works dated 27th November, 1935, (2) of Offg. Superintendent, Water Works dated 15th November, 1935 and (3) of Executive Engineer, Water Works dated 28th November, 1935, and all these officers spoke from *personal* knowledge. There can be no doubt left that the man did over time work. The real trouble was that he did not know that he was entitled to overtime payment until after his services had been dispensed with Had he known it and claimed it earlier the Overseer would have taken orders to enter such overtime attendance in the muster roll earlier and the whole thing would have been regularised in proper time.

"That the Committee agree with the Chief Accountant that in raising the scale of pay of Babu Nirmal Ch. Chowdhury, it was not the intention of the Corporation to reduce the personal allowance. Delay in considering tender causes loss. 37. Tenders for the construction of additional menial's quarters at Tallah Pumping Station were opened on 15th September, 1936 and were current for 3 months from that date. The tenders, however, were submitted for the consideration of the Corporation as late as 9th December, 1936 and as the latter desired information on a certain point, the matter could not be disposed of till 22nd December, 1936, when a tender amounting to Rs. 34,759-13-0 was selected. The tender had, however, lapsed in the meantime, *viz.*, on 15th December 1936 and as prices had risen in course of the interval, the selected contractor was not bound by his previous offer. Fresh tenders were invited and the Corporation finally accepted a tender amounting to Rs. 39,117-4-0 For this loss of about Rs. 4,000 the Engineering Department appears to be primarily responsible. Under Paragraph 173 of the Office System Manual, a comparative statement of tenders was due to be laid before the Water Supply Committee within a week after they were opened. In this case, however, it was not till 26th November, 1936, *i.e.*, after 2 months and 11 days that the comparative statement was placed before the Committee.	PARA 37.—The Executive Engineer, Water Works reports :— Although the contractors at first withdrew their tender they subsequently in a letter dated 30th August, 1937, agreed to abide by the same. This letter was printed in the agenda, but it appears it was decided in the circumstances of the case to call for fresh tenders. The Department can hardly be blamed for the fact that the fresh tenders were higher than the previous one which the Committee had the option to accept. I do not think the Government Auditor is justified in questioning the wisdom of the Committee in discharging the tenders.
Laying electric cables between Mallikghat and Tallah. 38. Similarly, in the case of laying electric cables from Tallah to Mallikghat Pumping Station although the tenders were opened on 6th May, 1937 it was not till the 28th June, 1937, *i.e.*, after an interval of 1 month and 22 days that they were submitted to the Works Committee for consideration, so that when after provision of funds the Corporation accepted the tender of Mr. S. N. Paul (on 4th August, 1937) and the party was informed of this (on 7th August, 1937) the period for which it was open, *viz.*, up to 5th August, 1937, had already elapsed. The contractor stated his inability to keep to his tendered rate unless cables of a different make were accepted. This was refused and fresh tenders had to be called for. The contractor's fresh tender, which was the lowest and which was accepted, was for the same make as had been rejected before but exceeded the last offer by Rs. 980. There could have been no occasion for this loss if the department concerned did not make delay in the submission of the original tenders to the Works Committee.	PARA 38.—The Chief Engineer has forwarded the following note of the Electrical Engineer :— Tenders in this connection were opened on 6th May, 1937 and were received by me on the 8th or 9th May, 1937. Report was submitted on 19th May, 1937 for approval of the Chief Engineer; an item was submitted on 29th May, 1937 and item was sent up by the Chief Engineer on 1st June, 1937. So the matter was not held up in this department for more than 20 days. The Audit Report therefore is wrong in saying that there was delay in the department in submitting the original tender to the Works Committee. A reference to file shows that the item was first on the agenda on 24th June, 1937, with all reports and sanctions. All the rest of the delay, due to which order could not be placed until a day too late has been in the various Committees. It should be pointed out that this department is not responsible for intimation of acceptance nor for issuing of letters in time, when there is likelihood of delay in the final disposal of a tender, to tenderers to keep their tenders open if they can. The Secretary reports that the item was disposed of by the Works Committee on the 28th June but as a motion was tabled for reconsideration of the matter, it could not be proceeded with further. The motion was disposed of on the 15th July after which the item had to be placed before the Finance Committee and almost simultaneously (3rd August) the tenderers were asked to extend time. It is not possible usually to send intimation of acceptance on the very next day after the Corporation Meeting.

To avoid such loss tenders should promptly be disposed of with in the stipulated period *The Chief Accountant reports*—This relates to delay in considering the tender regarding construction of additional menials quarters at Tallah Pumping Station From what was stated by the Department in their previous reply and from the resolution of the Finance Committee confirmed by the Corporation on 13th September, 1939 it would be seen that in this case the Water Supply Committee decided to discharge the old tender and call for fresh tenders in expectation of getting a lower tender The department therefore cannot be held responsible Then again the point referred to in the resolution of the Corporation dated 7th July, 1937 relates to delay in forwarding the agreement to the Contractors after acceptance of their tender by the Corporation and is altogether a different matter from the delay in placing the tenders of September, 1936 before the Corporation. This point has been thoroughly dealt with in the agenda of the Water Supply Committee dated 17th September, 1937. Loss over supplying filtered water in Manicktola area 39 (a) The expenditure involved in the supply of filtered water by lorries in the Manicktola area during 1936 37 amounted to about Rs 1,12,466 of which about Rs. 22,500 was paid in 1937-38 and the balance in the previous year. The tender for the supply during 1936 37 was called for as late as October, 1936 and the decision on the tenders was reached in July, 1937, i.e., after the year was over. For supplies made from January, 1937 to March, 1937, the contractors were paid at the rates offered by them and accepted by the Corporation in July, 1937. But for supplies from April to December, 1936, involving an expenditure of about Rs. 90,000 they were paid at Rs. 1-7-0 per trip which was the rate in force for the year 1935 36 The rates offered by the contractors when tenders were called for in October, 1936 were appreciably less than Rs. 1-7-0 per trip and on the assumption that the quotations would have been more or less the same at the beginning of 1936 37, there would have been a saving of about Rs. 20,000 if tenders were called for in due time. Under Section 69 of the Act, the Corporation is required to call for tenders at least 7 days before entering into any contract involving any expenditure exceeding Rs. 1,000. The provisions of this Section were not followed The payment made at the old rate for the work done during the period from April to December, 1936 did not therefore comply with the provisions of the law.	PARA 39.—The Executive Engineer reports:— There is no justification for Auditors' assuming that "the quotations would have been more or less the same at the beginning of 1936-37" i.e., that the prices were steady for 7—8 months. On the line of argument it might as well be said that the amounts paid in 1935 36 were also too high although the payments were made on the basis of accepted tendered rate. In fact, there would be no end to such argument. Corporation dated 9th September, 1936, sanctioned extension of their contract at Rs. 1-7-0 per trip from 1st April, 1936 till the question of estimate and tender for 1936 37 for supply of filtered water by lorries at Manicktola area was settled. As regards the delay in calling for tenders, the following history of the case will explain the position.— On 9th December, 1935, the Executive Engineer, Water Works asked the Estimator to put up an estimate at once for supply of lorries in Manicktolla from 1st April, 1936 to 31st March, 1937 together with draft specification This was followed up by another note dated 8th January, 1936 requesting the Superintendent, Water Works to put up an estimate by 9th January, 1936. An item together with an estimate for Rs. 96,000 was sent up on 14th February, 1936. On 12th March, 1936, the Deputy Chief Accountant returned the item on the ground that there was a provision of only Rs 42,000 in the Budget for 1936-37 and the estimate could not be certified The question of provision of funds was placed before the Chief Executive Officer through the Chief Accountant *vide* Executive Engineer, Water Work's note dated 17th March, 1936 and on 9th April, 1936. The Chief Executive Officer ordered that the estimate was to be revised In the meantime the question of funds was referred to the Budget Special Committee, who at their meeting dated 10th March, 1936 reduced the provision to Rs 30,000 The Executive Engineer, Water Works (Mr Chakravarti) was on privilege leave from 20th April, 1936 to 31st May, 1936 and Mr P C. Gupta was officiating for him during the time On 21st May, 1936 the Offg. Executive Engineer, Water Works reported to the Chief Executive Officer that the expenditure during the months of April and May, 1936, being Rs 25,492 already, it was not possible to curtail it to any figure below Rs 96,000 as desired The matter was discussed between the Offg Executive Engineer, Water Works and the Chief Executive Officer on the 28th May and again on the 8th June, 1936, when he ordered that an item was to be placed before the Water Supply Committee at once Accordingly an item explaining the situation in full was put up again on the 13th June, 1936. The matter came up before Water Supply Committee on the 16th July, 1936 when the Committee postponed consideration of the matter for definite suggestions from the Chief Executive Officer as to how to reduce the cost under the head The matter was placed before the Water Supply Committee on the 27th August, 1936, when they recommended, amongst others, an estimate amounting to Rs 96,000 for sanction The Corporation sanctioned the estimate on the 9th September, 1936, and tenders were called for thereafter which were received on the 6th November, 1936 The tenders were sent up with my note before the Water Supply Committee dated the 10th December, 1936 who recommended tenders of 8 contractors who were to supply at a uniform rate to be fixed by the Chief Engineer The Corporation, however, on 26th January, 1937 did not accept the recommendation of the Water Supply Committee and referred back the matter. The Committee on 4th March, 1937 re-affirmed their previous resolution and the Corporation on 30th March, 1937 again referred the matter to them At last the Corporation on 7th July 1937 accepted the tenders of 8 contractors at different rates.

		Accountant General, Bengal, and Examiner of Local Accounts, Bengal's letter No. L A 2000 dated 29th November, 1939. PARA 39.—Even if the question of saving of about Rs. 20,000 from April to December, 1936 be ignored, it is evident that there would have been a saving of over Rs. 3,000 at least had the tendered rates been enforced from 7th November, 1936 (the date following the date of opening the tenders) instead of from 1st January, 1937. It is not clear why the Contractors were not informed after the opening of tenders that they would be paid at their tendered rates instead of at Re. 1-7-0 per trip up to 31st December, 1936 *The Chief Accountant reports*— This relates to alleged loss over supplying filtered water in Maniktola area. *The Executive Engineer reports* :— In reply to Item 39 (a) of the Audit Report for 1937-38, I said that the Corporation on 9th September, 1936, sanctioned extension of the contract of Rs. 1 7 0 per trip from 1st April, 1936, till the question of estimate and tender for 1936-37 was settled. The Water Supply Committee finally settled the matter on 21st December, 1936, and the Corporation on 7th July, 1937. The Department gave effect to the Committee's resolution with effect from 1st January, 1937, in anticipation of the Corporation sanction. Such being the case, I fail to see how the Department may be to blame	(13) PARA 39.—Loss over supplying filtered water in *Maniktola area.* Government are not satisfied with the explanation given by the Corporation. Evidently the Corporation suffered loss to the extent of at least Rs. 3,000 if not more in this case due to inordinate delay in accepting the orders. Steps should be taken to fix responsibility for the loss and report of the action taken should be submitted for the information of Government within three months of the receipt of this letter.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
	It would appear from the foregoing history of the case that so far as the Department is concerned there was nothing that was left undone. The whole trouble appears to have started on the wrong principle that estimates were to be prepared on the basis of Budget provision instead of Budget provision being made on the basis of estimates particularly in a job like this where the work cannot be done in parts, nor can there be any arrear left to be done in future. There can be no arrear in the work of supply of water by lorries like this.
(b) As already stated the total expenditure actually incurred for the above work during 1936-37 was about Rs. 1,12,466. The sanctioned estimate, however, provided for Rs. 96,000 only. No action appeared to have been taken by the Executive Engineer, Water Works for obtaining the sanction of the Corporation for the excess over the estimate, though about 21 months have elapsed after the close of the year 1936-37. It was irregular to incur expenditure in excess of the estimate without obtaining the previous sanction of the Corporation. Sanction should be obtained early.	PARA 39 (b).—It would appear from Corporation resolution dated 3rd February, 1937, that they sanctioned the appropriation of Rs. 38,000 from the closing balance to meet the total expenditure of Rs. 1,12,466. I do not know why over and above such a sanction, another sanction is necessary to the estimate. A revised estimate of 1936-37, has since been sanctioned by the Corporation on 31st March, 1939.
(c) Liability incurred for this work in 1937-38 also exceeded the estimate of Rs. 90,000. It was stated by the Executive Engineer, Water Works, that a revised estimate was being submitted.	PARA 39 (c).—The revised estimate of 1937-38, was sanctioned by the Corporation on 18th January, 1939.
HEALTH DEPARTMENT.	
Loss due to want of timely action.	
40. Suite No 5 of the Samavaya Mansions was taken on lease by the Corporation for 3 years from 1st March, 1933 to 29th February, 1936 at Rs 150 per month for the location of the Mosquito Control Office. The lease expired on 29th February, 1936 but the office continued in the same premises without the previous approval of the Corporation. The Budget Special Committee, however while considering the budget for 1936-37 decided on 9th March, 1936 that the office should be shifted to the Town Hall. This was confirmed by the Corporation on 19th March, 1936 The lessor was informed accordingly on 20th March, 1936, but he claimed rent for the month of April, 1936 as due notice had not been given and it was sanctioned by the Corporation on 20th July, 1937 on the opinion of the Law Officer. Thus the Corporation had to suffer a loss of Rs. 150 for want of proper action by the Health Department. They should have placed the matter before the Corporation in sufficient time before the expiry of the lease, and if they did so, it is probable that the shifting would have been ordered from 1st March, 1936 and the Corporation saved the expense of paying rent for the period for which the premises were occupied without their previous sanction.	PARA 40.—The Health Officer reports :— The question of shifting the Mosquito Controlling Office to the Town Hall was once previously raised and the matter was very carefully gone into by the Chief Executive Officer, the Estates and General Purposes Committee and then by the Corporation and it was decided by the last named body on the 5th September, 1934 that the Mosquito Controlling Officer's office should be located in Samabaya Mansions for administrative convenience. Hence the department could not reasonably anticipate that the Budget Special Committee would all of a sudden decide on 9th March, 1936, upon shifting the Mosquito Controlling Officer's office to the Town Hall from 1st April, 1936.
LAW DEPARTMENT	
Defence of Dr. J. P. Choudhury.	
41. In accordance with the orders issued by Dr. J. P. Choudhury, District Health Officer, fees for the grant of vaccination certificates were illegally realised in certain cases. In one such case, *viz.*, a fee of Re. 1 realised from Mr. H. Graham, I.C.S., District Magistrate of 24-Parganas in March, 1936, one of the vaccinators who had realised the fee alleged that he had made over the amount to Dr. Choudhury. As the amount had neither been credited to the Corporation fund nor refunded to Mr. Graham, Mr. Choudhury was prosecuted for criminal misappropriation and was acquitted on appeal as there was no proof that the money had actually been made over to him. The cost of the defence of Dr. Choudhury was met out of the Corporation funds under the orders of the Chief Executive Officer who had been given powers to sanction expenditure under Section 537 (d) of the Calcutta Municipal Act, 1923 to obtain legal assistance for securing the lawful exercise or discharge of any power or duty vesting in or imposed upon the Corporation or any municipal officer or servant. The amount involved was Rs 10,027.	PARA 41.—The Chief Law Officer reports :— I do not agree that the Section 537 has been misapplied in this case. The reply of Chief Executive Officer to the Accountant General Bengal with reference to the notice served under Section 123-B (1) of the Calcutta Municipal Act deals with the matter in details I quote the said reply below :— "With reference to the notice No. L. A. 2715 dated the 20th February, 1939, served on me under Section 123-B (1) of the Calcutta Municipal Act 1923, I have the honour to state as follows :— It appears that the Auditors have taken exception to the costs of defending Dr. J. P. Choudhury as being an item of account contrary to law on the ground that he acted illegally in authorising the levy of fees and that the case against him did not arise as a result of any lawful exercise of discharge of any power vesting in or duty imposed upon him.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
The auditors are of the opinion that the Section of the Act has been misapplied in this particular case. The case did not arise as a result of any lawful exercise or discharge of any power vesting in the officer or duty imposed upon him. Dr. Choudhury acted illegally in authorising the levying of fees and there is no authority in the Act for incurring any expenditure arising out of an illegal action of a Corporation servant. Apart from this Dr. Choudhury did not exercise the ordinary prudence of prescribing a detailed procedure for the custody of money realised and the maintenance of an account of the collections. Had he done this, there could have been no occasion for this criminal case. As Dr. Choudhury acted illegally and without ordinary care the tax-payer should not have been made to bear the cost of his defence. *Prima facie* the Chief Executive Officer who sanctioned the expenditure is liable to be surcharged. The auditors will pursue the matter further, if necessary, on receipt of his explanation as laid down in Section 123 (b) of the Calcutta Municipal Act.	In the first place I have to point out that there is no finding of the Appellate Court that in directing the levy of such fees Dr. Chowdhury acted illegally or unjustifiably. On the other hand it appears that the learned District Judge who presided over the said Court accepted his explanation that "he directed the realisation of the fees because he construed the order of the Chief Executive Officer as one which empowered him to do so". This sufficiently indicates that the learned Judge accepted the position that Dr. Chowdhury acted in the matter lawfully and in the exercise of the power vested in him as aforesaid. The circumstances in which Dr. J. P. Chowdhury authorised the levy of such fees were as follows :— On 13th March, 1936 Dr. Chowdhury (then D. H. O. IV) submitted proposal to the Chief Executive Officer suggesting that four annas should be charged for the vaccine lymph in the interest of the Corporation and one rupee should be charged for vaccination certificate fees in the interests of the District Health Officers concerned. This proposal was accepted on 14th March, 1936, by the Chief Executive Officer with the remark that fees realised should go to the Corporation funds. Thereupon Dr. Chowdhury sent a note to the Health Officer asking him to place the matter before the Public Health Committee for their sanction. He (Dr. Chowdhury) bonafide construed this order of the Chief Executive Officer, as being a permission to collect the fees suggested in anticipation of such sanction; he accordingly intimated the said order to his Assistant Sanitary Officers and asked them either to realise the fees or to take an undertaking from the parties that they would pay the fees when demanded after the sanction of the Corporation. It may be mentioned here that such action on the part of Dr. Chowdhury was justified and necessary, as by the time we obtained the approval of the Committee, the epidemic season which was then current might be over, resulting in the loss of these fees. Dr. Chowdhury apparently proceeded on the basis that Chief Executive Officer having passed orders approving of the scheme of realisation of fees for vaccination certificates, a duty was imposed upon him (Dr. Chowdhury) to see that effect was given to the same, and further that a power was vested in him to realise the fees in question. It was in the exercise of this power and/or in the discharge of this duty that he authorised realisation of the fees in question. The learned District Judge also held that there was no dishonest intention on the part of Dr. Chowdhury when he ordered realisation of the fees. The above facts and circumstances, on a fair and impartial consideration, go to show beyond any doubt that in authorising the levy of the fees, he acted bonafide in the interest of the Corporation and in lawful exercise or discharge of the power vested in or duty imposed upon him. In this case Dr. Chowdhury was in his official capacity charged with criminal misappropriation in respect of fees realised or caused to be realised by him in the circumstances set out above. The prosecution against him was one concerning or connected with the lawful exercise or discharge of a power or duty. As the charge made against him was on the face of it unfounded and malafide it was up to the Corporation, nay a duty of the Corporation to defend him in the interest of the administration, the efficient working of which demanded protection of their employees from vexations and unfounded charges made against them for action taken bonafide in the course of their official duties. The facts and circumstances of the case pre-eminently called for legal assistance at the cost of the Corporation not only in the interest of the officer concerned but in the interest of the employees of the Corporation in general. In affording legal assistance to Dr. Chowdhury in the circumstances set out above, it is submitted that Section 537 of the Act has not been misapplied as the Auditors allege or at all. The application of this Section to the present case was absolutely justified and in order. In conclusion it may be pointed out that the Chief Executive Officer did not act in the matter solely on his own authority or in the exercise of his own discretion only. Dr. Chowdhury

	having applied for legal help, he (Chief Executive Officer) referred the matter to the Services Committee with a view to ascertain their views. On 9th March, 1937 the said Committee authorised the Chief Executive Officer to afford such legal assistance as he might consider suitable as per their resolution which runs as follows :— "That the Chief Executive Officer be authorised to afford such legal assistance as he may consider suitable to Dr. J. P. Chowdhury, D. H. O. IV in connection with the case brought against him by one Sudhir Kumar Bose." It was pursuant to such orders and in exercise of the authority given by the said Committee that the Chief Executive Officer passed orders to engage Mr. A. N. Chaudhuri and Mr. G. P. Ghatak having due regard to the gravity of the charge and the position of the officer concerned. On a fair and impartial consideration of all the facts and circumstances of the case it will appear that the objection taken by the Auditors is unwarranted and unreasonable and that the items of account to which exception has been taken cannot be characterised as being contrary to law. I have accordingly the honour to request you to consider the matter in the light of the observations made above and to withdraw the notice of surcharge."
Papers not produced in Audit. 42. Rs. 146 and Rs. 60 were paid in cash vouchers No. 1013 dated April 1937 and 3326 dated May, 1937 as pleader's fees for defending Dr. Bimalananda Ukil, Medical Officer, Ultadanga Dispensary in a criminal case brought against him by one Abdul Rashid. As the relevant papers could not be produced, no audit scrutiny could be excercised to see whether the case had any connection with the lawful discharge of his official duties and whether the amount could be legitimately expended under section 537 (d) of the Act.	PARA 42.—The Health Officer reports :— The following report by the Medical Officer of the Ultadanga Dispensary Dr. B. Ukil was given on 29th November, 1938, in reply to the Government Auditor's query No. 42 of 1937-38. "While discharging my official duties one Abdul Rashid, an inhabitant of the locality where the dispensary is situated created some disturbance and actually abused me as I could not satisfy his claim to examine a patient brought by him in preference to others who had come before him and prevented me from performing my duties. He subsequently filed a false case against me in the Criminal Court and the Chief Executive Officer was pleased to order that I should be defended at Corporation cost as I was served with summons by the Sealdah Police Magistrate. On the order of the Chief Executive Officer Babu Ambuj Kumar Chattarjee was engaged as my lawyer. Ultimately the case was dismissed as false and I was honourably acquitted. The above are the facts of the case. As regards papers I do not understand what papers the Government Auditors want to see. Only a summons was served and the Chief Executive Officer passed his order on that paper which was possibly handed over to my pleader. There are no papers in this connection with me." I have nothing further to add. The above report of the Medical Officer may be placed before the proper authorities. In the meantime I am asking the Chief Law Officer to obtain a certified copy of the judgment. As soon as this is received, it will be sent to you. There are no papers in this connection in my office.
SECTION V—MISCELLANEOUS. SURVEY DEPARTMENT. *Non-maintenance of an important Register in the Survey Department.* 43. The Register in Form No. Sur. 12 to show acquisition and use of lands, as required under paragraph 515 of the Engineering Manual, is not maintained by the Chief Valuer and Surveyor's Department. In the absence of the Register, audit is not in a position to scrutinise the disposal of lands acquired by the Corporation or to bring to notice any surplus lands which may be lying undisposed of for a long time and from which the Corporation is not getting any return. The Register should be introduced immediately. The matter was brought to the notice of the Corporation through the auditors' *ad-interim* report dated 7th July, 1938. The action taken thereon by them has not yet been communicated to the auditors.	PARA 43.—The Chief Accountant reports :— The Corporation at their meeting dated 8th February, 1939 resolved as follows :— "That the Auditors be informed that a Register in Form No. Sur. 12 has been started and is being maintained since October, 1938." Hosainshah Park—No authority from Corporation.

44 About 9 bighas of land were acquired in 1920 at Mominpur in connection with the construction of a road and the estimate provided for the sale of surplus lands not actually thrown into the roadway. The surplus lands were accordingly divided into plots for sale and the allotment plan was duly sanctioned by the Corporation in 1934-35. It appears, however, that plots No. 17 to 21 measuring about 1 bigha and 5 kottahs out of these surplus lands have been converted into a park without the sanction of the Corporation and expenditure incurred irregularly for its up keep

Replies of the Departmental replies and Chief Accountant's remarks.

PARA 44.—The District Engineer, District No. IV reports :—

It appears that the District Committee on 14th February, 1931 accorded administrative sanction to Engineer's estimate amounting to Rs 989 for erecting pale fencing round the Corporation land at the junction of Mominpore Lane and Mominpore Road in Ward 24. On 23rd June, 1931, the District Committee sanctioned executively the Engineer's estimate, amounting to Rs. 810-1-9 (including Rs. 38-9-0 for contingencies), based on the lowest tender, for erecting pale fencing round the Corporation land at the junction of Mominpore Lane and Mominpore Road Extension. On 9th July, 1932 the District Committee sanctioned the revised estimate of Rs. 993 based on the actual works done for erecting pale fencing round the Corporation land at the junction of Mominpore Road and Mominpore Lane.

From the above it will be seen that the Corporation surplus land was fenced off in 1931 with the sanction of the District Committee and since then it has been used as a park. I tried to find out when this park had been constructed or when the name had been given, but no files are traceable in this office. Chief Valuer and Surveyor was also referred to but he could not give any information on the subject. It appears that this surplus land has all along been treated, since 1931, as a Corporation park although the sanction of the Corporation to this is not traceable. However, to meet the objection of the Government Auditors, I suggest that the matter be placed before the Corporation through Estates and General Purposes Standing Committee for formal sanction.

The Chief Accountant reports :—

The Chief Law Officer of the Corporation expressed his views in the matter as follows :—

"The power under Section 477 (iii) *is in addition to the* power under Section 305 In the present case, the expenditure being below Rs. 5,000 sanction under Section 477 (iii) is sufficient."

The Chief Accountant further reports on 28th July, 1939 :—

The orders of the Chief Executive Officer have been communicated to District Engineer IV for placing the matter before the Estates and General Purposes Standing Committee.

Loss in manufacture of screens

46. Twelve cast iron screens manufactured at the Entally Workshop (*vide* Transfer Statement No. 1830 of 20th December, 1937) were found to be useless as they were not up to the specification prescribed by the indenting department. They had accordingly to be converted into scraps involving a net loss of Rs. 94-8-3 which was written off by the Chief Executive Officer. As the power to write off such losses has not been delegated to the Chief Executive Officer the formal sanction of the Corporation seems to be necessary.

PARA 46.—The Chief Accountant reports :—

The cost was adjusted by debit to Profit and Loss Account of the Workshop under orders of the Chief Executive Officer. The auditors hold that sanction of the Corporation is necessary to this write off.

In reply to query statement page 243 of 1937-38 we stated that "this is not a case of writing off a demand but of adjustment of cost incurred by the Manager, Entally Workshop."

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
	Instances of losses during the manufacture of articles are not rare. Ordinarily, when such a loss occurs, the Workshop sends a Transfer Statement debiting the loss to their Profit and Loss Account. Journal voucher numbers 5401/12, 5402/12 and 5414/12 of 1937-38 are some examples of this nature. These were passed for adjustment without the sanction of the Chief Executive Officer even. The auditors have ticked off these Journal Vouchers which shows that they have got no objection, on these accounts. Such things happened in the previous years also and the auditors never raised any objection. So far as the present case is concerned the question before the Chief Executive Officer was to decide whether the loss should be borne by the Asphaltum Department or by the Workshop. There are no reasons why the matter should go up to the Corporation.
Petty Losses. 47. Petty losses not referred to in the preceding paragraphs which were discovered in the course of audit of the accounts of the year and which on examination appeared to have been caused by negligence are summarised below, the details of each case being given in Appendix G. Police Costs—Rs. 170-0-0 *vide* Item 1 of Appendix G. Rent of a Municipal Cabin—Rs. 220-9 3 *vide* Item 2 of Appendix G. License fees for collection of rags and bones—Rs. 300-0-0 *vide* Item 3 of Appendix G. Rent of Market Stalls—Rs 318 4-0 *vide* Item 4 of Appendix G.	PARA 47—Item (1) of Annexure G. :—Police cost—Rs. 170. The City Architect reports :— The Finance Committee went into the merits of the case and recommended writing off of the demand as unrealisable at its meeting held on 7th March, 1938 and the Corporation on the 28th March, 1938 confirmed the recommendation of the Finance Committee. Item (2) of Annexure G—Rent of cabin—Rs. 220-9 3. The Collector reports :— This was a case of disputed possession. The miscellaneous bills in question being all rent bills, the department had no other alternative than to wait till the dispute regarding date of possession was settled by the Survey Department who were dealing with the same. Rent bills are not recoverable by distress warrants. Still, every effort was made to induce the party to pay and it was on the pressure given by this department that the party had deposited some money towards payment of bills. The whole circumstances were placed before the Corporation who were pleased to cancel the remaining bills. Item (3) of Annexure G—Rs. 300. License fees for collection of rags and bones. The Chief Law Officer reports :— It appears that the then Law Officer (Late Mr. B. B. Mukherjee) who all along dealt with the case discussed the matter with the Surveyor and Valuer and the party and made certain suggestions for settlement of the claim but the party ultimately did not agree to abide by them with the result that the late Mr. Mukherjee placed the matter before Chief Executive Officer and suggested a suit. It is not possible for me to say whether or not the late Law Officer discussed the matter with Chief Executive Officer as desired by him, on 28th July, 1930, or why a suit was not filed as suggested by him. The bills in question were not transferred to this Department until December 1934, by which time they became barred and the whereabouts of the party became unknown. In the circumstances it was hardly possible for this Department to take any action. Item (4) of Annexure G—Rent of Market Stalls - Rs. 318-4-0. The Chief Law Officer reports :— No action could be taken against the receivers as they had no legal liability for payment of arrear rents The amount was thus irrecoverable from the very beginning and no action taken during the 5 years could have saved it. There was thus no alternative but to get the claim cancelled. In the circumstances the Law Department cannot be said to be responsible for the loss as suggested

		Accountant General, Bengal, and Examiner of Local Accounts, Bengal's letter No. L A 2000 dated 29th November, 1939 PARA 47—Annexure G—The Departmental replies accepted by the Corporation do not show that these losses could not have been avoided. As, however, the amounts involved are petty and as the Corporation have written them off, the auditors do not propose to pursue the matter further. *The Chief Accountant reports*—No remarks.

(Sd.) E. R. SESHU IYER,
Accountant-General, Bengal.

The concluding portion of the Chief Accountant's note regarding the further remarks of the Accountant-General, Bengal and the Examiner of Local Accounts as per their letter No. LA 2000 dated the 29th November, 1939 :—

As per the "Rules regarding Audit of Accounts of the Calcutta Corporation" these rejoinders have to be published in newspapers in parallel columns with each item of the original report, the replies of the Corporation and final orders of the Government.

These Audit Rules have no provisions for including in the publication any replies of the Corporation to the audit rejoinders. Rule 6 of the said Audit Rules however, provides that when there is a difference of opinion on any point between the Corporation and the Auditor, the matter together with the explanation of the Corporation if any, shall be referred by the Auditors to the Local Government for orders. This suggests that in all cases where the Auditors do not agree with the Corporation, the further comments of the Auditors should first be sent to the Corporation for their replies, if any, and they may be then referred to Government.

The time allowed for submission of the Audit rejoinders and the further replies of the Corporation is two months only from the date of our submitting the original replies which in this case was 23rd September, 1939.

The Accountant-General of Bengal and the Examiner of Local Accounts, however ignored the provision of Rule 6 and sent the Audit rejoinders to Government direct on 29th November, 1939, *i.e.*, after the expiry of the said period of two months. A copy of their letter to Government has been sent to us.

Similar further remarks on the Audit Reports for 1933-34 to 1936-37 were also sent by the Joint Auditors direct to Government and only copies of their letters to Government were sent to us.

In connection with the further remarks on the Audit Report for 1933-34, the Corporation, at their meeting on 8th June, 1938, resolved as follows :—

"That the attention of Government be drawn to the fact that Rule 6 of the rules regarding audit of accounts to the Calcutta Corporation has not been complied with by the auditors inasmuch as before making a reference to Local Government under this rule they have not given the Corporation an opportunity to offer further explanation, if any, *on the points on which there was a difference of opinion*."

We should communicate to Government our views on the further remarks of the Audit Report in question now before Government passes final orders for publication of the same as we did in the case of the rejoinders to the reports for 1933-34 to 1936-37.

ANNEXURE G.

Showing particulars of petty loss.

(*Vide* paragraph 47 of the report).

CITY ARCHITECT'S DEPARTMENT.

1. A miscellaneous bill (No. 856) for Rs. 170 in respect of the cost of maintaining police watch from 27th December, 1929 to 7th February, 1930 to prevent unauthorised construction at Nos. 17, 19 and 21, Bhowani Dutt Lane was issued by the City Architect on 14th September, 1937. As the demand had already become time barred, the amount had to be written off. The Building Department appears to have been responsible for the loss.

COLLECTION DEPARTMENT

2. The Municipal cabin in front of the Imperial Bank was leased out on a rent of Rs. 26 a month to one Bonai Rout who was given nominal possession thereof on 22nd November, 1935. The cabin, however, was in need of repairs and it was after these had been done by the Engineering Department that the lessee got actual possession and this was from 1st February, 1936. He accordingly applied on 3rd March, 1936 for the rent to run from 1st February, 1936 The petition was granted but not till eleven months had elapsed in the process. In the meantime, the Collector suspended action for realising the rents with the result that these continued to accumulate. Allowing for 3 months' rent deposited on 23rd May, 1936, the arrears amounted to 9 months' rent in January, 1937 when the petition was finally disposed of. Another 5½ months' rent accumulated before it was discovered that the party had no assets to make realisation possible and he was asked to vacate. Out of an accumulation of Rs. 376-9-3 a sum of Rs. 156 was adjusted against the security deposit and the balance *viz.*, Rs. 220-9-3 cancelled by the Corporation on 13th July, 1938. The loss could have been avoided if the Collection Department did not suspend action for realisation pending orders on the party's petition.

3. A sum of Rs. 300 due from Sk. Nizam Uddin & Ors. for the license of collecting rags and bones in Cossipore area for the period from December, 1928 to February, 1930 was cancelled by the Corporation on the 6th July, 1938, as having been time-barred long ago.

On 25th July, 1930 the Law Officer informed the Chief Executive Officer that the arrears could not be realised except by a suit and that if a suit was to be filed, it should be done at once. On 28th July, 1930 the Chief Executive Officer desired the Law Officer to discuss the matter with him. This did not appear to have been done. Neither was any suit filed nor any other action taken. In October, 1932 the Collection Department in which the bills were outstanding obtained the file from the Law Department and the fresh enquiries which they started showed that the debtors had meanwhile disappeared. The bills, too, in the meantime became time-barred.

LAW DEPARTMENT.

4. A sum of Rs. 313 being rents and additional rents as detailed in the margin, was outstanding from the lessees of stalls Nos. A—45 and A—47 of the Sir Stuart Hogg Market on the 1st October, 1930, when Messrs. Abinash Chandra Dutt and Basanta Kumar Dutt having obtained a decree were appointed Receivers by the High Court, and took possession of the goods in the stalls. They vacated stall A—45 with effect from 6th October, 1930 and A—47 with effect from 21st December, 1930, when the outstanding rent and additional rent of these two stalls amounted to Rs. 318/4. As the Market Superintendent did not find it possible to make the collection, the case was transferred to the Law Department on the 5th May, 1931. The Law Department issued a notice of demand on the Receivers on the 18th May, 1931, but thereafter took no action for more than 5 years. The amount had become time-barred in the meantime and had to be written off as irrecoverable (Corporation resolution dated 21st January, 1938) The Law Department seems to be responsible for the loss, on account of their failure to take action for more than 5 years.

Extract from the Minutes of the Proceedings of the Finance Standing Committee dated 11th July, 1941.

29. PARA 39 OF THE AUDIT REPORT FOR 1937-38.—The Committee were asked to consider the observations of Government on para 39 of the Audit Report for the year 1937-38—Loss over supplying filtered water in Manicktolla area.

The Original Audit Report for the year 1937-38 with the departmenal replies was considered by the Finance Committee at their meeting held on 28th and 29th August, 1939. The recommendations of the Committee were duly confirmed by the Corporation on 13th September, 1939.

The Finance Committee at their meetings held on 16th, 30th July and 8th August, 1940 considered the further remarks of the Joint Auditors on the replies of the Corporation to the Audit Report for the year 1937-38 together with the departmental replies thereon and on their recommendation, the Corporation on 21st August, 1940 accepted the departmental replies regarding this para. A copy of the resolution together with the replies was accordingly forwarded to Government who now puts the following objection :—

"Government are not satisfied with the explanation given by the Corporation. Evidently, the Corporation suffered loss to the extent of at least Rs. 3,000 if not more in this case due to inordinate delay in accepting the orders. Steps should be taken to fix responsibility for the loss and report of the action taken should be submitted for the information of Government within 3 months from the receipt of this letter."

The above is an extract from the final orders of Government on the Audit Report for the year 1937-38 as per their letter No. 671-M, dated 23rd April, 1941. The letter was received by Calcutta Corporation on 24th April, 1941. The replies in this case are, therefore, due for submission to Government not *later than 24th July*, 1941. The matter was placed before the Corporation through the Finance Committee for consideration and necessary orders under orders of the Chief Executive Officer.

The final orders and observations of Government on other paragraphs of this Audit Report for 1938-39 with the remarks will be submitted to the Committee separately.

(*The original objections raised by the Auditors in para* 39 *of the Audit Report,* 1937-38 *together with the departmental replies attached.*)

In reply to the Chairman, the Chief Accountant said that the position was this: There was delay in finally disposing of tenders for the supply of filtered water by lorries in Manicktola area during 1936-37, and the contention of the Government Auditors was that because of that delay the Corporation had to pay a higher rate resulting in a loss to the Corporation, for which the Government now say that somebody must be held responsible. The Executive Engineer, Water Works, has explained the position very clearly in his report. He has pointed out that the Corporation on 9th September, 1936 sanctioned the extension of the contract from 1st April, 1936 till the question of estimate and tender for 1936-37 was settled. The Water Supply Committee considered the new tenders and made their recommendation on 21st December, 1936 and on the 23rd December, the department issued intimations to the contractors giving effect to the resolution from the 1st January, 1937 in anticipation of Corporation sanction. Such being the case, he failed to see how the department could be blamed.

Mr. Burns said that this matter came up before the last Finance Committee and although he did not exactly remember the details, his impression was that the Finance Committee were satisfied that the Corporation were not remiss.

The Chairman: The Auditors said that the provisions of Section 69 of the Act have not been complied with in this case. Therefore, if there is any dereliction of duty, it lies with the agency which is responsible for not complying with Section 69 of the Act.

The Assistant Secretary: In this case there was no fresh contract from 1st April; the old contracts were continued by the Corporation by their resolution dated 9th September pending disposal of new tenders.

Mr. T. C. Roy: Is there any question of infringement of Section 69?

The Assistant Secretary: It will be seen from the extracts that in their further remarks, the Auditors have abandoned that point; in their first report, they estimated the loss to be in the neighbourhood of Rs. 20,000, but in their further remarks on the Corporation's replies, the loss has been estimated to be about Rs. 3,000.

The Chief Accountant: The Executive Engineer, Water Works has explained that the Corporation accepted the new rates on 7th July, 1937 while the department enforced the new rates from 1st January, 1937 *i.e.*, immediately after the Water Supply Committee considered the new tenders, where then is the blame? On the contrary, the department should be thanked.

The Chairman: The Auditors say, "It is not clear why, the contractors were not informed immediately after the opening of tenders that they would be paid at their tendered rates instead of at Rs. 1-7-0 per trip.

Mr. Dalal: That is no business of theirs.

The Chairman: What Government now say is that they are not satisfied with the explanation given by the Corporation. The Government say "Evidently, the Corporation suffered loss to the extent of at least Rs. 3,000, if not more, etc." It is not evident, to us. They are proceeding upon a hypothesis which is not correct.

The Chief Accountant: The Auditors want to encroach upon the rights of the Corporation and the Committee. What they say is that when the new tenders offering lower rates by the contractors were opened, the Corporation should have insisted upon paying the contractors on the basis of the new rates instead of the old rates, from the date of opening of the tenders.

Mr. Burns: Was it not stated in the resolution as to the period for which the new rates would be given effect to?

The Assistant Secretary: The period of contract specified on the tender form was "from 1st April, 1936 or any subsequent date," meaning thereby the date of acceptance by the proper authority. The Water Supply Committee's resolution was passed on 21st December, 1936, but the Corporation did not finally accept the recommendation till July, when the contract had ceased.

Mr. T. C. Roy: When did the old contract expire?

The Assistant Secretary: On 31st March, 1936.

Mr. N. N. Dalal: The practice is that an item is sent up to the Committee a few months before the expiry of the contract and I want to know why the matter came up in September.

The Chief Accountant said that an item with estimates was sent up for the Committee on 14th February, 1936, but owing to reasons, stated in the Departmental reply to the Auditor's remarks, tenders were delayed.

The Assistant Secretary: The question of delay which you are now discussing has been dropped by the Auditors. In their further remarks the only contention they make is that the lower rate should have been enforced by the executive from 7th November, 1936, instead of from 1st January, 1937.

Mr. N. N. Dalal: When was the tender opened?

The Assistant Secretary: 6th November, 1936.

The Chairman: As a matter of fact, the Government Auditors have shifted their ground First of all they said that there was inordinate delay to which we gave a reply. Now they say that the real default was that the new rate was not enforced from the date of opening of tenders.

The Special Officer: What the Executive Engineer, Water Works, says is that he went out of his way and induced the contractor to accept the lower rate from 1st January, 1937 without waiting for the final decision of the Corporation, which he need not have done. What the Auditors say in effect is this. "If you could induce them to accept the lower rate from 1st January, 1937 why could you not go back a few months more?"

The Chief Accountant: The executive did their best in the circumstances, they cannot be called upon to enforce tendered rates until the tenders had been scrutinised and accepted by the proper authority.

The Chairman: Should we not point out to the Government that they are not correct when they say that "evidently, the Corporation suffered loss to the extent of at least Rs. 3,000, if not more, in this case due to inordinate delay in accepting the orders " The Government have made the observations on the basis of the Auditors' remarks and have taken it for granted that the tendered rates can be made effective when the tenders are opened. But this is quite incorrect.

The Committee agreed.

After some further discussion, it was

Resolved—

That this Committee recommends that Government be informed that the Corporation having gone into the matter very fully, are unable to agree with the Government that the Corporation had suffered any avoidable loss and therefore they do not consider that any question of fixing responsibility arises in this case.

The delay in accepting fresh tenders which was raised by the Auditors in the first instance was explained by the Corporation in their first reply, to the satisfaction of the Auditors. In their further remarks the Auditors stated that there would have been a saving of Rs. 3,000 if the lower tendered rates had been enforced from 7th November, 1936, instead of from 1st January, 1937. In reply to this remark, on which obviously the observations of Government are based, the Corporation would point out that rates quoted in tenders do not become operative directly tenders are opened but the same must be accepted by the proper authority before they can be enforced by the executive. Therefore, there is no power to make the new rates effective as from the date the tenders are opened In this case the tenders were for contracts involving an expenditure exceeding Rs. 10,000 and therefore the final power of acceptance lay with the Corporation on the recommendation of the Water Supply Committee. It will appear however that in this case, the Executive went out of their way and gave effect to these rates as soon after the selection of contractors by the Water Supply Committee as was humanly possible and took upon themselves the risk of rejection by the Corporation of the recommendations of the Committee. The appropriate Committee made its recommendations on 21st December, 1936, late in the evening and letters were issued by the department concerned to the contractors on the 23rd December, 1936 in anticipation of the sanction of the Corporation Obviously action could not have been taken more promptly than was done in this case.

The above recommendation of the Finance Standing Committee was confirmed by the Corporation on 23rd July, 1941. The resolution of the Corporation was communicated to Government in Chief Executive Officer's letter No. S/1730 dated 25th July, 1941.

3. FINAL ORDERS OF GOVERNMENT ON THE AUDIT REPORT FOR 1937-38.—The Committee were asked to consider the final orders of Government on the Audit Report for the year 1937-38.

Letter No. 671-M, dated 23rd April, 1941, from the Secretary to the Government of Bengal:—

[The contents of the letter have been shown under column "Final orders of Government of this Audit Report."

Chief Accountant's report regarding Final Orders of Government on the Audit Report of the Accounts of the Corporation of Calcutta for the year 1937-38.

Kindly see the final orders of Government on the accounts of the Corporation of Calcutta for the year 1937-38 as per their letter No. 671M dated 23rd April, 1941 below.

In para 3 of his letter, the Secretary, Public Health and Local Self Government Department, Municipal Branch, requests that the Audit Report with relevant matters may now be published as required by rule 7 of the rules regarding the audit of the accounts of Calcutta Corporation issued under Government Notification No. 2986-M dated 10th May, 1935 as subsequently amended. This work has already been taken up by my department and the Report will be sent to the Press as soon as they finish the reports for previous years pending with them.

The Audit Rules do not provide for inclusion in the publication of any further replies or remarks subsequent to the passing of final orders by Government. The orders and observations of Government are however of a nature deserving the attention of the Corporation. Government have also called for further replies of the Corporation on some paragraphs of this Audit Report. The letter may therefore, be placed before the Corporation through the Finance Committee to which your orders are necessary.

The paragraphs of the Audit Report referred to in the Government letter are dealt with *seriatim* below.

Paragraph 7—Cash in hand with the Treasurer—

While considering the final orders of Government on para 8(b) of the Audit Report for 1936-37 as per their letter No. 48 T. M. dated 25th May, 1940 the Corporation on 28th March, 1941 resolved as follows:—

That the Corporation maintain that the procedure they have been following for decades is the correct one as will be found from the Chief Accountant's note explaining in detail how the collections on the 31st March are dealt with; it would appear that the whole issue has been clouded by the term "morning collections" and it has been assumed by the Auditors that this money is collected during the morning of the 1st April, which is not the real fact. The collections are actually made by the officers of the Corporation late in the evening of the 31st March, too late to be deposited and accounted for in the Treasury along with the collections of the 30th and the earlier part of the 31st. Similar late collections made on any other day are deposited and accounted for in the Treasury a day later as it is not considered necessary to make a special treatment of them except for the purpose of closing periodical accounts.

The annual accounts would not give a realistic picture of the actual state of affairs of the Corporation if an integral part of the *de facto* collections made in one year, is credited to the following year's account, particularly when there is not the slightest difficulty in crediting it to the proper year's account. The Corporation regret that they cannot accept the Auditor's view and request the Government to vacate their orders dated 27th April, 1940.

The matter has been further dealt with in our reply to para 10 of the Audit Report for the year 1939-40.

Paragraph 10 (b)—Advances remaining unadjusted—

The outstanding advances for 1920-21 have since been squared up The oldest item now outstanding relates to the year 1924-25.

Some outstanding items have since been adjusted on receipt of the departmental reports. The modified list of outstandings and the departmental reports received are under scrutiny now for submitting to the Finance Committee.

In connection with the final orders of Government on the Audit Report for 1936-37, the Corporation resolved on 28th March, 1941 as follows:—

"That the Departments concerned should strictly adhere to the directions given by the Corporation on 8th June, 1938 for adjustment of advances within 5 years from the date of the advances in the ordinary course."

Para 14—"*Register of Cash received*" *not available.*

"Register of Cash" maintained in the Accounts Department for checking the collection of revenues other than consolidated rate and license fees, have been classified in the Office System Manual, as "C" class records and as such those are preserved for 3 years and are destroyed after audit of the accounts relating to the year of the last entry made in the same. Any claim for refund of money deposited during the period and traceable in the said register is scrutinised in the ordinary way. But there are sometimes very rare occasions in which a claim for refund is entertained even after the destruction of the Cash-register and that is done only when there are found to exist other reasons to prove that the money was actually deposited and that the refund is otherwise due, such as production of cash receipts by the claimant, submission of proper accounts and the relative files by the departments concerned, an assurance by the departmental head to the effect that the refund has not been previously granted on the same account and so on. The Government order is meant to prohibit any refund of the nature. If the limitation rule is strictly followed in future a general notification to that effect will be of great help to the ratepayers. It is at the same time a necessity for the guidance of the different departments of the Corporation.

Refunds are generally allowed on the strength of the certificate given after reference to two books *viz.* (1) *Cash Book* showing the total collection of the day allocated under different budget heads and (2) *Register of Cash* showing individual item of receipts. The former is a permanent record. and the latter is a "C"-class one. The order of the Government relates to the *Register of Cash.*

Paragraph 15—*Outstanding Consolidated Rates*

The Special Officer reports on 11th July, 1941:—

The following figures show the position of the amount outstanding in the Law Department from year to year:—

	Rs.
Balance outstanding on 31st March, 1938 (Bills and Decrees.)	19,46,952
Amount transferred in 1938-39	4,38,365
Total ...	23,85,317
Collection in 1938-39	2,11,280
Remission, Cancellation, etc. in 1938-39 ...	17,720
Balance outstanding on 31st March, 1939 ...	21,56,317
Amount transferred in 1939-40	5,93,211
Total ...	27,49,528
Collection in 1939-40	2,61,769
Remission, Cancellation, etc. in 1939-40 ...	31,622
Balance outstanding on 31st March, 1940 ...	24,56,137
Amount transferred in 1940-41 (approximately)	5,20,000
Total ...	29,76,137
Collection (approximately) in 1940-41 ...	3,48,000
Remission, Cancellation, etc. (approximately) in 1940-41 ...	19,704
Balance outstanding on 31st March, 1941 (approximately) ...	26,08,433

The outstandings have increased inspite of a steady increase in Collection. This is due to the heavy transfers from the Collection Department. To reduce the outstandings the collection must overtake the annual transfer. This can only be achieved by filing more and more suits every year.

Suits are now being filed in larger numbers than before as the following figures will show:—

Number of suits filed in			1937-38—137.
,,	,,	,,	1938-39—125.
,,	,,	,,	1939-40—197.
,,	,,	,,	1940-41—371.

It is to be borne in mind that up to the middle of 1939-40, when the Specal Officer was appointed (August, 1939) there were 5 Law Assistants for this work. From the second half of that year 2 temporary Law Assistants have been added.

Each Law Assistant is now required to file 10 suits a month. As there are 7 Law Assistants (one of whom cannot give his full time to this work), the number of suits per month is expected to be 65 which would give say 800 suits to be filed departmentally per year.

Besides the departmental output, a number of outside Lawyers (Solicitors for the High Court and Pleaders for Alipore and Sealdah Courts) have been engaged for filing suits. They have just made a beginning and it is hoped that when their services begin to bear fruit the accumulations will be cleared. The number of new files transferred by the Collector in 1939-40 and 1940 41 was about 750 each year.

Paragraph 17.—*Reduction of valuation under Section* 146 *of the C. M. Act.*

The further remarks of Joint Auditors on the replies of the Corporation to this para 17 of the Audit Report for 1937-38 as per their letter No. LA 2000 dated 29th November 1939 were considered by the Corporation on 21st August 1940 when they resolved as follows:—

"The Committee note with regret that the Legal Remembrancer has thought fit to use certain unhappy expression such as "He has a right to err." They do not agree with him in the opinion that the Auditors can question the efficiency of any officer of the Corporation. They can only draw the attention of the Corporation to an irregularity where such irregularity has actually occurred. They also note that *the Auditor does not state whether the Legal Remembrancer has expressed any opinion on the point at issue, viz., whether the Chief Executive Officer is required to assign the reason for reduction.*

The further remarks of the Joint Auditors referred to above are quoted below for ready reference.

Auditors' remarks.	*Chief Accountant's report.*
Para 17.—The Chief Executive Officer in his letter No. S/658 dated 15th May, 1939 stated as follows. "The power conferred under this section (Section 146 of the Calcutta Municipal Act) is entirely discretionary and the Chief Executive Officer is not required to place on record the reasons or grounds for any amendment made by him in exercise of such powers". The auditors however do not agree with this view. The Legal Remembrancer opined as follows on 13th June, 1936 "Section 146 (b) is wide * * * * Legally the Officer is not limited as to the deductions he makes. The power of decision in these matters is given to the officer and he has a right to err so long as he is left with the power. If he errs too much another officer can be given the job. The auditors can not assume his functions but they are of course perfectly entitled to	PARA 17.—This relates to stating reasons by C. E. O. for reduction of valuation under Section 146 of the Act. This question does not arise in view of the opinion given by the Legal Remembrancer that legally the officer is not limited as to the reductions he makes.

Auditors' remarks.

point out to the Corporation the inefficiency of the officer to whom this work has been entrusted." So unless the grounds for reduction and the details showing how the reduced valuation has been arrived at under section 146 are recorded or furnished to the auditors for scrutiny, it would not be possible for them to see whether the officer vested with the powers under section 146 of the Calcutta Municipal Act have been erring too much and are inefficient. It may therefore kindly be decided by Government whether the officers vested with the powers under section 146(b) should not furnish reasons for reductions and the details as to how the reduced valuations have been arrived at.

Chief Accountant's Report.

In connection with paras 37 and 38 of the Audit Report for 1934-35 which relate to stating reasons for acceptance of other than the lowest tenders, Government observed in their final orders as follows :—

"In connection with these paras, a question has been raised as to the proper function of the auditors under Section 122 (a) of the Calcutta Municipal Act. The Auditors have held that in the cases mentioned in these paras, there was "a material impropriety" in the expenditure within the meaning of the aforesaid section, *while the Corporation has maintained that the auditors have no power to challenge the statutory rights of the Corporation in regard to the acceptance of tenders.*"

As the matter is of considerable importance, Government have taken legal opinion and are advised that Section 69 (4) of the Calcutta Municipal Act gives full power to the Corporation to reject the lowest or lower tenders and that the rejection of such tenders is not, therefore, illegal and that it is not also necessarily improper in all cases. Government are, however, advised that under Section 122 (a), it is the duty of the auditors, to point out, not only illegalities but also any material impropriety or irregularity in the expenditure and that, if the auditors consider that the rejection of the lowest or lower tenders is improper and unjustified, they are not only entitled to, but are bound to point it out.

It appears that the Corporation has also objected to the direction given by Government in para 2 (17) of their letter No. 186-M dated the 19th January, 1938, for placing on record the reasons for rejecting the lowest or lower tenders on the ground that this is not enjoined by the Act and that it would not always be feasible to do so. Government are, however, of opinion that the rejection of the lowest or lower tenders may often raise a question as to the propriety of such rejection and that the reasons for the rejection should therefore be placed on record as far as possible."

Corporation on 7th January, 1941, confirmed the following recommendation of the Finance Committee.

"The Committee are of opinion that the attitude taken up by the Corporation in this matter is correct and should be adhered to."

Paragraph 20—Want of proper action leading to accumulation of arrears.

The Collector reports on 7th May, 1941 :—

The Government has appreciated the difference between the "List of persons" and the "list of properties." The present order seems to come in line with our existing practice.

Paragraph 22—Sanction to the rate of rents for spaces in the Museum.

With regard to the original remarks of the Auditors as per paragraph 22 of the Audit Report, the Corporation resolved on 13th September, 1939, as follows:—

"That the attention of the Estates and General Purposes Committee be drawn to the remarks of the Auditors and they be requested to expedite the matter."

On the recommendation of the Estates and General Purposes Committee dated 6th October, 1939, the Corporation on 23rd November, 1939, resolved as follows:—

That the following schedule of rates for exhibits in the Commercial Museum, as recommended by the Advisory Board, be accepted:

(i) That the rate for each 75 watt lamp for special illumination of exhibits in show-cases be fixed at Re. 1 per month, the lamps and fittings of which are to be supplied by the Corporation

(ii) That the following schedule of rates as suggested by the Department, be approved:—

(a) Showcase shelf- Re. 1-8 to Rs. 2-8 per month according to position.

(b) Kiosks—Rs. 10 to Rs. 12 per month according to position.

(c) One Almirah -Rs. 7 per month.

(d) Special Glass Almirah—Rs. 8 to Rs. 10 per month according to position.

(e) Special show case Rs. 5 per month.

(f) Special square Show-cases—Rs. 10 per month.

(iii) That the rates for special position be fixed by the Chief Executive Officer for the first year and that the matter be placed before the Corporation through the Advisory Board for the rates for subsequent years.

(iv) That the Chief Executive Officer be authorised to grant (a) free spaces to institutions promoting Technical and Industrial education (b) concessions not exceeding 25 per cent. on the fixed rates to infant and struggling industries, it being understood that such free spaces and concessions should be restricted to ordinary spaces and that the area of such free and concession rate spaces should not, in any case, exceed 20 per cent. of the total available space in Museum.

(v) That the forms for bills etc., as drafted by the Officer-in Charge, be accepted provided they are approved by the Chief Accountant and the Chief Law Officer.

Paragraphs 23 and 25—Want of Demand Registers in respect of License Fees for unauthorised scaffolding etc., and the Corporation Slaughter house.

No remarks. The observations of Government were communicated to the Chief Engineer and to the Health Officer.

Paragraph 24—Ambulance Fees reduced.

This case is analogous to the one dealt with in paragraph 17 above.

Paragraph 26—Law Department heavy outstandings.

On 5th May, 1941, the Chief Executive Officer was pleased to pass orders for writing to Government for extension of time till 29th September, 1941, and to direct the Chief Law Officer to start the work at once. Extension of time was applied in Chief Executive Officer's letter No. S/682 dated 23rd May, 1941 Government have granted an extension up to the 15th August.

The Chief Law Officer reports on 8th July, 1941:—

The accounts for the 4/40-41 are expected to be made ready by the end of this month. As soon as they are ready, the statement wanted by the Auditors will be ready. I accordingly ask for time till the end of this month.

Paragraph 34—Personal allowance in addition to increment in substantive pay.

The original objections of the auditors and their further remarks together with the departmental replies and the resolutions of the Corporation are quoted below for ready reference.

Auditors' Report.

CITY ARCHITECT'S DEPARTMENT.

Personal allowance in addition to increment in substantive pay.

34. On the 17th February, 1937 the Corporation sanctioned a personal allowance of Rs. 15 in favour of Babu Nirmal Chandra Chowdhury, a clerk of the Building Department working at the Manicktola Office. The grounds for the grant were:—

(1) Abnormal increase of work at the Manicktolla Office, and

(2) the clerk had been drawing the maximum of his grade (Rs. 40—5—125) for several years.

Babu Nirmal Chandra Chowdhury was transferred to the Central Office on 7th September, 1937. The scale of pay was also raised by the Corporation to Rs. 40—5—150 with effect from 1st April, 1936 and Babu Nirmal Chandra Chowdhury began to draw Rs. 130 from 1st April, 1937 and is drawing Rs. 135 from 1st April, 1938. The full amount of personal allowance of Rs. 15 is also being drawn all along in addition. As the circumstances justifying the personal allowance have materially changed, the matter is brought to the notice of the Corporation for considering whether the amount thereof should not be correspondingly reduced, as his substantive pay increases. This is what is ordinarily done in the case of a Government servant.

Chief Accountant's Report.

PARA 34.—The Chief Accountant reports:—

There is nothing in the resolution of the Corporation that his personal allowance will be decreased with each increase of pay in his grade. According to the Government rule, it is also open to the sanctioning authority to direct that no such decrease be made.

The Corporation on 13th September, 1939 confirmed the following recommendation of the Finance Committee.

"That the Committee agree with the Chief Accountant that in raising the scale of pay of Babu Nirmal Chandra Chowdhury, it was not the intention of the Corporation to reduce his personal allowance. *In fact, there is nothing in the Corporation Service Rules to support the contention of the Auditors.*"

Further remarks of Joint Auditors as per their letter No. L. A. 2000 dated 29th November, 1939.

Auditors' remarks.

The Corporation appear to have missed the point at issue. The point is that the personal allowance was granted on the grounds of (1) abnormal increase of his work at the Manicktola office and (2) drawing the maximum pay of Rs. 125 for several years. As he has since been transferred from the Manicktola office to the Central Office and as the maximum pay of his grade has since been raised from Rs. 125 to Rs. 150, both the grounds on which the personal allowance had been sanctioned, now ceased to exist. It is therefore for the Corporation to reconsider whether his personal allowance would still continue and if so on what grounds

Chief Accountant's Report.

This relates to the grant of a personal allowance of Rs. 15 to Babu Nirmal Ch. Chowdhury of the Building Department.

The Corporation at their meeting dated 13th September, 1939 confirmed the following recommendation of the Finance Committee in this connection.

The recommendation of the Finance Committee has been quoted above.

Under Section 51 (2) of the Act it is for the Corporation to fix the salaries and allowances of their officers. In the circumstances the Auditors should not pursue the matter any further.

The departmental replies were accepted by the Corporation on 21st August, 1940.

Paragraph 37—Delay in considering tender causes loss.

No remarks.

Paragraph 39.—Loss over supply of Filtered Water in Manicktola Area.

A separate item in this connection was considered by the Corporation through the Finance Committee and a reply has accordingly been forwarded to Government Auditors.

Resolved—

That it be recommended that the orders and suggestions of Government as per their letter No. 671M dated 23rd April, 1941, be given effect to subject to the following directions and remarks:—

Para 7.—

That the Committee re-iterate the recommendations made by them in connection with the further remarks of the Auditors regarding Para 8 (b) of the Audit Report for 1936 37 which run as follows:

(i) *That the Collector be asked to record the late collections of the 31st March, as late collections of that day instead of as "morning collections" of the 1st of April, next.*

(ii) *That the Committee fully agree with the Chief Accountant that the method of accounting suggested by the Auditors is incorrect and that the Government be requested to vacate the orders previously passed by them for reasons clearly set forth in the Chief Accountant's note.*

(iii) *That the Committee understand that in their further remarks to para 10 of the Audit Report for 1939-40, the Auditors have expressed their views that they are not wrong judging from the strict tenets of Book-Keeping; these further remarks are coming up before the Finance Committee shortly when they will express their further views in the matter for consideration of Government.*

Para 10 (b) (i).—

(1) *That the Chief Executive Officer be requested to see that the Departments concerned strictly adhere to the directions given by the Corporation on 8th June, 1938, for adjustment of advances within 5 years from the date of advances in the ordinary course.*

(ii) *That the Chief Executive Officer be also requested to look into this matter and report why there was so much delay in adjusting advances made so far back as in 1920-21.*

Para 14.—

(i) *That the Chief Law Officer be asked to find out if any rule regarding the period of limitation of claims can be drawn up which is to be incorporated in the body of the receipt granted to party.*

That if the Chief Law Officer is of opinion that such a rule can be drawn up, the Cash Register should be maintained for the period during which claims for refund can be put in or a year or two longer.

Para 15.—

That the Committee find that the figures of outstanding consolidated rate for the year ending 31st March, 1939 was Rs. 17,78,000, while in 1940 the figure was Rs. 13,11,000. The outstanding amount on the 31st March, 1941 was Rs. 9,07,000. The figures show that the realisations have been better than during the last 3 years and the outstanding has been diminished. It is apprehended, however, that the outstanding on 31st March, 1942, will increase to Rs. 18 lakhs on account of the difficulty in realisation of rates during the latter part of 1941-42 on account of the abnormal situation created by the war in the Far East.

Para 17.—

(i) *That the Committee find that there is nothing in the Calcutta Municipal Act which enjoins on the Chief Executive Officer the duty of recording his reasons for making any reduction in valuation under section 146 of the Act.*

(ii) *That the attention of Government be drawn to the concluding portion of the resolution of the Corporation dated 21st August, 1940 in this connection which runs as follows:—*

"They also note that the Auditor does not state whether the Legal Remembrancer has expressed any opinion on the point at issue viz., whether the Chief Executive Officer is required to assign the reason for reduction".

Para 22.—

That the resolution already passed by the Corporation in the matter be communicated to Government for information.

Paras 23 and 25.—

That so far as register of Demand for Slaughter Houses is concerned, the Committee is informed by the Health Officer that such a register is being maintained now.

That as regards demand register for scaffolding fees, etc., there cannot be any such register as scaffolding fees must be paid before a scaffolding is erected. A register is, however maintained showing cases where necessary fees have not been paid beforehand and such cases are taken to court.

Para 24.—

That although the Committee find it useful to record whenever possible the reasons for reducing or amending the ambulance fees by the Health Officer, the Committee do not see any reason to deviate from present practice as the Health Officer has got absolute discretion in the matter and as there is no statutory obligation on his part to record such reasons.

Para 26.—

That the Committee understand that a statement showing in detail the steps taken to reduce the heavy outstanding in the Law Department, etc., as required by Government, in their letter dated the 11th October, 1941 has been furnished.

Para 34.—

That the attention of Government be drawn to the resolution of the Corporation dated the 13th September, 1939 in this connection purporting that in raising the scale of pay of Babu Nirmal Chandra Chowdhury, it was not the intention of the Corporation to reduce his personal allowance. Under Section 51(2) of the Act, the Corporation are the final authority to fix the salary, allowance, etc., of their officers.

Para 37.—

That the Corporation be requested to draw the attention of the different Standing Committees to this point.

Para 39.—

That it appears from the report of the Executive Engineer, Water Works, that all steps that could possibly be taken to expedite acceptance of offer had been taken. The Auditors have not stated the authority on the strength of which the Department could have compelled the contractors to accept lower rate with effect from 7th November, 1936. They were induced to accept the lower rates with effect from January, 1, 1937, evidently as a result of persuasion.

The above recommendations of the Finance Standing Committee were confirmed by the Corporation on 22nd January, 1943.

The resolutions of the Corporation were communicated to Government in Chief Executive Officer's letter No. S/3424 dated the 8th/10th March, 1943 and by the Secretary to the Chief Accountant, Collector, Chief Law Officer, Health Officer, Executive Engineer, Water Works, the Chief Executive Officer and to the meeting clerk of the Secretary's Department on 30th January, 1943.

PART I—Orders and Notifications by the Governor of Bengal, the High Court, Government Treasury, etc.

GOVERNMENT OF BENGAL

BENGAL ORDINANCE No. IV OF 1943.

The Bengal Alienation of Agricultural Land (Temporary Provisions) Ordinance, 1943.

WHEREAS the Bengal Legislature is not in session, and the Governor is satisfied that it is urgently necessary in the public interest to provide for the restoration to *raiyats* and under-*raiyats* of agricultural lands alienated by them during the year 1943 as a result of the prevailing economic distress and that immediate action should be taken for that purpose;

The Governor is pleased, in exercise of the power conferred by sub-section (*1*) of section 88 of the Government of India Act, 1935, to make and promulgate the following Ordinance, namely:— 26 Geo. V, Ch. 2.

Short title, extent and Commencement.

1. (*1*) This Ordinance may be called the Bengal Alienation of Agricultural Land (Temporary Provisions) Ordinance, 1943.

(*2*) It extends to the whole of Bengal.

(*3*) It shall come into force on the date of its publication in the *Official Gazette*.

Definitions.

2. In this Ordinance, unless there is anything repugnant in the subject or context,—

(*1*) "Collector" means the Collector of a district or any other officer appointed by the Provincial Government to discharge the functions of a Collector under this Ordinance;

(*2*) "prescribed" means prescribed by rules made under this Ordinance;

(*3*) "under-*raiyat*", "*raiyat*", "holding", "improvement" and "complete usufructuary mortgage" have the same meanings as they have in the Bengal Tenancy Act, 1885; Act VIII of 1885.

(*4*) reference to a "holding" shall be deemed to include reference to a portion of a "holding".

Effect of provisions of this Ordinance where inconsistent with other law.

3. The provisions of this Ordinance shall have effect notwithstanding anything to the contrary in any other law for the time being in force.

Procedure for effecting restoration of lands alienated by *raiyats* or under-*raiyats* in 1943.

4. If on or after the 1st January 1943 and before the 1st January 1944 a *raiyat* or under-*raiyat* has transferred any holding by sale for any consideration the amount or value of which does not exceed two hundred and fifty rupees, and if,—

(*a*) he applies in the prescribed manner to the Collector within two years from the date on which this Ordinance comes into force for the restoration of such holding to his ownership and possession; and

(*b*) he satisfies the Collector that he could not have maintained himself or his family except by making such alienation of his holding; and

(*c*) he deposits with the Collector the amount of such consideration or its value together with interest on such amount at the rate of three and one-eighth *per centum per annum* from the date of his receipt of such consideration and the amount of any compensation for improvements effected to the holding, allowed by the Collector and determined by him in the manner prescribed, less the amount of the net income determined in the manner prescribed derived from such holding by the person in possession of the holding as a result of such alienation,

the Collector shall make an order in writing restoring such holding to the ownership and possession of such *raiyat* or under-*raiyat*, as the case may be:

Provided that the Collector before making any order under this section may make such inquiry as he may consider necessary and shall give a hearing to the transferee, and to the person in possession of the holding if other than the transferee.

Effect of order for restoration of lands.

5. When the Collector makes an order under section 3 restoring any holding to the ownership and possession of a *raiyat* or under-*raiyat*, such order shall have effect on the 1st *Baisakh* next following the date of the order, and if on or before that date the person in possession of the holding has not yielded possession of the holding to such *raiyat* or under-*raiyat* the Collector may of his own motion, and shall, on the application of the *raiyat* or the under-*raiyat*, eject such person and place such *raiyat* or under-*raiyat* in possession of the holding.

Manner of payment of compensation for land restored.

6. (*1*) If the transferee of any holding in respect of which an order under section 3 has been made has not alienated the holding and is in possession thereof, the amount deposited with the Collector under clause (*c*) of that section shall be paid to the transferee on his application and in the manner prescribed.

(2) If the transferee of such holding has alienated the holding prior to the date of the order under section 3 the amount deposited with the Collector under clause (c) of that section shall be paid on the application of the person entitled to payment under this sub-section and in the manner prescribed,—

(a) in the case of alienation by means of,—

(i) a *bona fide* transfer for valuable consideration,

(ii) a *bona fide* gift by a registered instrument or *heba*,

(iii) a usufructuary mortgage,

to the person in possession of the holding;

(b) in the case of alienation by means of a *bona fide* lease for valuable consideration,

to the transferee and the person in possession of the holding in such proportion as the Collector may deem fair and equitable.

Optional conversion of transfer of land into complete usufructuary mortgage.

7. (1) Instead of applying under clause (a) of section 3 for the restoration of his holding a *raiyat* or an under-*raiyat* may at his own option apply for the conversion of the transfer by sale of his holding into a complete usufructuary mortgage and in such case if the *raiyat* or under-*raiyat* otherwise complies with the provisions of clauses (a) and (b) of section 3, the Collector shall make an order in writing converting the said transfer by sale into a complete usufructuary mortgage with—

(a) in the case of alienation by any of the means referred to in clause (a) of sub-section (2) of section 6, the person in possession of the holding as the mortgagee, and

(b) in the case of alienation by means of a *bona fide* lease for valuable consideration, the transferee as mortgagee,

as for a period of ten years or such shorter period as in the circumstances of the particular case is in the opinion of the Collector justified.

(2) When the Collector makes an order under sub-section (1) converting a transfer by sale into a complete usufructuary mortgage for a period specified by him, it shall not be necessary for the *raiyat* or the under-*raiyat*, as the case may be, to deposit the amount referred to in clause (c) of section 3 with the Collector and instead the liability for the payment of such amount shall be deemed to be extinguished on the expiry of the said period.

(3) On the expiry of the period of the mortgage, if the mortgagee does not yield possession of the mortgaged holding to the *raiyat* or the under-*raiyat*, as the case may be, the Collector may of his own motion, and shall on application of the *raiyat* or the under-*raiyat*, eject the mortgagee and place the *raiyat* or the under-*raiyat*, as the case may be, in possession of the holding.

Exclusion of jurisdiction of High Court and Civil Courts.

8. Neither the High Court nor any Civil Court shall have jurisdiction in any matter which the Collector is empowered to dispose of under this Ordinance.

Power to make rules.

9. (*1*) The Provincial Government may make rules for carrying out the purposes of this Ordinance.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may provide for all or any of the following matters, namely:—

(*a*) the manner in which a *raiyat* or under-*raiyat* is to apply to the Collector under clause (*a*) of section 4;

(*b*) the manner in which the Collector is to determine the amount of any compensation allowed under clause (*c*) of section 4;

(*c*) the manner in which the net income referred to in clause (*c*) of section 4 is to be determined; and

(*d*) the manner in which the payments referred to in section 6 are to be made.

(*3*) No suit or other proceeding shall be instituted against the Crown or against any officer of the Crown, in respect of anything done by a Court receiving a deposit under section 12 but nothing in this section shall prevent any person entitled to receive the amount of any such deposit from recovering the same amicably from a person to whom it has been paid under this section.

THURSDAY, DECEMBER 30, 1943

PART VI—Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 8th November, 1943:—

L. A. BILL No. 39 OF 1943.

A Bill further to amend the Indian Companies Act, 1913.

WHEREAS it is expedient further to amend the Indian Companies Act, 1913 (VII of 1913), for the purposes hereinafter appearing;

It is hereby enacted as follows:—

1. *Short title.*—This Act may be called the Indian Companies (Amendment) Act, 1943.

2. *Amendment of section 132, Act VII of 1913.*—In sub-section (*1*) of section 132 of the Indian Companies Act, 1913 (VII of 1913) (hereinafter referred to as the said Act), after the word "company", the following shall be inserted and shall be deemed always to have been inserted, namely:—

"in accordance with the requirements indicated by the items contained in the form marked F in the Third Schedule."

3. *Amendment of section 151, Act VII of 1913.*—In sub-section (*3*) of section 151 of the said Act, for the words "Any such table or form, when altered, shall be published in the official Gazette, and on such publication shall have effect as if enacted in this Act,", the following shall be substituted and shall be deemed always to have been substituted, namely:—

"Any alteration or addition made under sub-section (*1*) shall be published in the official Gazette, and on such publication the table or form as so altered or the added form, as the case may be, shall have effect as if enacted in this Act,".

4. *Amendment of First Schedule, Act VII of 1913.*—In Table A in the First Schedule to the said Act, in Regulation 107, after the words "the amount of gross income", the brackets and words "(diminished in the case of a banking company by the amount of any provision made to the satisfaction of the auditors for bad and doubtful debts)" shall be inserted and shall be deemed always to have been inserted.

5. *Amendment of Third Schedule, Act VII of 1913.*—In the form marked F in the Third Schedule to the said Act, the following substitutions shall be made and shall be deemed always to have been made, namely:—

(*a*) in the column headed "CAPITAL AND LIABILITIES", for the sub-head "PROVISIONS FOR BAD AND DOUBTFUL DEBTS", the following sub-head shall be substituted, namely:—

"PROVISION FOR BAD AND DOUBTFUL DEBTS (IN THE CASE OF COMPANIES OTHER THAN BANKING COMPANIES)";

(*b*) in the column headed "PROPERTY AND ASSETS", for the sub-head "BOOK DEBTS", the following sub-head shall be substituted, namely:—

"BOOK DEBTS (OTHER THAN BAD AND DOUBTFUL DEBTS OF A BANKING COMPANY FOR WHICH PROVISION HAS BEEN MADE TO THE SATISFACTION OF THE AUDITORS)".

STATEMENT OF OBJECTS AND REASONS.

Following the recognised practice of banking companies in India and the United Kingdom, such companies were, by a notification issued in 1927 under section 151 of the Indian Companies Act, 1913, relieved from the obligation to disclose in Form F in the Third Schedule to the Act, those bad and doubtful debts for which adequate provision had been made in their accounts to the satisfaction of the auditors. When the Indian Companies (Amendment) Act, 1936, was brought into force in January, 1937, a similar notification was issued on the 16th January, 1937.

2. In a recent judgment the Bombay High Court has held that the notification of the 16th January, 1937, issued under section 151 of the Indian Companies Act, 1913, is *ultra vires* in so far as it seeks to distinguish banks from other companies. The amendments to the Act sought to be made by the amending Bill are designed to meet the objections pointed out by the Bombay High Court and to legalise the long-standing practice followed by the banks.

STATEMENT OF OBJECTS AND REASONS.

Trade disputes often occur or are prolonged because an employer refuses to recognise a trade union of his workmen.

The Royal Commission on Labour considered the question of the recognition of trade unions and gave the reasons for which employers were not inclined to recognise unions. These were that the union embraced only a minority of workers; that another union was already in existence; that the union had refused to dispense with the services of a particular official; that outsiders had been included in the executive; or that the union had failed to register under the Trade Unions Act. The Commission discussed these reasons and showed why all except the last, were invalid. Deprecating obligatory recognition it pleaded for recognition

in the spirit as well as in the letter and expressed the view that "recognition may mean much, but it may mean nothing. No law can secure that genuine and full recognition which we desire to see".

The position has not much improved since the Royal Commission completed its report and it is felt that the time has now come when the compulsory recognition of trade unions must be provided for by legislation. With all its limitations recognition by statute will at least clarify the position and give organised and well conducted trade unions the status they deserve. It may achieve much more.

The present Bill provides for the compulsory recognition of trade unions under certain conditions and defines what recognition will imply. Power is taken to set up tripartite Boards of Recognition which will report on the representativeness of trade unions and their fitness to be recognised. The main conditions of recognition will be that the trade union must have been a registered union for 12 months and that it must have previously applied to the employer concerned for recognition. Unions formed on a communal or sectarian basis will not be eligible for recognition. Besides laying down the basic conditions required for recognition, the Bill allows for additional conditions to be imposed by the appropriate Government and power is given to the Central Government to issue directions to Provincial Governments in this matter.

Recognition will be granted or withdrawn by the appropriate Government after receiving a report from the Board of Recognition, where one is appointed, or, in other cases from the Registrar. Recognition will entitle a union to negotiate with the employer in respect of matters affecting the common interests of its members. The Bill also states the obligations of employers consequent on recognition.

Calcutta, the 20th December 1943.

Second Forecast of the Winter Rice Crop of Bengal, 1943-44.

(*Note.*—On an average of the five years ending 1941-42 the areas under winter rice in Bengal has represented some 20·7 per cent. of the total area under winter rice in India.)

Character of the season.—Since the submission of the First Forecast of the crop the weather conditions have been favourable.

Acreage.—According to the figures returned by the District Officers, the total area under winter rice this year is estimated to be 18,114,300 acres as compared with 16,181,300 and 16,207,100 acres in the corresponding and final forecasts of last year. The increase in area this year is due to "Grow more food" campaign and high price of paddy.

Outturn.—From the summary of the district returns it will be seen that all districts expect normal outturn of 100 per cent. Bogra and Mymensingh anticipate bumper crop.

According to the above estimates the provincial outturn works out at 101 per cent. of the normal against 73 and 68 per cent. respectively, in the corresponding and final forecasts of last year.

Accepting 101 per cent. as the provincial outturn, the gross yield of the crop, on the basis of the normal yield of 12 2/5 maunds of clean rice (husked) per acre, is estimated at 8,333,800 tons this year against 5,380,600 and 5,020,100 tons estimated respectively, in the corresponding and final forecasts of last year.

Director of Agriculture, Bengal.
